1. Independent Directors. Nominees for Independent Directors were nominated by Ms. Maria Josefina A. Castillo to the Corporate Governance Committee. The nomination is in accordance with the guidelines and requirements set in the Securities and Exchange Commission (SEC) Memorandum Circular Nos. 24 (s. 2019) and SRC Rule 38. Qualifications of Directors as enumerated in said circulars are strictly followed.

2. Nomination Process. The Corporate Governance Committee, composed of Dr. Habito as Chairman and Mr. Moreno and Mr. Bate as Members, pre-screens and shortlists all candidates nominated to become a member of the Board of Directors in accordance with the qualifications and disqualifications of the regulations named above and in accordance with the procedure outlined in the Company's Manual on Corporate Governance ("Manual").

Except for committee members who are independent directors themselves, none of the members of the Corporate Governance Committee are related to the independent directors. The following Final List of Candidates to the 2026 Board of Directors has been approved:

- 2.1 Mr. Jonathan Juan D.C. Moreno
- 2.2 Ms. Maria Josefina A. Castillo
- 2.3 Mr. Gerald L. Bautista
- 2.4 Mr. Oscar S. Reyes
- 2.5 Ms. Teresita J. Herbosa
- 2.6 Mr. Cielito F. Habito

Unless marked otherwise, proxies received will be voted for the election of each of the nominees stated in the proxy form.

b. Incorporators. The incorporators of the Company are: Rizalina G. Mantaring, Benedicto C. Sison, Valerie N. Pama, Aleli Angela G. Quirino, and Oscar M. Orbos.

- c. **Significant Employees.** The Company has no significant employees.
- d. **Family Relationships.** There are no family relationships up to the fourth civil degree either by consanguinity or affinity among directors, executive officers, or persons nominated by the Company to become its directors or executive officers.
- e. **Involvement in Certain Legal Proceedings.** None of the directors or persons nominated to become directors or executive officers of the Company has been involved during the past five (5) years up to latest date in any legal proceeding which is material to an evaluation of their ability or integrity to serve as such, including, bankruptcy petition, conviction by final judgment, being subject to any order, judgment or decree, or violation of a securities or commodities law.
- f. **Certain Relationships and Related Transactions.** The Company is not involved in any transaction or series of similar transactions, proposed or otherwise, with or involving any of its subsidiaries in which a director, executive officer, or stockholder owns ten percent (10%) or more of total outstanding shares and members of their immediate family had or is to have a direct or indirect material interest during the last two (2) years.
- g. **Parent of the Company.** The Company does not have a parent company.
- h. **Disagreement of Directors and Executive Officers.** None of the directors has resigned or declined to stand for re-election to the Board of Directors since the date of the last annual meeting of security holders because of a disagreement with the Company on any matter relating the Company's operations, policies, or practices.
- i. **Compliance with Leading Practices on Corporate Governance.** All of the directors and officers of the Company have attended a seminar on corporate governance given by a SEC-accredited provider. They attend a yearly training on Corporate Governance by a reputable provider, including topics global trends and best practices.

The Board reviews and updates its Manual on Corporate Governance at least annually to ensure that it is kept abreast of global leading practices and principles on good corporate governance. On a yearly basis, the Board Directors each accomplishes a Board Effectiveness Questionnaire to evaluate themselves as individual Directors and as a Board, to determine their skills and level of compliance with the Manual, as well as recommend changes to the Manual and Committee charters. This ensures that they remain independent and effective in implementing their respective mandates and discharging their duties and responsibilities. As a result of the recommendations from the Board on how to better improve Corporate Governance, they now hold a confidential meeting to discuss strategy every year.

The Company also has robust and effective risk management policies and procedures in place to identify, mitigate and manage risks arising from the Company's operations. On a yearly basis, the Company's Compliance Officer issues a Certification which confirms that the Company substantially adopted all the provisions in the Manual of Corporate Governance, as prescribed by the SEC. Accounts of deviation, if any, are duly reported by the Compliance Officer, as necessary.

Item 6. Compensation of Directors and Executive Officers

- a. **Compensation of Executive Officers.** The executive officers of the Company do not receive any form of compensation from their appointment up to the present.
- b. **Compensation of Directors.** The Fund's executive officers and directors who are officers and / or employees of SLOCPI and / or SLAMCI do not receive any form of compensation as such from the time of their appointments up to the present.

The Fund's directors who are not officers and / or employees of SLOCPI and / or SLAMCI (i.e., "Independent Directors") receive a per diem for their attendance at regular or special meetings of the Board at the rate of PHP 20,000.00 per meeting per Independent Director (the Fund has three [3] Independent Directors). There are no other forms of compensation which such Independent Directors are entitled to receive for meetings attended, other than said per diem and a retainer's fee not to exceed PHP 15,000.00 per quarter. Payment of such retainer's fee shall be shared by

the Fund with the other Sun Life Prosperity Funds which the Independent Director also serves, provided that each Independent Director shall receive only a maximum of PHP 15,000.00 per quarter from all the Sun Life Prosperity Funds combined. There are no standard arrangements, employment contracts, termination of employment, change-in-control or other arrangements with the directors. Such remuneration to be paid for by the Fund may be adjusted in the future as may be warranted by existing fund levels and other factors.

Total per diem received by the Fund's directors for the year 2025 and 2024 are PHP 454,453 and PHP 255,451, respectively, broken down as follows:

Director's fees	2025	2024
Cesar Luis Bate	P82,571	P86,000
Teresita J. Herbosa	102,905	-
Cielito F. Habito	81,833	
Oscar F. Reyes	84,505	84,451
Valerie N. Pama	61,389	-
Aleli Angela G. Quirino	41,250	85,000
Total	P454,453	P255,451

The Board had four (4) regular quarterly meetings for 2025, including the organizational board meeting after the annual shareholders' meeting. For the four (4) meetings and with four (4) members of the Board who are external directors entitled to receive per diem, the Fund forecasts a total directors' per diem of PHP 320,000 for the year 2026. The external directors are also forecasted to receive a total of PHP 13,333 as retainer's fees for 2026.

c. **Employment Contracts and Termination of Employment and Change-in-Control Arrangements.** Other than that previously stated, there are no other standard or consulting arrangements or any compensatory plan relating to resignation / retirement by which directors and officers are to be compensated.

Item 7. Independent Public Accountants. Navarro Amper and Co./Deloitte Touche Tohmatsu served as the Company's principal accountants and external auditors since its incorporation. The designated signing partners are Mr. Joeffrey Mark P. Ferrer and Mr. Lloyd Morano. Mr. Ferrer has served in this capacity since 2025 due to Mr. Morano's resignation on May 31, 2025, while Mr. Morano has served from 2023 to 2024. The same auditors (i.e., Navarro Amper and Co./Deloitte Touche Tohmatsu) are being recommended for re-election at the scheduled annual shareholders' meeting. Representatives of the said firm are expected to be present at the upcoming annual shareholders' meeting to respond to appropriate questions and to make a statement if they so desire.

The signing partner of the audit firm shall be rotated every seven (7) years, in compliance with SRC Rule 68, (3)(iv)(ix) version 2019.

Audit and Audit-Related Fees. For 2025 and 2024, aggregate fees billed for professional services rendered by the external auditor for the audit of the Fund's annual financial statements and services normally provided by external auditors in connection with statutory and regulatory filings inclusive of VAT and out-of-pocket expenses amounted to P147,341 and P147,951, respectively. There were no other payments made to the auditor for any other service, including assurance, tax, and related services.

There are no other assurance and related services rendered by the external auditor for the last two fiscal years that are reasonably related to the performance of the audit of the Fund's financial statements.

The Company's Audit and Compliance Committee hears the client service plan and service fee proposal presented by the external auditor and recommends such for the approval of the Board of Directors if found acceptable. Said Committee is composed of the following: Atty. Herbosa, as Chairman and Dr. Habito and Mr. Bate as Members.

Item 8. Compensation Plans. No action is to be taken with respect to any plan pursuant to which cash or non-cash compensation may be paid or distributed to its directors or employees.

C. ISSUANCE AND EXCHANGE OF SECURITIES

Item 9. Authorization or Issuance of Securities Other than for Exchange. No action is to be taken with respect to the authorization or issuance of any securities otherwise than for exchange for outstanding securities of the Company.

Item 10. Modification or Exchange of Securities. No action is to be taken with respect to the modification of any class of securities of the Company, or the issuance or authorization for issuance of one class of securities of the Company in exchange for outstanding securities of another class.

Item 11. Financial and Other Information. No actions to be taken with respect to items 9 or 10. Report on Management's Discussion is attached as part of the annexes to SEC Form Definitive 20-IS.

Item 12. Mergers, Consolidations, Acquisitions and Similar Matters. No action is to be taken with respect to any transactions involving the: 1. merger or acquisition of the Company into or with any other person or any other person into or with the Company; 2. acquisition of the Company or any of its security holders of securities of another person; 3. acquisition by the Company of any other going business or of the assets thereof; 4. sale or other transfer of all or any substantial part of the assets of the Company; or 5. liquidation or dissolution of the Company.

Item 13. Acquisition or Disposition of Property. No action is to be taken with respect to the acquisition or disposition of any property.

Item 14. Restatement of Accounts. No action is to be taken with respect to the restatement of any asset, capital or surplus account of the Company.

D. OTHER MATTERS

Item 15. Action with Respect to Reports. The minutes of the meeting and related records are available for inspection by any shareholder at the office of the Company during business hours. Management recommends a vote FOR the approval of the minutes of the 2025 Stockholders' Meeting held on 14 August 2025 and Confirmation and Ratification of all Acts and Proceedings of the Board and Corporate Officers (see Annex A).

Item 16. Matters Not Required to be Submitted. No action is to be taken with respect to any matter which is not required to be submitted to a vote of security holders.

Item 17. Amendment of Charter, Bylaws, or Other Documents. No action is to be taken with respect to amendments to the Company's charter, By-Laws, or other documents.

Item 18. Other Proposed Action. Aside from the foregoing, there is no other proposed action.

Item 19. Voting Procedures. All elections and all questions, except as otherwise provided by law, shall be decided by the plurality vote of the shareholders present in person or by proxy; provided that a quorum (10% of the voting stock) is present. In case of election of directors, a majority vote (50% of the voting stock +1) is required.

For amendments in the Articles of Incorporation, a vote of 2 / 3 or 66.67% of the outstanding capital stock is required. For amendments in the By-laws, a majority vote (50% of the voting stock +1) is required.

The right to vote of investors as of the Record Date may be exercised in person, through proxy, or so when so authorized in the By-laws or when approved by the majority of the Board of Directors, through remote communication or in absentia. The Fund will accept proxy votes from its stockholders by emailing SunLifeFunds@sunlife.com until Tuesday, 06 October 2026 (at least 10days prior to the ASHM). The same shall be remotely validated by the Fund before the close of business hours on or before Sunday, 11 October 2026 (at least 5 days prior to the ASHM).

Thereafter, the Corporate Secretary will proceed to count and tabulate the votes casted via remote communication or in absentia, and those who voted through proxy.

PART II. INFORMATION REQUIRED IN A PROXY FORM

Item 1. Identification. The solicitation of proxies is made by Myleen L. Caronan for and on behalf of Ms. Maria Josefina A. Castillo, President of the Company. The proxy given will be voted by Ms. Castillo in accordance with the authority contained therein. Atty. Anna Katrina C. Kabigting-Ibero, Corporate Secretary, will vote in case of Ms. Castillo's absence.

