What you need to know about
the change in name

What is the reason for changing the name of the Fund?

Sun Life Asset Management Company, Inc. (SLAMCI) aims to strengthen the positioning of the **Sun Life Prosperity Money Market Fund, Inc.** ("Money Market Fund") as an entry-level product or "starter" for clients who are new to investing, hence the new name: **Sun Life Prosperity Peso Starter Fund** ("Peso Starter Fund").

The Fund will still aim to provide **potentially higher returns than traditional bank deposit products.**

It remains ideal for investors who are looking for relatively **safe and liquid investments** where they can park their money and potentially earn modest returns.

The investment policy is to invest in Peso-denominated fixed income and other related securities of the Philippine Government and commercial papers issued by corporations within the Philippines, certificate of deposits, and other Peso-denominated short-term instruments. The investment policy is to invest in fixed income and other related securities, and commercial papers issued by corporations, certificate of deposits, and other short-term instruments. The Fund may invest in domestic or foreign securities, denominated in any currency, but shall not bear any foreign exchange risk.

The Fund's Investment Objective was amended to expand its potential investment outlets and better position it for growth opportunities.

* The **Prospectus** is a material that provides a comprehensive description about an investment. Each of our mutual funds is supported by a Prospectus to help prospective investors make informed decisions. Should you need assistance on this matter, please send us an e-mail at slamc@sunlife.com or contact your Sun Life Mutual Fund Advisor.
