What does the Fund invest in?

The **Sun Life Prosperity Dollar Starter Fund** aims to generate consistent and stable returns for your US Dollar investment, potentially exceeding those of traditional bank deposits and money market funds over time. The Fund may also serve as a parking facility prior to investment in other Dollar Funds.

The Fund is suitable for investors with a **conservative risk profile** and short-term investment horizon. This is for investors who seek higher yields for their US Dollars compared to conventional bank deposits but do not want to assume a significant amount of risk. These investors may also be considering to invest in other Dollar Funds but are not yet able or ready to do so.

How has the Fund performed?

Note: Year-to-date (YTD) returns are computed as the return from the last business day of the previous year to the last business day of the reporting month.

Market Review

- Time deposit and other short-dated USD instruments continued to post near-zero returns for the month.
- Continuous central bank support has kept front-end dollar rates close to zero; local time deposits fared no better.
- The Sun Life Prosperity Dollar Starter Fund gained 0.27% year-to-date.