Item 2. Instruction. Proxy forms attached to the notice of the annual shareholders' meeting appoint Ms. Castillo, President of the Company, to represent and vote all shares registered in the name of the shareholder. The following need to be indicated by the shareholder on the form: a. Date and place the form was signed; b. Shareholder's complete name; and c. Signature.

Upon receipt of a duly completed proxy form through courier, regular mail, fax, or email (sent using the shareholder's registered email address with the Company), the Company will ensure that the forms are in order and that the above requirements have been complied with. Shareholder names and signatures appearing on the proxy form that are irreconcilable against Company records will be considered void.

Should defects be noted on a duly completed proxy form with regard to items (a) and (b) above, the Company has the option to determine ways and means by which the defect could be corrected, in which case the proxy form would be considered valid. Proxy forms not meeting the above requirements would not be counted.

Item 3. Revocability of Proxy. A shareholder giving a proxy has the power to revoke it at any time prior to its exercise by voting in person at the Annual Meeting, by giving written notice to the Corporate Secretary prior to the Annual Meeting, or by giving another proxy with a later date provided it is received by the office of the Corporate Secretary not later than ten (10) days prior to the Annual Meeting.

Item 4. Persons Making the Solicitation.

a. The proxy solicitation is conducted on behalf of the Company by SLAMCI as part of its management services and is to be made through registered mail and courier service. No director of the Company has informed the Company in writing that he intends to oppose any action intended to be taken.

b. Proxies may also be solicited by SLAMCI employees assigned to Investor Services, without additional compensation, personally or by written communication, telephone or other electronic means. Myleen L. Caronan has been designated as the contact person for all inquiries related hereto at contact number (632) 8849-9888 with address at 8th Floor Sun Life Centre, 5th Avenue corner Rizal Drive, Bonifacio Global City, Taguig City 1634, and email address myleen.caronan@sunlife.com.

c. Likewise, no especially engaged employee or paid solicitors are to be involved in this exercise.

d. The Company will bear the cost of publicizing the Notice for the Annual Stockholders' Meeting in newspapers of general circulation and the hiring of an external vendor for the annual meeting marketing materials. The foregoing is estimated to cost the Company about Php 72,775.

Item 5. Interest of Certain Persons in Matters to be Acted Upon. As of 31 August 2026, records show that SLAMCI owns 99.99% of the Company's outstanding capital stock. Mr. Gerald L. Bautista, President of Sun Life Asset Management Company, Inc. ("SLAMCI"), has the power to vote of the shares or direct the voting of the shares.

SHAREHOLDERS OF RECORD ENTITLED TO NOTICE OF AND VOTE AT THE MEETING SHALL BE FURNISHED WITHOUT CHARGE, A COPY OF THE COMPANY'S ANNUAL REPORT OR SEC FORM 17-A, UPON WRITTEN REQUEST ADDRESSED TO:

MANAGEMENT REPORT

- a. Management's Discussion and Analysis (MD&A) or Plan of Operation.

CORPORATE INFORMATION

Sun Life Prosperity World Equity Index Feeder Fund Inc. (the "Company") was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on August 4, 2018 in accordance with the Corporation Code of the Philippines (Batas Pambansa Blg. 68), approved on May 1, 1980 and the Foreign Investments Act of 1991 (Republic Act No. 7042, as amended), approved on June 13, 1991. Its primary purpose is to issue its own securities and offer them for sale to the public, and generally to carry on the business of an open-end investment company in all the elements and details thereof.

On March 13, 2018, the Board of Directors approved the amendment of the corporate name of DECA Homebuilder Fund, Inc. to Sun Life Prosperity World Equity Index Feeder Fund, Inc. which was approved by SEC on March 15, 2019.

1. Plan of Operation. For the next twelve (12) months, management will endeavor to commence operation.
2. Management's Discussion and Analysis. The performance of the Company could be measured by the following indicators:
 - 2.1 Increase / Decrease in Net Assets Value Per Share (NAVPS) NAVPS is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued and outstanding and for conversion to shares, if any, as of the end of the reporting day. Any increase or decrease in NAVPS translates to a prospective capital gain or capital loss, respectively, for the Company's shareholders.
 - 2.2 Increase / Decrease in Net Assets Value per Unit (NAVPU.) NAVPU is computed by dividing net assets (total assets less total liabilities) by the total number of units issued and outstanding, as of the end of the reporting day. Any increase or decrease in NAVPU translates to a prospective capital gain or capital loss, respectively, for the Fund's unit holders.
 - 2.3 Net Investment Income. Represents the total earnings of the Company from its investment securities, less operating expenses and income tax. This gauges how efficiently the Company has utilized its resources in a given time period.
 - 2.4 Assets under Management (AUM). The assets under the Company's disposal. This measures the profitability of the Company (increase / decrease brought about by its operational income) as well as investor confidence (increase / decrease brought about by investor subscriptions / redemptions).
 - 2.5 Cash Flow. Determines whether the Company was able to achieve the optimal level of liquidity by being able to meet all its scheduled payments while at the same time maintaining the maximum level of investments and minimum level of cash.

Top 5 Key Performance Indicators

The performance of a fund is important to its investors. Oftentimes, it is used when making investment decisions. That is why Key Performance Indicators (KPI), a set of quantifiable measures, is necessary to gauge its performance in terms of meeting the Fund's investment objective while consistently following its investment policy. The following are the top 5 KPIs related to the Fund:

1. **Total Return.** The performance of a mutual fund is always expressed in terms of its total return, which is the sum of the change in a fund's net asset value (NAV), its dividends and its capital gains distributions over a given period of time, net of its expenses.
2. **Market Conditions.** A fund's true performance potential needs to be evaluated within the context of the market environment prevailing during the different periods used.

It is most relevant to investors to measure the performance of a fund within a 10-year time frame as it will most likely cover a mix of market conditions that may be translated into a more reliable long-term indicator of the fund manager's investment management abilities.

3. **Benchmarks.** Benchmarking is one of the most important aspects of a mutual fund's total return performance. A fund's performance metrics only have meaning if they are compared to appropriate "guideposts," or benchmarks.

Given the Fund's objective to invest in a target fund that tracks the MSCI All-Country World Index (ACWI), its performance is measured against 98% MSCI ACWI (PhP Terms) + 2% 30-day USD Deposit.

The following table shows how the Company performed as of June 30, 2026 and December 31, 2025:

	Total Return vs Benchmark	
	Benchmark: 98% MSCI ACWI (PhP Terms) + 2% 30-Day USD Deposit Rate	Sun Life Prosperity World Equity Index Feeder Fund, Inc.
5-Year Return	91.50%	91.10%
3-Year Return	81.26%	79.84%

YTD Return	13.44%	13.00%

*As of June 30, 2026

Total Return vs Benchmark		
	Benchmark: 98% MSCI ACWI (PHP Terms) + 2% 30-Day USD Deposit Rate	Sun Life Prosperity World Equity Index Feeder Fund, Inc.
5-Year Return	109.56%	94.67%
3-Year Return	86.10%	77.14%
1-Year Return	23.47%	21.81%
YTD Return	23.47%	21.81%

*As of December 31, 2025

The benchmark may be changed by the Company's Board of Directors from time to time.

4. Peer Comparisons. Mutual funds are also compared to their peers, or peer groups, and relevant fund categories. For example, it is common for investment research materials to compare a bond fund, like the Company, to funds similar in nature (peers or peer group). While this information is made available to the Company's investors, the same may be found in the website of the PIFA - at www.pifa.com.ph.

5. Asset Size. Open-ended mutual funds grow their asset size in two ways:
 - i. Increase in the value of the underlying assets as a result of the strong performance of equity securities and / or bonds in the fund's portfolio. When the underlying assets in a portfolio increase in value, the fund's asset size increases.
 - ii. The inflow of investors' money. This is why a fund's asset size will continue to grow even if it has a negative return.

The increase in a fund's asset size signifies solid fund management skills which, combined with favorable market conditions backed by a strong economic outlook, illustrates how effectively a fund manager has performed and the extent to which value has been added through active management.

The second indicates investor confidence in the fund manager, the Fund, or both.

Most analysts check whether the performance of a mutual fund is attributable to personnel who have since left the fund. While there is no magic number when it comes to fund manager tenure, it should provide some

investor comfort to know that with respect to the Fund, the Fund Manager and the Fund's top management have been with the Fund for at least five (5) years. Furthermore, SLOCPI having been in the business for decades combined with a record of consistent strong performance indicates a stability and resilience capable of withstanding the different stages of the business cycle.

3. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure. There have been no changes in and/or any disagreement with accountants on any accounting and financial disclosures and/or on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure.

b. Registrant's Common Equity and Related Stockholder Matters

1. Market Information. Being an investment company that is not listed with the PSE and required to follow rules specific to mutual funds, shares are distributed through its principal distributor, SLAMCI.

The Company is not listed in the PSE. It is registered as an open-end investment company and follows rules specific to mutual funds. The NAVPU, or the price at which investors may purchase or sell shares of this Company is available daily, on any business day.

The following table shows the ranges of high and low prices (NAVPU) of the Company's subscribed units for each quarter in 2026, 2025 and 2024:

	2026		2025		2024	
	High	Low	High	Low	High	Low

Q4	-	-	P2.1701	P2.0486	P1.8464	P1.7182

2. Holders. There are approximately 11,264 shareholders as of 30 June 2026.

c. Dividends. Each shareholder has a right to any dividends declared by the Board of Directors. Dividends must be declared out of surplus. Except for the condition prescribed for the declaration of stock dividends, there are no restrictions that limit the ability to pay dividends on common equity or that are likely to do so in the future. The Company has not declared cash dividends to date.

Each shareholder is entitled to vote on matters taken up in the annual shareholders' meeting. Shares held by a shareholder can be redeemed anytime at the shareholder's discretion. However, the shareholders do not enjoy pre-emptive rights.

There are no provisions in the charter or by-laws that would delay, defer or prevent a change in control of the registrant.

d. Sale of Unregistered or Exempt Securities. There has been no sale of unregistered or exempt securities nor has there been a recent issuance of securities constituting an exempt transaction.

The Sun Life Prosperity World Equity Index Feeder Fund, Inc. (the “Fund”) is a registered open-end investment company under the Investment Company Act (R.A. 2629) and the Securities Regulation Code (R.A. 8799). It was incorporated on August 4, 2017 under SEC Registration No. CS201725847.

Sun Life Asset Management Company, Inc. (“SLAMCI”), a wholly owned subsidiary of Sun Life of Canada (Philippines), Inc. (“SLOCPI”), acts as the Fund Manager and Principal Distributor. The Fund's investment objective is to invest at least 90% of its net assets in a Target Fund that tracks the performance of the MSCI All Country World Index (ACWI). The MSCI ACWI is a market-capitalization weighted stock market index designed to represent performance of the full opportunity set of large- and mid-cap shares across developed and emerging markets. It is designed to provide a broad measure of equity-market performance throughout the world. Total Revenue attributable to shareholders as of December 31, 2025 were mainly from interest income from bank deposits. Total revenue attributable to unit holders as of December 31, 2025 is composed of the following:

Trading Gains	97.22%
Interest Income from cash and cash equivalents	0.24%
Foreign exchange gains	2.57%

The Fund was incorporated on August 4, 2017 with 200,000,000 authorized shares at par value of P0.01 per share attributable to shareholders and 100,000,000,000 Offer Units at P1.00 initial offer price per unit.

The Fund started its commercial operations on July 6, 2020.

As at December 31, 2025, out of the present 200,000,000 authorized shares, the Fund has 50,000,000 issued and outstanding shares, with par value of P0.01 per share attributable to shareholders. Out of the present 100,000,000,000 Offer Units, the Fund has 3,255,034,858 subscribed units.

The Fund only offers units of participation. The Participation Units consist of One Hundred Billion (100,000,000,000) units, to be offered at current Net Asset Value per Unit.

The Fund's units are available through SLAMCI's registered representatives and eligible securities dealers that have entered into an agreement with SLAMCI to sell units.

The Fund is part of the seventeen (17) Sun Life Prosperity Funds which offer excellent value to investors as a result of SLAMCI's collective experience in fund management, strong investment philosophy, remarkable investment performance and strong organizational structure. However, it should be noted that past performance of any fund manager is no guarantee of future results. It is only an indication of their capabilities to deal with rapid changes in the economy and market conditions in the future.

The Sun Life Prosperity Funds make investing simple, accessible and affordable. The Sun Life Prosperity Funds offer a unique “family of funds” to choose from. The “family of funds” concept allows investors to modify their investment strategies over time, by letting them transfer from one fund to another, as their needs dictate, as much as ten times a year without paying documentary stamp taxes.

The financial statements have been prepared on the historical cost basis, except for financial assets carried either at fair value or at amortized cost. Fair value movements on financial assets are taken through the statement of comprehensive income. The change to marked-to-market thus provides equitable treatment between investors coming in and out of the Fund.

The Fund principally competes directly with other mutual funds in the Philippines and with the Unit Investment Trust Funds (“UITFs”) offered by commercial banks, in terms of returns and the associated risks of the return. The Fund’s market strength is its wide distribution network that provides strategic distribution of Fund units and the financial stability and reputation of its Investment Company Adviser, SLAMCI. The Fund intends to compete principally based on the reputation of SLAMCI for superior investment performance and corporate governance coupled with its distribution network and superior backroom operations.

The Fund participates in the mutual funds sector, which is a sub-sector of the financial services industry. There are no national geographical boundaries as the nature of the industry and prevailing technology make it possible for the various players to offer their services to almost any place in the country.

There are many potential advantages to investing in mutual funds and in the Offer Units. However, in deciding to invest, the investor is strongly advised to also consider the risks involved in investing in mutual funds, and in the Offer Units, as well as the risks that the Fund faces, given its underlying assets whose respective values essentially affect the Fund’s overall net asset value.

Market Risk: Market risk is the risk of possible decline in the value of the Fund due to fluctuations in prices of the fund’s assets.

Equity Price Risk: For equity investments, changes in prices of equity refer to the equity investments held by the Fund either for strategic or trading purposes. These equity investments, if any, are subject to the daily price fluctuations, as determined by market forces. Hence, prices may vary as a result of the general economic and political conditions, as well as developments in the company’s operations and overall profitability. To manage this risk, the equity investments included in the Fund’s portfolio are carefully selected based on their fundamental soundness.

Foreign Exchange Risk: The Fund is exposed to foreign exchange risk arising from fluctuations in foreign exchange rates. Significant fluctuation in the exchange rates could significantly affect the Fund’s financial position. Investors should note that the Fund is denominated in Philippine Peso and invests in a Target Fund denominated in US Dollars. The foreign currency position of the Fund (i.e. PHP vs USD) will not be hedged. Thus, investors are fully exposed to fluctuations in the USD/PHP exchange rate.

Liquidity Risk: The Fund is usually able to service redemptions of investors within seven (7) banking days after receiving the notice of redemption by paying out redemptions from available cash or cash equivalents. When redemptions exceed these liquid holdings, the Funds will have to sell less-liquid assets, and during periods of extreme market volatility, the Funds may not be able to find a buyer for such assets. As such, the Funds may not be able to generate sufficient cash from its sale of assets to meet the redemptions within the normal seven (7) banking day period. To mitigate this risk, the Fund maintains adequate highly liquid assets in the form of cash, cash equivalents and near cash assets in its portfolio.

Large Transaction Risk: If an investor in a Fund makes a large transaction, the Fund’s cash flow may be affected. For example, if an investor redeems a large number of units of a Fund, that Fund may be forced to sell securities at unfavorable prices to pay for the proceeds of redemption. This unexpected sale may have a negative impact on the net asset value of the Fund. To mitigate this risk, the Fund may impose single investor limits to the ownership of the fund, when necessary. This limits the extent to which redemptions from any single investor can impact the Fund’s cash flow. The Fund may also impose an anti-dilution levy or fee for significant orders, to protect the interest of the remaining investors of the Fund, when necessary.

Non-Guarantee: Unlike deposits made with banks, an investment in the Fund is neither insured nor guaranteed by the PDIC. Hence, investors carry the risk of losing the value of their investment, without any guaranty in the form of insurance. Moreover, as with any investment, it is important to note that past performance of the Fund does not guarantee its future success.

Regulatory Risk: The Funds' operations are subject to various regulations, such as those affecting accounting of assets and taxation. These regulations do change, and as a result, investors may experience lower investment returns or even losses depending on what such a regulatory change entails. For example, higher taxes would lower returns, and a mandated precautionary loan loss provisions could result in the Fund experiencing a loss in the value of assets. To mitigate this risk, the Fund adopts global best practices. Further, it maintains regular communications with the relevant government agencies to keep itself abreast of the issues giving them concern, and to have the opportunity to help them set standards for good governance. The Fund's investment manager, SLAMCI, also takes an active participation in the Philippine Investment Funds Association, Inc. ("PIFA"), an association of mutual fund companies in the Philippines.

Operational Risk: This is the risk of loss resulting from inadequate or failed internal processes, controls, people and systems. Categories of operational risks may fall under: sales and distribution, human resources, information technology, processes and people, accounting and finance, model risk, legal and regulatory and third party relationships. The Fund ensures that internal controls and practices are consistent with enterprise wide policies supporting the management of operational risks. The Fund has established business specific guidelines. Comprehensive investment program, including appropriate levels of self-insurance, is maintained to provide protection against potential losses.

Taxation Risk: Gains realized by investors upon redemption of shares in a mutual fund are not subject to personal income tax (R.A. 8424). However, since the fund will only issue units, investors are advised to consult their own professional advisers as to the tax implications of subscribing for, purchasing, holding, and redeeming units of the Fund.

Counterparty Risk: The Fund is exposed to risks arising from solvency of its counterparties (e.g. custodian, broker, banks) and their ability to respect the conditions of contracts or transactions. To mitigate the risk, each Issuer/Borrower/Counterparty passes through a stringent credit process to determine whether its credit quality complies with the prescribed standards of the Fund. Further, the credit quality of the Issuer/Borrower/Counterparty is reviewed periodically to ensure that excellent credit standing is maintained.

Foreign Investment Risk: The Fund invests in securities issued by corporations in, or governments of, countries other than the Philippines. Investing in foreign securities can be beneficial in expanding your investment opportunities and portfolio diversification, but there are risks associated with foreign investments, including:

- companies outside of the Philippines may be subject to different regulations, standards, reporting practices and disclosure requirements than those that apply in the Philippines;
- the legal systems of some foreign countries may not adequately protect investor rights;
- political, social or economic instability may affect the value of foreign securities;
- foreign governments may make significant changes to tax policies, which could affect the value of foreign securities; and
- foreign governments may impose currency exchange controls that prevent a Fund from taking money out of the country.

To mitigate this risk, the Fund will only invest in securities that are domiciled in a country that is regulated by a credible regulatory authority.

Geographic Concentration Risk: Some Funds may invest a relatively large portion of their assets in issuers located in a single country, a small number of countries, or a particular geographic region. As a result, the performance of these Funds could be closely tied to the market, currency, economic, political, regulatory, geopolitical or other conditions in such countries or region, and could be more volatile than the performance of funds with more geographically-diversified holdings. The Fund manages this risk by complying with the exposure limits determined by the investment manager.

Passive Management Risk: Some Funds may invest in other mutual funds that are not actively managed, such as index funds. Passively managed funds would not sell a security if the security's issuer was in financial trouble, unless the security is removed from the applicable index being replicated. The passively managed fund must continue to invest in the securities of the index, even if the index is performing poorly. That means the passively managed fund won't be able to reduce risk by diversifying its investments into securities listed on other indices. As a result, the performance of a passively managed fund may differ significantly from the performance of an actively managed fund. This may in turn affect the performance of a Fund that invests in such passively managed fund.

Underlying Fund Risk: Some Funds may pursue its investment objectives indirectly by investing in shares of other mutual funds, including exchange-traded funds, in order to gain access to the strategies pursued by those underlying funds. There can be no assurance that any use of such multi-layered fund of fund structures will result in any gains for a Fund. If an underlying fund that is not traded on an exchange suspends redemptions, a Fund will be unable to value part of its portfolio and may be unable to redeem shares. Underlying funds that are traded on an exchange are subject to the following risks that do not apply to conventional mutual funds: (i) an exchange-traded fund's units often trade on the exchange at a premium or discount to the net asset value of such units; (ii) an active trading market for an exchange-traded fund's units may not develop or be maintained, and (iii) there is no assurance that the exchange-traded fund will continue to meet the listing requirements of the exchange. The Fund manages this risk by conducting comprehensive due diligence on the underlying funds as well as their respective investment managers.

The above risk factors are by no means exhaustive. New and/or unidentified risks may arise given the fast-changing financial markets and economic environment.

Classification of the Fund into high, moderate or low risk investment: The Fund's investment objective is to invest at least 90% of its net assets in a Target Fund that tracks the performance of the MSCI All Country World Index (ACWI). The Fund is for retail and corporate investors, and is classified as an aggressive investment.

Item 2. Properties

The Fund has financial assets in the form of cash in banks, cash equivalents and investment in a global mutual fund. As prescribed by SEC Rules, all of its assets are held by its custodian bank, Citibank, N.A.

Office space of the Fund is provided by SLAMCI pursuant to the Management Agreement between them. The Fund does not intend to acquire any real property in the course of its business.

Item 3. Legal Proceedings

There is no material pending legal proceeding to which the Fund or any of its affiliates is a party, or of which any of their property is the subject.

Item 4. Submission of Matters to a Vote of Security Holders

During the Annual Stockholders' Meeting held on 14 August 2025, the required quorum of majority of the outstanding capital stock was met, the following were elected as directors for the term 2025 to 2026: Benedicto C. Sison, Valerie N. Pama, Gerald L. Bautista, Teresita J. Herbosa (independent), Cielito F. Habito (independent) and Oscar S. Reyes (independent).

The stockholders present or represented unanimously approved the following:

1. The minutes of the 2024 Annual Stockholders' Meeting;
2. All acts and proceedings of the Board and Corporate Officers (confirmation and ratification thereof); and
3. Appointment of Navarro, Amper & Co. (Deloitte Touche Tohmatsu) as External Auditor for 2025.

PART II - OPERATIONAL AND FINANCIAL INFORMATION

Item 5. Market for Issuer's Common Equity and Related Stockholder Matters

1. Market Information

The units of the Fund are traded over-the-counter, hence, there is no public trading for the registrant's units. The Fund's common stocks are available through registered representatives and eligible securities dealers that have entered into an agreement to sell shares with the Fund's Principal Distributor, SLAMCI.

The following table shows the ranges of high and low prices (NAVPU) of the Fund's subscribed units for each quarter within the last two calendar years:

	2025		2024	
	High	Low	High	Low
Q1	1.8600	1.7051	1.6030	1.4462

The unitholders are not entitled to any dividends. The Fund may allow non-guaranteed unit-paying and/or income-paying feature/s if so declared and approved by the Board of Directors of the Fund, and accordingly permitted by the Securities and Exchange Commission.

Item 6. Management's Discussion and Analysis or Plan of Operation.

The Performance of the Fund could be measured by the following indicators:

1. **Increase/Decrease in Net Assets Value per Unit (NAVPU.)** NAVPU is computed by dividing net assets (total assets less total liabilities) by the total number of units issued, as of the end of the reporting day. Any increase or decrease in NAVPU translates to a prospective capital gain or capital loss, respectively, for the Fund's unit holders.
2. **Increase/Decrease in Net Assets Value per Share (NAVPS.)** NAVPS is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued and outstanding plus the total number of shares outstanding due to deposit for future subscriptions (DFFS) and for conversion to shares, if any, as of the end of the reporting day. Any increase or decrease in NAVPS translates to a prospective capital gain or capital loss, respectively, for the Fund's shareholders.
3. **Net Investment Income.** Represents the total earnings of the Fund from its investment securities, less operating expenses and income tax. This gauges how efficiently the Fund has utilized its resources in a given time period.
4. **Assets Under Management (AUM).** The assets under the Fund's disposal. This measures the profitability of the Fund (increase/decrease brought about by its operational income) as well as investor confidence (increase/decrease brought about by investor subscriptions/redemptions).
5. **Cash Flow.** Determines whether the Fund was able to achieve the optimal level of liquidity by being able to meet all its scheduled payments, while maintaining at the same time the maximum investments level and minimum cash level.

Accounting Policies for Financial Assets at Fair Value Through Profit and Loss

Financial assets

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Fund commits to purchase or sell the asset.

At initial recognition, the Fund measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

Classification and Subsequent Measurement

The Fund classifies its financial assets in the following measurement categories:

- FVTPL
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fair value.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

Debt instruments

Subsequent measurement of debt instruments depends on the Fund's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the group classifies its debt instruments:

- **Amortized cost.** Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

FVTPL. Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in period in which it arises. Interest income from these financial assets is included in finance income.

Amortized cost and effective interest method

The effective interest method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired (POCI) financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

Equity instruments

The Fund subsequently measures all equity investments at FVTPL, except where the Fund's Management has elected, at initial recognition, to irrevocably designate an equity instrument at FVTOCI. The Fund's policy is to designate equity investments as FVTOCI when those investments are held for the purposes other than to generate investment returns.

Changes in the fair value of financial assets measured at FVTPL are recognized in the statements of profit or loss. These changes are reported as either net realized gains (losses) or unrealized gains (losses) on investments, as appropriate.

FINANCIAL MARKETS REVIEW (2025)

2025 Global Equities Review

Global markets reached new record highs in 2025 across various asset classes, regions and sectors, with its fair share of volatility. Global equities (MSCI All-Country World Index) rose by 22.9%, this time led by Europe at 36.8% (in USD terms), followed by Asia ex-Japan at 33.0% and Japan at 26.1%. United States equities lagged at 17.9%, the first time in 20 years. Meanwhile, global bonds (Bloomberg Global Aggregate Index), also rose by a healthy 8.2%.

The first half of the year saw a sharp correction in asset prices as the U.S. raised tariff rates on its trading partners, to levels not seen in almost a century. As countries negotiated, uncertainty eased, and soon markets recovered sharply as well. However, it has increased concerns on U.S. policy uncertainty, which drove investors to diversify internationally. Europe was a major beneficiary given cheaper valuations, recovering economy and increased fiscal spending commitments (mainly Germany's defense spending). At the same time, returns were improved by sustained dollar weakness resulting from the flight of capital. Japan also benefited from improving corporate fundamentals, positive inflation, and the election of its first female prime minister, Sanae Takaichi, whose policies are broadly expected to be expansionary.

Meanwhile, the latter part of the year saw continued expansion in the artificial intelligence (A.I.) space, as capabilities and use cases rose, supporting the case for further growth of capital spending within the sector. It is notable that investors are questioning the sustainability of the pace, scale and interdependence of these investments, reminiscent of the dot-com era. One key difference is that the demand for this technology is outpacing supply, thus the need for a continued A.I. infrastructure buildout. The A.I. optimism also spilled over to Asian markets, which plays a huge role in the tech value chain. Notably, South Korean equities returned 83% during the year.

The U.S. Federal Reserve remained supportive, cutting interest rates thrice, at 25 basis points each, in order to balance price stability and the weakening labor market.

As geopolitical, trade and economic risks abound, diversification has become more important, which has increased demand for gold, pushing prices to all-time highs and touching \$4,500/ounce.

Global growth is expected to remain resilient in 2026 despite geopolitical and trade uncertainties. Corporate earnings are expected to grow across major markets, especially as the adoption of artificial intelligence increases across industries. This is underpinned by supportive monetary policy from most central banks, such as the U.S. Federal Reserve, but notably with questions regarding its independence a risk. Trade barriers will continue to weigh on markets in 2026, which is a risk for inflation and in turn, monetary policy.

The importance of Asia in the artificial intelligence ecosystem will continue to grow, not just in the exports of high-performance semiconductors and memory chips, but also in the development of more affordable, open-source models.

Elevated valuations remain a concern; however, they are underpinned by strong earnings expectations, mainly relying on the momentum of artificial intelligence as a structural theme. Diversification across assets, regions and sectors will be key to keeping portfolios resilient in 2026.

VALERIE N. PAMA

President / Director (March 2022 – present)

Ms. Valerie N. Pama is the President and Director of eighteen (18) Sun Life Prosperity Funds, i.e. Sun Life of Canada Prosperity Balanced Fund, Inc., Sun Life of Canada Prosperity Philippine Equity Fund, Inc., Sun Life of Canada Prosperity Bond, Inc., Sun Life Prosperity Dollar Advantage Fund, Inc., Sun Life Prosperity Peso Starter Fund, Inc., Sun Life Prosperity Dollar Abundance Fund, Inc., Sun Life Prosperity GS Fund, Inc., Sun Life Prosperity Dynamic Fund, Inc., Sun Life Prosperity Philippine Stock Index Fund, Inc., Sun Life Prosperity Dollar Wellspring Fund, Inc., Sun Life Prosperity World Voyager Fund, Inc., Sun Life Prosperity Dollar Starter Fund, Inc., Sun Life Prosperity World Equity Index Feeder Fund, Inc., Sun Life Prosperity Achiever Fund 2028, Inc., Sun Life Prosperity Achiever Fund 2038, Inc., Sun Life Prosperity Achiever Fund 2048, Inc., Sun Life Prosperity Peso Voyager Feeder Fund, Inc. (March 2022 to present) and Sun Life Prosperity World Income Fund, Inc. (August 2022 to present).

Ms. Pama also is a Member (2015 to present) and Trustee (2018-2023) of Filipina CEO Circle, Member of Management Association of the Philippines (2015 to present), Financial Executives of the Philippines (2013 to present) and Makati Business Club (August 2019 to present).

Ms. Pama was previously the Director and President of Sun Life Investment Management and Trust Corporation (September 2020 to June 2021), responsible for its establishment and preparations for operations. She was a Director and President of Sun Life Asset Management Company, Inc. ("SLAMCI") and Director and/or President of thirteen (13) Sun Life Prosperity Funds (2011 to 2020). She was also a Director and/or President of three (3) Grepalife Funds i.e. Grepalife Dollar Bond Fund Corporation, Grepalife Balanced Fund Corporation (formerly, "Grepalife Bond Fund Corporation"), and Grepalife Fixed Income Fund Corporation (2011 to 2018). Ms. Pama was formerly the President of the Sun Life Prosperity Funds and the Grepalife Funds (2011 to 2013). She was also a Director of BESTSERVE Financial Ltd. (HKG) (2021 to 2022).

She also served as the Chief Operating Officer of SLAMCI (2011 to 2012) before being appointed as its President in 2013. With over seven years as President of SLAMCI, Ms. Pama has made tremendous contributions by leading it into becoming the number one non-bank asset management company. Under her vision and leadership, the company achieved great milestones: growing from three (3) mutual funds to sixteen (16) mutual funds to over Php100 Billion in Assets Under Management, launch of the Sun Life Prosperity Card, expanding the sales force into having the most number of Mutual Fund-licensed advisors in the industry and garnering numerous awards from the Philippine Investment Funds Association (PIFA). Another noteworthy recognition for SLAMCI under her management was being named the best asset management company for the Philippines from Euromoney's 2018 Private Banking and Wealth Management survey.

Ms. Pama is a veteran banker, having been in the industry for 20 years. She started her career with Citibank N.A. in 1990 as a Management Associate, wherein she obtained exposure in various segments of the business, assuming progressively senior roles over the years. She had worked in treasury/capital markets, loans, equity sales, customer funding sales, brokerage and money market sales. By the time she retired from Citibank N.A. in 2009, Ms. Pama was the President of Citicorp Financial Services and Insurance Brokerage Inc.

Prior to joining Sun Life, Ms. Pama was a Product Development consultant for ING Bank's Investment Management Group.

Ms. Pama was a member of the Board of Trustees of PIFA from 2011 to 2020 and served as its Chairman from 2013 to 2015. This enabled her to represent the mutual fund industry in advocating investor literacy, customer protection and regulatory advancements to government agencies, key market players and the general public.

Ms. Pama is a graduate of the Ateneo de Manila University with a Bachelor of Science degree in Management Engineering. She obtained her Masters in Business Administration in International Business and Finance, with a minor in Business Economics from Katholieke Universiteit Leuven in Belgium. She was awarded With Distinction by the university for her exemplary academic performance on her final year.

PART IV - CORPORATE GOVERNANCE

Item 13. Corporate Governance

Compliance with Leading Practice on Corporate Governance

The Fund is committed to performing its obligations following sound standards of business and financial practices and assesses the level of compliance of the Board of Directors and top-level management with its Manual on Corporate Governance through the Corporate Governance Self-Rating Form.

Likewise, the Fund requires the directors to answer a Board Effectiveness Questionnaire to determine their outlook on current practices and further enhance their performance. Internal audit and compliance units of the Fund also actively ensure that the Fund meets its regulatory and moral obligations to the government agencies and the general public, respectively.

There has been no reported incident of any deviation from the Fund's Manual on Corporate Governance. A strong ethical business culture in the performance of duties is continuously upheld and promoted. Nonetheless, the Fund makes an effort to improve corporate governance of the company by holding training sessions for its Board and officers whenever possible.

Compliance with Foreign Account Tax Compliance Act (FATCA)

In accordance with the requirements of the US Internal Revenue Service ("IRS") and the Intergovernmental Agreement ("IGA") between the Government of the United States of America and the Government of the Republic of the Philippines to Improve International Tax Compliance and to Implement FATCA which was signed last July 13, 2015, the Fund has registered with the Internal Revenue Service (IRS) and has obtained its own Global Intermediary Identification Number ("GIIN") as a sponsored entity. Sun Life Asset Management Company, Inc. ("SLAMCI") continues to assume responsibilities for the Fund's FATCA compliance as the Sponsoring Entity and has implemented FATCA onboarding processes and procedures as well as system enhancements to monitor its new and pre-existing account holders who are U.S. Persons and have U.S. Indicia.

The Fund, together with its Sponsoring Entity, SLAMCI, is preparing to comply for FATCA reporting on the date which will be set by the Bureau of Internal Revenue as soon as the IGA has been ratified by the Senate.

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The Management of Sun Life Prosperity World Equity Index Feeder Fund, Inc. (the "Company") is responsible for the preparation and fair presentation of the financial statements, including the schedules attached therein, as at December 31, 2025 and 2024, and for the years ended December 31, 2025, 2024 and 2023, in accordance with the prescribed financial reporting framework indicated therein and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein and submits the same to the Shareholders.

Navarro Amper & Co., the independent auditor appointed by Shareholders for the years ended December 31, 2025 and 2024, has audited the financial statements of the Company in accordance with Philippine Standards on Auditing, and in its report to the Board of Directors and Shareholders has expressed its opinion on the fairness of presentation upon completion of such audit.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Sun Life Prosperity World Equity Index Feeder Fund, Inc. (the Company), which comprise the statements of financial position as at December 31, 2025 and 2024, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years ended December 31, 2025, 2024 and 2023, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2025 and 2024, and its financial performance and its cash flows for the years ended December 31, 2025, 2024 and 2023, in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), as applicable to audits of financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in the Philippines. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organization"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Other Information

Management is responsible for the other information. The other information comprises the information included in the Securities and Exchange Commission (SEC) Form 17-A Annual Report submission to the SEC, which is prepared by the Management and submitted after the issuance of the audited financial statements with our auditor's report attached thereon.

The SEC Form 17-A is expected to be made available to us after the date of this auditor's report. Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the other information identified above which have not yet been received, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with PFRS Accounting Standards, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

Report on Other Legal and Regulatory Requirements

Report on the Supplementary Information Required by the Bureau of Internal Revenue

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information in Note 19 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such supplementary information is the responsibility of Management and has been subjected to the auditing procedures applied in our audits of the basic financial statements. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

AS AT DECEMBER 31, 2025 AND 2024 AND FOR THE YEARS ENDED DECEMBER 31, 2025, 2024 AND 2023

1. CORPORATE INFORMATION

Sun Life Prosperity World Equity Index Feeder Fund Inc. (the "Company") was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on August 4, 2017 in accordance with the Corporation Code of the Philippines (Batas Pambansa Blg. 68), approved on May 1, 1980 and the Foreign Investments Act of 1991 (Republic Act No. 7042, as amended), approved on June 13, 1991 and started commercial operations on July 6, 2020. Its primary purpose is to issue its own securities and offer them for sale to the public, and generally to carry on the business of an open-end investment company in all the elements and details thereof.

The Company appointed Sun Life Asset Management Company, Inc. (SLAMCI), an investment management company incorporated in the Philippines and a wholly owned subsidiary of Sun Life of Canada (Philippines), Inc. (SLOCPI), as its fund manager, adviser, administrator, distributor and transfer agent and provider of management, distribution and all required operational services, as disclosed in Note 10.

On March 13, 2018, the Board of Directors approved the amendment of the corporate name of DECA Homebuilder Fund, Inc. to Sun Life Prosperity World Equity Index Feeder Fund, Inc. which was approved by SEC on March 15, 2019.

The Company's registered office address and principal place of business is at the 2nd Floor, Sun Life Centre, 5th Avenue corner Rizal Drive, Bonifacio Global City, Taguig City.

The Company is considered a public company under Rule 3.1 of the Implementing Rules and Regulations of the Revised Securities Regulation Code (SRC), which, among others, defines a public corporation as any corporation with assets of at least P50,000,000 and having 200 or more shareholders, each of whom holds at least 100 shares of its equity securities.

As at December 31, 2025 and 2024, the Company has 12,291 unitholders and 9,542 unitholders, respectively, each holding at least 100 shares of the Company's common shares.

2. FINANCIAL REPORTING FRAMEWORK AND BASIS OF PREPARATION AND PRESENTATION

Statement of Compliance

The financial statements of the Company have been prepared in accordance with the Philippine Financial Reporting Standards (PFRS) Accounting Standards. PFRS Accounting Standards include all applicable PFRS, Philippine Accounting Standards (PAS) and interpretations of the Philippine Interpretations Committee (PIC), Standing Interpretations Committee (SIC) and International Financial Reporting Interpretations Committee (IFRIC) as approved by the Financial and Sustainability Reporting Standards Council (FSRSC) and the Board of Accountancy and adopted by the SEC.

Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis, except for certain financial assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Functional and Presentation Currency

These financial statements are presented in Philippine Peso, the currency of the primary economic environment in which the Company operates. All amounts are recorded to the nearest peso, except when otherwise indicated.

3. ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS

Adoption of Amended Accounting Standards Effective in 2025

In the current year, the Company has applied all amendments to PFRS Accounting Standards that are mandatorily effective for accounting periods beginning on or after January 1, 2025. Their adoption had no material impact on the disclosures or the amounts reported in these financial statements.

Amendments to PAS 21, The Effects of Changes in Foreign Exchange Rates — Lack of Exchangeability

The amendments clarify how an entity determines whether a currency is exchangeable in another currency and how it estimates the spot exchange rate when exchangeability is lacking. The amendments also introduce additional disclosure requirements relating to currencies that are not exchangeable.

The Company applied the amendments prospectively from January 1, 2025. The adoption of the amendments did not have a material impact on the Company's financial statements.

New and Revised Accounting Standards Effective after the Reporting Period Ended December 31, 2025

At the date of authorization of these financial statements, the Company has not applied the following PFRS Accounting Standards pronouncements that have been issued but are not yet effective:

Effective for annual period beginning or after January 1, 2026

- Amendments to PFRS 9, Financial Instruments and PFRS 7, Financial Instruments: Disclosures - Classification and Measurement of Financial Instruments
- Annual Improvements to PFRS Accounting Standards—Volume 11
- Amendments to PFRS 9, Financial Instruments and PFRS 7 Financial Instruments: Disclosures - Contracts Referencing Nature-dependent Electricity

Effective for annual period beginning or after January 1, 2027

- PFRS 17, *Insurance Contracts*
- Amendments to PFRS 17, *Insurance Contracts*
- Amendment to PFRS 17, *Insurance Contracts* - Initial Application and PFRS 9, *Financial Instruments* – Comparative Information
- PFRS 18, *Presentation and Disclosure in Financial Statements*
- PFRS 19, *Subsidiaries without Public Accountability: Disclosures*
- Amendments to PAS 21, *The Effects of Changes in Foreign Exchange Rates* - Translation to Hyperinflationary Presentation Currency

Deferred effectivity

- Amendments to PFRS 10, Consolidated Financial Statements and PAS 28, Investments in Associates and Joint Ventures—Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

Management anticipates that the adoption of the new or revised PFRS Accounting Standards in future periods will not have a material impact on the financial statements in the period of their initial adoption.

PFRS 18, Presentation and Disclosures in Financial Statements

PFRS 18 replaces PAS 1, carrying forward many of the requirements in PAS 1 unchanged and complementing them with new requirements. In addition, some PAS 1 paragraphs have been moved to PAS 8 and PFRS 7. Furthermore, the FSRSC has made minor amendments to PAS 7 and PAS 33 Earnings per Share.

PFRS 18 introduces new requirements to:

- present specified categories and defined subtotals in the statement of profit or loss
- provide disclosures on management-defined performance measures (MPMs) in the notes to the financial statements
- improve aggregation and disaggregation.

An entity is required to apply PFRS 18 for annual reporting periods beginning on or after January 1, 2027, with earlier application permitted. The amendments to PAS 7 and PAS 33, as well as the revised PAS 8 and PFRS 7, become effective when an entity applies PFRS 18. PFRS 18 requires retrospective application with specific transition provisions.

The Company is currently assessing the impact of adopting these standards on its financial statements.

4. MATERIAL ACCOUNTING POLICIES

Financial Assets

Initial Recognition and Measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

Classification and Subsequent Measurement

The Company classifies its financial assets in the following measurement categories:

- FVTPL
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fair value.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the group classifies its debt instruments:

- **Amortized cost.** Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **FVTPL.** Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in finance income.

Amortized cost and effective interest method

The effective interest method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired (POCI) financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

Equity instruments

The Company subsequently measures all equity investments at FVTPL, except where the Company's Management has elected, at initial recognition, to irrevocably designate an equity instrument at FVTOCI. The Company's policy is to designate equity investments as FVTOCI when those investments are held for purposes other than to generate investment returns as at December 31, 2025 and 2024, the Company does not have financial assets classified as FVTOCI.

Changes in the fair value of financial assets measured at FVTPL are recognized in the statements of profit or loss. These changes are reported as either net realized gains (losses) or unrealized gains (losses) on investments, as appropriate.

Impairment of financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before considering any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Derecognition

The Company derecognizes a financial asset only when the contractual rights to the asset's cash flows expire or when the financial asset and substantially all the risks and rewards of ownership of the asset are transferred to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain/loss that had been recognized in OCI and accumulated in equity is recognized in profit or loss, with the exception of equity investment designated as measured at FVTOCI, where the cumulative gain/loss previously recognized in OCI is not subsequently reclassified to profit or loss, but is transferred to retained earnings.

Financial Liabilities and Equity Instruments

Financial liabilities

All financial liabilities are measured subsequently at amortized cost using the effective interest method or at FVTPL. Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities measured subsequently at amortized cost

Financial liabilities that are not (i) contingent consideration of an acquirer in a business combination, (ii) held-for-trading, or (iii) designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

The Company's financial liabilities classified under this category include accrued expenses and other payables and payable to fund manager.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Equity instruments

Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Share capital

Share capital consisting of ordinary shares is classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds, net of tax. Any excess of proceeds from issuance of shares over its par value is recognized as additional paid-in capital.

Retained earnings (deficit)

Retained earnings (deficit) represent accumulated profit (loss) attributable to equity holders of the Company after deducting dividends declared. Retained earnings (deficit) may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

Units of Participation

Represents an undivided interest in the pool of investments assets earmarked for this type of security issued by the Company.

Prepayments

Prepayments represent expenses not yet incurred but already paid in cash. Prepayments are initially recorded as assets and measured at the amount of cash paid. Subsequently, these are charged to profit or loss as these are consumed in operations or expire with the passage of time.

Prepayments are classified in the statements of financial position as current asset when the cost of services related to the prepayments are expected to be incurred within one (1) year or the Company's normal operating cycle, whichever is longer. Otherwise, prepayments are classified as non-current assets.

Revenue Recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control of a product or service to a customer.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Realized gains or losses

Gains or losses arising on the disposal of investments are determined as the difference between the sales proceeds and the carrying amount of the investments and is recognized in profit or loss.

Fair value gains or losses

Gains or losses arising from changes in fair values of investments are disclosed under the policy on financial assets.

Expense Recognition

Expenses are recognized in profit or loss when incurred.

Expenses in the statements of comprehensive income are presented using the function of expense method. Investment expenses are transaction costs incurred in the purchase and sale of investments which include commission and clearing fees. Operating expenses are costs attributable to the administrative and other business expenses of the Company including management fees and custodianship fees.

Fair Value

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis.

In addition, for financial reporting purposes, fair value measurements are categorized into Levels 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Related Party Transactions

Parties are considered related if one party has control, joint control, or significant influence over the other party in making financial and operating decisions.

An entity that is a post-employment benefit plan for the employees of the Company and the key management personnel of the Company are also considered to be related parties.

Taxation

Income tax expense represents the sum of the current tax, final tax and deferred tax expense.

Current tax

The current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statements of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

The Company's current tax expense is calculated using 25% regular corporate income tax (RCIT) rate or 2% minimum corporate income tax (MCIT), whichever is higher.

In 2023, the Company's current tax expense is calculated using 25% RCIT rate or 1% MCIT rate in July 1, 2020 to June 30, 2023 and 25% RCIT rate or 2% MCIT rate, whichever is higher, effective July 1, 2023, respectively.

Final tax

Final tax expense represents final taxes withheld on interest income from cash in banks, cash equivalents and final taxes withheld on proceeds from sale of listed equity securities.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and these relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred taxes for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in OCI or directly in equity, in which case, the current and deferred taxes are also recognized in OCI or directly in equity, respectively.

Earnings (Loss) per Share / Unit

The Company computes its basic earnings (loss) per share or unit by dividing profit or loss for the year attributable to ordinary equity holders or unitholders of the Company by the weighted average number of ordinary shares or units outstanding during the period. For the purpose of calculating diluted earnings (loss) per share, profit or loss for the year attributable to ordinary equity holders of the Company and the weighted average number of shares outstanding are adjusted for the effects of DFFS which are dilutive potential ordinary shares.

Net Asset Value per Share / Unit

The Company computes its NAVPS/U by dividing the total net asset value as at the end of the reporting period by the number of issued and outstanding shares and shares to be issued on deposits for future stock subscriptions or the number of issued and outstanding units.

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments in Applying Accounting Policies

The following are the critical judgments, apart from those involving estimations, that Management has made in the process of applying the Company's accounting policies that have the most significant effect on the amounts recognized in the financial statements.

Business model assessment

Classification and measurement of financial assets depend on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective.

The Company measures its financial assets at amortized cost if the financial asset qualifies for both SPPI and business model test. The Company's business model test is to hold the asset and to collect its cash flows which are SPPI. All other financial assets that do not meet the SPPI and business model test are measured at FVTPL.

As at December 31, 2025 and 2024, the Company's financial assets measured at FVTPL attributable to shareholders is nil, while attributable to unitholders amounted to P7,010,609,530 and P4,916,865,248, respectively, as disclosed in Note 7.

Functional currency

Based on the economic substance of the underlying circumstances relevant to the Company, the functional currency of the Company has been determined to be the Philippine Peso (PHP). The PHP is the currency of the primary economic environment in which the Company operates. It is the currency being used to report the Company's results of operations.

Puttable shares designated as equity instruments

The Company's share capital met the specified criteria to be presented as equity. The Company designated its redeemable share capital as equity instruments since the Company's share capital met the criteria specified in PAS 32, *Financial Instruments: Presentation*, to be presented as equity.

A puttable financial instrument includes a contractual obligation for the issuer to repurchase or redeem that instrument for cash or another financial asset on exercise of the put. As an exception to the definition of a financial liability, an instrument that includes such an obligation is classified as an equity instrument if it has met all the following features:

- a. it entitles the holder to a pro rata share of the entity's net assets in the event of the entity's liquidation. The entity's net assets are those assets that remain after deducting all other claims on its assets;
- b. it is in the class of instruments that is subordinate to all other classes of instruments;
- c. all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- d. apart from the contractual obligation for the issuer to repurchase or redeem the instrument for cash or another financial asset, the instrument does not include any contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the entity, and it is not a contract that will or may be settled in the entity's own equity instruments; and
- e. the total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the entity over the life of the instrument (excluding any effects of the instrument).

As at December 31, 2025 and 2024 the recognized amount of share capital attributable to shareholders in the statements of changes in equity amounted to P500,000 while the amount of net contributions attributable to unitholders amounted to P4,450,936,195 and P3,585,948,946, respectively, as disclosed in Note 11.

Key Sources of Estimation Uncertainty

The following are the Company's key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Deferred tax asset

The Company reviews the carrying amount at the end of each reporting period and reduces deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. However, there is no assurance that the Company will generate sufficient taxable profit that will allow all or part of its deferred tax asset to be utilized.

Based on Management's expectation of the Company's future taxable income, the Company did not recognize deferred tax asset as at December 31, 2025 and 2024, as disclosed in Note 16.

Deferred tax on NOLCO and MCIT was not recognized since Management believes that future taxable income will not be available against which the deferred tax can be utilized.

The Company's interest income arising from cash and cash is already subjected to final tax therefore, excluded from the computation of taxable income subject to RCIT or MCIT.

Realized gains on redemption of investment in in global mutual fund are exempted from tax and are therefore excluded from the computation of taxable income subject to RCIT and MCIT.

17. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks: market risk, which includes, interest rate and equity price risks, and liquidity risk. The Company Manager exerts best efforts to anticipate events that would negatively affect the value of the Company's assets and takes appropriate actions to counter these risks. However, there is no guarantee that the strategies will work as intended. The policies for managing specific risks are summarized below.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company's exposure to market risk arises primarily from changes in interest rates and equity prices.

There have been no significant changes in the Company's risk management objectives, policies, and processes during the year.

Interest rate risk

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest.

The Company's exposure to interest rate risk arises primarily from cash and cash equivalents. These financial assets earn interest at prevailing market rates, and therefore changes in market interest rates may affect the Company's interest income.

Financial assets measured at fair value through profit or loss (FVTPL) that represent equity investments are not exposed to interest rate risk but instead give rise to equity price risk. Accordingly, these instruments are excluded from the interest rate sensitivity analysis.

The following table details the increase or decrease in net income after tax if interest rates had been 50 basis points higher or lower and all other variables are held constant for the years ended 2025, 2024 and 2023:

Change in Interest rates	Increase (Decrease) in Net Profit or Loss/Equity		
	2025	2024	2023
Attributable to shareholders			
+50 basis	P209,111	P 205,600	P199,074
-50 basis	(P209,111)	(P 205,600)	(P199,074)
Attributable to unitholders			
+50 basis	P630,450	P2,150,987	P245,094
-50 basis	(P630,450)	(P2,150,987)	(P245,094)

In Management's opinion, the sensitivity analysis is unrepresentative of the inherent interest rate risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Equity price risk

The Company is exposed to equity price risks arising from investment in global mutual fund.

The risk is managed by the Company Manager by actively monitoring the global equity market. Portfolios are traded based on a combination of regularly-carried out fundamental and technical analyses of share prices.

Based on the exposure to equity price risks at the end of each reporting period, if equity prices and NAVPU of investments in UITF had been 2% higher or lower, profit or loss for the years ended December 31, 2025 and 2024 would have increased or decreased by P139,427,002 and P97,070,720 respectively.

Other than interest and equity price risks discussed above, there are no other market risks which will significantly affect the Company's performance.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent equity price risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of dealing only with creditworthy counterparties, as a means of mitigating the risk of financial loss from defaults, and transacts only with entities that are rated with equivalent of investment grade of "High" down to "Satisfactory". This information is supplied by independent rating agencies, when available. If the information is not available, the Company uses other publicly available financial information and its own trading records to rate its major counterparties. The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The table below summarizes the current internal credit rating equivalence system of the Company.

Summary rating	S&P rating	Internal credit rating
High	AAA	AAA
High	AA	AA- to AA+
High	A	A- to A+
High	BBB	BBB- to BBB+
Satisfactory	BB	BB- to B+
Acceptable	B	B- to B+
Low	CCC/C	CCC- to CCC+

The carrying amount of cash in banks, accrued interest receivable, and dividends receivable are recorded in the financial statements represents the Company's maximum exposure to credit risk. The Company determined that the credit quality of cash and cash equivalents, accrued interest receivable, and dividends receivable as high grade and low credit risk investments. Therefore, no ECL is recognized for these financial assets.

Liquidity risk

Liquidity risk arises when the Company encounters difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Company aims to maintain an appropriate level of liquidity which means having sufficient liquidity to be able to meet all obligations promptly under foreseeable adverse circumstances, while not having excessive liquidity.

The Company maintains at least ten percent of the fund in liquid/semi-liquid assets in the form of cash and cash equivalents, special savings deposits, investment in global mutual fund, accrual of interest receivable and dividend receivable to assure necessary liquidity. This is also in compliance to Section 6.10 of the Implementing Rules and Regulations of the Investment Company Act series of 2018.

The Company Manager manages liquidity risk by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities. The table had been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

	Less than One Month	One Month to One Year	Total
2025			
Attributable to unitholders			
Payable to fund manager	P 7,673,111	P –	P 7,673,111

	P459,842,058	P31,509,401	P491,351,459

The difference between the carrying amount of accrued expenses and other payables disclosed in the statements of financial position and the amount disclosed in this note pertains to withholding and documentary stamp taxes that are not considered financial liabilities.

The following table details the Company's expected maturity for its financial asset. The table had been drawn up based on the contractual maturities of the financial asset including interest that will be earned on that asset, except when the Company anticipates that the cash flows will occur in a different period.

The Company expects to meet its obligations from operating cash flows and proceeds from maturing financial asset.

18. CAPITAL RISK MANAGEMENT

The Company Manager manages the Company's capital to ensure that the Company will be able to continue as a going concern while maximizing the return to stakeholders through the optimization of the mix of high quality financial instruments.

The Company is guided by its Investment Policies and Legal Limitations. All the proceeds from the sale of shares, including the original subscription payments at the time of incorporation constituting the paid-in capital, is held by custodian banks.

The capital structure of the Company consists of issued capital as disclosed in Note 11.

The Company Manager manages the Company's capital and NAVPU and NAVPS, as disclosed in Notes 11 and 12 to ensure that the Company's net asset value remains competitive and appealing to prospective investors.

The Company is also governed by the following fundamental investment policies:

- a. As a **Feeder Fund**, the Company shall be subject to the following:
 - a. The Company shall invest more than ninety percent (90%) of its net assets in a single collective investment scheme
 - b. The single entity limit of fifteen percent (15%) shall not be applicable;
 - c. The Target Fund:
 - i. shall not be a feeder fund or co-managed fund;
 - ii. is a CIS established by another fund manager/s, asset management company/ies or fund operator/s;
 - iii. shall provide ample protection to the investors of the feeder fund. If the Target Fund is a foreign fund, the securities regulator approving the said fund shall have been assessed to have broadly implemented the IOSCO Principles relevant to collective investment schemes;
 - iv. The Target Fund publishes Quarterly/Semi-Annual and Annual Reports;
 - v. The investment objective of the target fund is aligned with that of the feeder fund.
 - d. The Target Fund is supervised by a regulatory authority, as follows:
 - i. A local Target Fund shall either be registered with the Commission or approved by the Bangko Sentral ng Pilipinas;
 - ii. A Target Fund constituted in another economy shall be registered/authorized/approved, as the case may be in its home jurisdiction by a regulatory authority that is an ordinary or associate member of the IOSCO
 - e. Investments in Target Funds shall be held for safekeeping by an institution registered/authorized/approved by a relevant regulatory authority to act as third party custodian.
 - f. The custodian can liaise with the offshore target fund on the transactions of the feeder fund.
 - g. In compliance with SEC Memorandum Circular 11, Series of 2019, "Amendments to ICA Rule 7.9", the Fund Manager can invest the funds of the feeder fund, fund-of-funds or co-managed funds to a target fund that is administered by the Fund manager or its related party/company provided that:
 - i. There shall be no cross-holding between the feeder fund or fund-of-funds and the target funds where cross-holding refers to the holding securities in another by two (2) or more funds;
 - ii. All initial charges on the target fund are waived; and
 - iii. The management fee shall be charged only once, either at the level of the feeder fund, fund-of-funds, co-managed funds or at the level of the target fund.
- b. It does not issue senior securities;
- c. It does not intend to incur any debt or borrowing. In the event that borrowing is necessary, it can do so only if, at the time of its incurrence or immediately thereafter, there is asset coverage of at least 300% for all its borrowings;
- d. It does not participate in any underwriting or selling group in connection with the public distribution of securities, except for its own share capital;

- e. It generally maintains a diversified portfolio. Industry concentrations may vary at any time depending on the investment manager's view on the prospects;
- f. It does not invest more than twenty percent (20%) of its net assets in real estate properties and developments, subject to investment restrictions and/or limitations under applicable law, if any;
- g. It does not purchase or sell commodity futures contracts;
- h. The asset mix in each type of security is determined from time to time, as warranted by economic and investment conditions; and
- i. Subscribers are required to settle their subscriptions in full upon submission of their application for subscriptions;
- j. It may use various techniques to hedge investment risks;
- k. It does not change its investment objectives without the prior approval of a majority of its shareholders and prior notice to the SEC.

The Investment Policies refer to the following:

- a. Investment Objective - to invest at least 90% of its net assets in a Target Fund that tracks the performance of the MSCI All Country World Index (ACWI). The MSCI ACWI is a market-capitalization weighted stock market index designed to represent performance of the full opportunity set of large- and mid-cap shares across developed and emerging markets. It is designed to provide a broad measure of equity-market performance throughout the world
- b. Benchmark - 98% MSCI ACWI (PhP Terms) + 2% 30-day USD Deposit Rate.
- c. Asset Allocation Range - the Company allocates its funds available for investments among cash and other deposit substitutes and fixed-income securities based on certain proportion as approved by Management.

Other matters covered in the investment policy include the fees due to be paid to the Company Manager with management and distribution fees each set at an annual rate of 1.00% of the net assets attributable to shareholders on each valuation day.

In compliance with SEC Memorandum Circular No. 21, Series of 2019 signed on September 24, 2019 in relation to independent Net Asset Value (NAV) calculation, SLAMCI (Fund Manager) engaged Citibank, N.A. Philippines to service its fund accounting functions including calculation of its NAV every dealing day. In December 2020, SLAMCI implemented the outsourced fund accounting to all Sun Life Prosperity Funds.

As at December 31, 2025 and 2024, the Company is in compliance with the above requirements and minimum equity requirement of the SEC of P50,000,000.

The equity ratio at year-end is as follows:

	2025		2024	
Attributable to shareholders				
Net assets attributable to shareholders	P	52,580,029	P	51,414,252
Total assets		52,580,029		51,414,252
Equity ratio	P	1.0000:1	P	1.0000:1
Attributable to unitholders				
Net assets attributable to unitholders	P	7,063,888,216	P	4,981,911,683
Total assets		7,186,112,989		5,476,164,643
Equity ratio	P	0.9830:1	P	0.9097:1

Management believes that the above ratios are within the acceptable range.

TERESITA J. HERBOSA

Independent Director *(July 2025 – present)*

Atty. Teresita J. Herbosa is currently an Independent Director of the following Sun Life Prosperity Funds, namely: Sun Life of Canada Prosperity Bond Fund, Inc.; Sun Life Prosperity Peso Starter Fund, Inc. (July 2021 to present); Sun Life Prosperity Peso Voyager Feeder Fund, Inc. (January 2022 to present); Sun Life Prosperity Dollar Starter Fund, Inc. (July 2022 to present); Sun Life Prosperity Achiever Fund 2028, Inc. (July 2022 to present); Sun Life Prosperity Achiever Fund 2038, Inc. (July 2022 to present); Sun Life Prosperity Achiever Fund 2048, Inc. (July 2024 to present); Sun Life Prosperity World Income Fund, Inc. (August 2022 to present); Sun Life of Canada Prosperity Balanced Fund, Inc. (July 2025 to present); Sun Life Prosperity Dollar Wellspring Fund, Inc. (July 2025 to present); Sun Life Prosperity Dynamic Fund, Inc. (July 2025 to present); Sun Life Prosperity Philippine Stock Index Fund, Inc. (July 2025 to present); Sun Life Prosperity World Voyager Fund, Inc. (July 2025 to present); and Sun Life Prosperity World Equity Index Feeder Fund, Inc. (July 2025 to present). Presently, she is a Director of Telecommunications Connectivity Inc. (December 2019 to present). She is also She has been an Independent Director of the Philippine Bank of Communications since November 2022 to the present. She is also an Independent Director of Grepalife Balanced Fund Corporation, Grepalife Dollar Bond Fund Corporation and Grepalife Fixed Income Fund Corporation, Inc. (December 2021 to present).

She was the Chairperson of the Securities and Exchange Commission (“SEC”) from May 2011 to June 2018, and as such occupied other positions such as member of the Anti-Money Laundering Council, Chairperson of the Credit Information Corporation, the Microfinance NGO Regulatory Council, and the Capital Market Development Forum.

As SEC Chairperson, Atty. Herbosa was involved in the Asean Capital Markets Forum as Chair of its Committee on Corporate Governance responsible for the first Asean Top 50 Publicly Listed Companies. She initiated and proposed significant amendments to the Corporation Code of 1985 to Congress culminating in the enactment of the Revised Corporation Code in February 2019. She also participated in the passage of the Personal Property Securities Act.

As a consequence of the various reforms under Atty. Herbosa’s leadership, for two consecutive years, 2015 and 2016, SEC emerged, based on two nationwide surveys, as no.1 in the sincerity rating particularly in the fight against corruption among 35 government agencies.

Prior to her SEC post, she engaged in the private practice of law at the Angara Abello Concepcion Regala & Cruz Law Offices (“ACCRALAW”) specializing in litigation and dispute resolution for 33 years and often cited by foreign legal publications as one of the top litigation lawyers of the country. One year after her stint as SEC Chairperson, in July 2019, she re-joined ACCRALAW as of Counsel and continues as such up to the present.

She is an accredited MCLE lecturer and has been teaching commercial law at private law schools. In the 2022 bar examinations, she was one of the examiners for commercial law.

Atty. Herbosa co-authored in 2019 "The Revised Corporation Code of the Philippines Its Theories and Applications," and relatedly gives lectures on the recent amendments to the law. In line with her advocacy, she participated in the UNICEF-sponsored lecture series "Trainers' Course on Child Sensitive Investigation" for three years for more than 1,500 policemen and in the preparation of the video-taped materials shown at the PHILJA training of Family Court judges. She lectured for PHILJA on financial crimes and corporate and securities fraud.

She has written numerous law articles such as "Comments involving Crimes of Moral Turpitude" and the Foreword Vol 92 July 2019, for the Philippine Law Journal, others on various legal topics for the Philippine Star and contributed "Balancing Ethics and Regulation" for the FINEX anniversary publication "Ethics Black White or Gray" in 2018 and "Cyber Ethics and Data Privacy" for its second publication "Ethics: Enduring or Evolving?". From October 2019 to March 2020, she wrote a comprehensive training module for the investigation and prosecution of violations of the Securities Regulation Code in connection with the Anti-Money Laundering Act.

Atty. Herbosa finished AB Political Science cum laude at the University of the Philippines – Diliman, and her Bachelor of Laws cum laude and class salutatorian from the UP College of Law. She also has a Master of Comparative Law degree from the University of Michigan. In 2014, she was awarded the UP Distinguished Alumni Award for Public Service.

NOTES TO FINANCIAL STATEMENTS

1. FINANCIAL REPORTING FRAMEWORK AND BASIS OF PREPARATION AND PRESENTATION

Statement of Compliance

These unaudited condensed consolidated interim financial statements of the Company as at and for the six-month period ended June 30, 2026 have been prepared in accordance with PAS 34, Interim Financial Reporting. These unaudited condensed consolidated interim financial statements do not include all the notes normally included in an annual audited financial report. Accordingly, these unaudited condensed consolidated interim financial statements are to be read in conjunction with the Annual Audited Financial Statements of the Company for the year ended December 31, 2025, which have been prepared in accordance with the Philippine Financial Reporting Standards (PFRS).

Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis, except for certain financial assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

In preparing the condensed consolidated interim financial statements, the significant accounting estimates and made by the Company in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those applied to the financial statements as at and for the year ended December 31, 2025.

Functional and Presentation Currency

These financial statements are presented in Philippine Peso, the currency of the primary economic environment in which the Company operates. All amounts are recorded to the nearest peso, except when otherwise indicated.

2. ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS

Adoption of Amended Accounting Standards Effective in 2025

In the current year, the Company has applied all amendments to PFRS Accounting Standards that are mandatorily effective for accounting periods beginning on or after January 1, 2025. Their adoption had no material impact on the disclosures or the amounts reported in these financial statements.

Amendments to PAS 21, The Effects of Changes in Foreign Exchange Rates — Lack of Exchangeability

The amendments clarify how an entity determines whether a currency is exchangeable in another currency and how it estimates the spot exchange rate when exchangeability is lacking. The amendments also introduce additional disclosure requirements relating to currencies that are not exchangeable.

judgments The Company applied the amendments prospectively from January 1, 2025. The adoption of the amendments did not have a material impact on the Company's financial statements.

New and Revised Accounting Standards Effective after the Reporting Period Ended December 31, 2025

At the date of authorization of these financial statements, the Company has not applied the following PFRS Accounting Standards pronouncements that have been issued but are not yet effective:

Effective for annual period beginning on or after January 1, 2026

- Amendments to PFRS 9, *Financial Instruments* and PFRS 7, *Financial Instruments: Disclosures - Classification and Measurement of Financial Instruments*
- Annual Improvements to PFRS Accounting Standards—Volume 11

- Amendments to PFRS 9, *Financial Instruments* and PFRS 7 *Financial Instruments: Disclosures - Contracts Referencing Nature-dependent Electricity*

Effective for annual period beginning or after January 1, 2027

- PFRS 17, *Insurance Contracts*
- Amendments to PFRS 17, *Insurance Contracts*
- Amendment to PFRS 17, *Insurance Contracts - Initial Application* and PFRS 9, *Financial Instruments - Comparative Information*

Management anticipates that the adoption of the new or revised PFRS Accounting Standards in future periods will not have a material impact on the financial statements in the period of their initial adoption.

PFRS 18, Presentation and Disclosures in Financial Statements

PFRS 18 replaces PAS 1, carrying forward many of the requirements in PAS 1 unchanged and complementing them with new requirements. In addition, some PAS 1 paragraphs have been moved to PAS 8 and PFRS 7. Furthermore, the FSRSC has made minor amendments to PAS 7 and PAS 33 Earnings per Share.

PFRS 18 introduces new requirements to:

- present specified categories and defined subtotals in the statement of profit or loss
- provide disclosures on management-defined performance measures (MPMs) in the notes to the financial statements
- improve aggregation and disaggregation.

An entity is required to apply PFRS 18 for annual reporting periods beginning on or after January 1, 2027, with earlier application permitted. The amendments to PAS 7 and PAS 33, as well as the revised PAS 8 and PFRS 7, become effective when an entity applies PFRS 18. PFRS 18 requires retrospective application with specific transition provisions.

The Company is currently assessing the impact of adopting these standards on its financial statements.

3. MATERIAL ACCOUNTING POLICIES

Financial Assets

Initial Recognition and Measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

Classification and Subsequent Measurement

The Company classifies its financial assets in the following measurement categories:

- FVTPL
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fair value.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the group classifies its debt instruments:

- **Amortized cost.** Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **FVTPL.** Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in finance income.

Amortized cost and effective interest method

The effective interest method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired (POCI) financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

Equity instruments

The Company subsequently measures all equity investments at FVTPL, except where the Company's Management has elected, at initial recognition, to irrevocably designate an equity instrument at FVTOCI. The Company's policy is to designate equity investments as FVTOCI when those investments are held for the purposes other than to generate investment returns as at June 30, 2026 and 2025, the Company does not have financial assets classified as FVTOCI.

Changes in the fair value of financial assets measured at FVTPL are recognized in the statements of profit or loss. These changes are reported as either net realized gains (losses) or unrealized gains (losses) on investments, as appropriate.

Impairment of financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before considering any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Derecognition

The Company derecognizes a financial asset only when the contractual rights to the asset's cash flows expire or when the financial asset and substantially all the risks and rewards of ownership of the asset are transferred to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain/loss that had been recognized in OCI and accumulated in equity is recognized in profit or loss, with the exception of equity investment designated as measured at FVTOCI, where the cumulative gain/loss previously recognized in OCI is not subsequently reclassified to profit or loss, but is transferred to retained earnings.

Financial Liabilities and Equity Instruments

Financial liabilities

All financial liabilities are measured subsequently at amortized cost using the effective interest method or at FVTPL. Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities measured subsequently at amortized cost

Financial liabilities that are not (i) contingent consideration of an acquirer in a business combination, (ii) held-for-trading, or (iii) designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

The Company's financial liabilities classified under this category include accrued expenses and other payables and payable to fund manager.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Equity instruments

Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Share capital

Share capital consisting of ordinary shares is classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds, net of tax. Any excess of proceeds from issuance of shares over its par value is recognized as additional paid-in capital.

Retained earnings

Retained earnings represent accumulated profit attributable to equity holders of the Company after deducting dividends declared. Retained earnings (deficit) may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

Units of Participation

Represents an undivided interest in the pool of investments assets earmarked for this type of security issued by the Company.

Prepayments

Prepayments represent expenses not yet incurred but already paid in cash. Prepayments are initially recorded as assets and measured at the amount of cash paid. Subsequently, these are charged to profit or loss as these are consumed in operations or expire with the passage of time.

Prepayments are classified in the statements of financial position as current asset when the cost of services related to the prepayments are expected to be incurred within one (1) year or the Company's normal operating cycle, whichever is longer. Otherwise, prepayments are classified as non-current assets.

Revenue Recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control of a product or service to a customer.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Realized gains or losses

Gains or losses arising on the disposal of investments are determined as the difference between the sales proceeds and the carrying amount of the investments and is recognized in profit or loss.

Fair value gains or losses

Gains or losses arising from changes in fair values of investments are disclosed under the policy on financial assets.

Expense Recognition

Expenses are recognized in profit or loss when incurred.

Expenses in the statements of comprehensive income are presented using the function of expense method. Investment expenses are transaction costs incurred in the purchase and sale of investments which include commission and clearing fees. Operating expenses are costs attributable to the administrative and other business expenses of the Company including management fees and custodianship fees.

Fair Value

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis.

In addition, for financial reporting purposes, fair value measurements are categorized into Levels 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Related Party Transactions

Parties are considered related if one party has control, joint control, or significant influence over the other party in making financial and operating decisions.

An entity that is a post-employment benefit plan for the employees of the Company and the key management personnel of the Company are also considered to be related parties.

Taxation

Income tax expense represents the sum of the current tax, final tax and deferred tax expense.

Current tax

The current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statements of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

The Company's current tax expense is calculated using 25% regular corporate income tax (RCIT) rate or 2% minimum corporate income tax (MCIT), whichever is higher.

In 2023, the Company's current tax expense is calculated using 25% RCIT rate or 1% MCIT rate in July 1, 2020 to June 30, 2023 and 25% RCIT rate or 2% MCIT rate, whichever is higher, effective July 1, 2023, respectively.

Final tax

Final tax expense represents final taxes withheld on interest income from cash in banks, special savings deposits and fixed-income securities and final taxes withheld on proceeds from sale of listed equity securities.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and these relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred taxes for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in OCI or directly in equity, in which case, the current and deferred taxes are also recognized in OCI or directly in equity, respectively.

Earnings per Share / Unit

The Company computes its basic earnings per share or unit by dividing profit for the year attributable to ordinary equity holders or unitholders of the Company by the weighted average number of ordinary shares or units outstanding during the period.

For the purpose of calculating diluted earnings per share, profit for the year attributable to ordinary equity holders of the Company and the weighted average number of shares outstanding are adjusted for the effects of DFFS which are dilutive potential ordinary shares.

Net Asset Value per Share / Unit (NAVPS/U)

The Company computes its NAVPS/U by dividing the total net asset value as at the end of the reporting period by the number of issued and outstanding shares and shares to be issued on deposits for future stock subscriptions or the number of issued and outstanding units.

Incorporation

The Company was incorporated on August 4, 2017 with 200,000,000 authorized shares at a par value of P0.01 per share attributable to shareholders and 100,000,000,000 Offer Units at P1.00 initial offer price per unit.

The Company started its commercial operations on July 6, 2020.

Current State

As at June 30, 2026, out of the present 200,000,000 authorized shares, the Company has 50,000,000 issued and outstanding shares, with par value of P0.01 per share attributable to shareholders. And out of the present 100,000,000,000 Offer Units, the Company has 4,122,303,887 subscribed units.

Redeemable shares

Redeemable shares carry one vote each, and are subject to the following:

- a. Distribution of dividends

Each shareholder has a right to any dividends declared by the Company's Board of Directors and approved by 2/3 of its outstanding shareholders.
- b. Denial of pre-emptive rights

No shareholder shall, because of his ownership of the shares, has a pre-emptive or other right to purchase, subscribe for, or take any part of shares or any other securities convertible into or carrying options or warrants to purchase shares of the registrant.
- c. Right of redemption

The holder of any shares of the Company, upon its presentation to the Company or to any of its duly authorized representatives, is entitled to receive by way of redemption approximately his proportionate share of the Company's current net assets or the cash equivalent thereof. Shares are redeemable at any time at their net assets value less any applicable sales charges and taxes.

Redeemable Units

Redeemable units refer to units of participation each of which represents an undivided interest in the pool of investments assets earmarked for this type of security issued by a Mutual Fund Company (MFC). The MFC will buy back the redeemable units upon request of the holder.

Additional paid-in capital attributable to shareholders amounting to P49,500,000 as at June 30, 2026 and December 31, 2025 pertains to excess payments over par value from investors. However, no corresponding additional paid-in capital is recognized upon issuance of units as these are issued at no par value.

Net Asset Value Calculation

The net asset value shall be calculated by adding:

- The aggregate market value of the portfolio securities and other assets;
- The cash on hand;
- Any dividends on stock trading ex-dividend; and
- Any accrued interest on portfolio securities,

And subtracting:

- Taxes and other charges against the fund not previously deducted;
- Liabilities
- Accrued expenses and fees; and
- Cash held for distribution to investors of the fund on a prior date.

Price Determination Of The Assets Of The Investment Company

The value of the assets of the Investment Company shall be determined based on the following:

- If quoted in an organized market, based on official closing price or last known transacted price;
- If unquoted or quoted investments where the transacted prices are not represented or not available to the market, based on fair value; Provided further that in determining the fair value of investments, the Fund Manager shall, with due care and good faith:
 - Have reference to the price that the Investment Company would reasonably expect to receive upon the sale of the investment at the time the fair value is determined;
 - Document the basis and approach for determining the fair value.

As at June 30, 2026 and 2025, the Company has no dilutive potential ordinary shares.

14. FAIR VALUE OF FINANCIAL INSTRUMENTS

Assets and liabilities measured at fair value on a recurring basis

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value classified under level 1 based on the degree to which the inputs to fair value are observable.

Attributable to unitholders:

	Note	Level 1
June 30, 2026		
Investments in global mutual fund	5	P9,919,673,978
December 31, 2025		
Investments in global mutual fund	5	P7,010,609,530

Investment in global mutual fund is valued at their published NAVPS at reporting date.

Financial asset and liabilities not measured at fair value.

Cash and cash equivalents, accrued interest receivable, due to brokers, due from brokers, accrued expenses and other payables excluding withholding taxes and payable to fund manager have short-term maturities, hence, their carrying amounts are considered their fair values.

There were no transfers between Level 1, 2 and 3 in June 30, 2026 and December 31, 2025.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The Performance of the Company could be measured by the following indicators:

1. **Increase/Decrease in Net Assets Value per Unit (NAVPS.)** NAVPS is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued, as of the end of the reporting day. Any increase or decrease in NAVPS translates to a prospective capital gain or capital loss, respectively, for the Company's shareholders.
2. **Increase/Decrease in Net Assets Value per Unit (NAVPU.)** NAVPU is computed by dividing net assets (total assets less total liabilities) by the total number of units issued, as of the end of the reporting day. Any increase or decrease in NAVPU translates to a prospective capital gain or capital loss, respectively, for the Company's unitholders.

3. **Net Investment Income.** Represents total earnings of the Company from its investment securities, less operating expenses and income tax. This gauges how efficiently the Company has utilized its resources in a given time period.
4. **Assets Under Management (AUM).** These are the assets under the Company's disposal. This measures investor confidence (increase/decrease brought about by in 1,416,934,987 investor subscriptions/redemptions) as well as the growth of the Company (increase/decrease brought about by its operational income and market valuation of its assets and liabilities).
5. **Cash Flow.** This determines whether the Company was able to achieve the optimal level of liquidity by being able to meet all its scheduled payments, while maintaining at the same time the maximum investments level and minimum cash level.

PART II – RISK MANAGEMENT

Item 1. Financial Risk Exposures of the Company

1. Financial Risk Management Objectives and Policies

The Company's activities expose it to a variety of operational and financial risks such as market risk, foreign exchange risk, liquidity risk, large transaction risk, non-guarantee, regulatory risk, operational risk, taxation risk, counterparty risk, foreign investment risk, geographic concentration risk, passive management risk, and underlying fund risk. The policies for managing specific risks are summarized below:

Market Risk: Market risk is the risk of possible decline in the value of the Company due to fluctuations in prices of the fund's assets.

Equity Price Risk: For equity investments, changes in prices of equity refer to the equity investments held by the Company either for strategic or trading purposes. These equity investments, if any, are subject to the daily price fluctuations, as determined by market forces. Hence, prices may vary as a result of the general economic and political conditions, as well as developments in the company's operations and overall profitability. To manage

this risk, the equity investments included in the Company's portfolio are carefully selected based on their fundamental soundness.

Foreign Exchange Risk: The Company is exposed to foreign exchange risk arising from fluctuations in foreign exchange rates. Significant fluctuation in the exchange rates could significantly affect the Company's financial position. Investors should note that the Fund is denominated in Philippine Peso and invests in a Target Fund denominated in US Dollars. **The foreign currency position of the Fund (i.e. PHP vs USD) will not be hedged. Thus, investors are fully exposed to fluctuations in the USD/PHP exchange rate.**

Liquidity Risk: The Company is usually able to service redemptions of investors within seven (7) banking days after receiving the notice of redemption by paying out redemptions from available cash or cash equivalents. When redemptions exceed these liquid holdings, the Funds will have to sell less-liquid assets, and during periods of extreme market volatility, the Company may not be able to find a buyer for such assets. As such, the Company may not be able to generate sufficient cash from its sale of assets to meet the redemptions within the normal seven (7) banking day period. To mitigate this risk, the Company maintains adequate highly liquid assets in the form of cash, cash equivalents and near cash assets in its portfolio.

Large Transaction Risk: If an investor in a Company makes a large transaction, the Company's cash flow may be affected. For example, if an investor redeems a large number of units of a Company, that Company may be forced to sell securities at unfavorable prices to pay for the proceeds of redemption. This unexpected sale may have a negative impact on the net asset value of the Company. To mitigate this risk, the Company may impose single investor limits to the ownership of the fund, when necessary. This limits the extent to which redemptions from any single investor can impact the Company's cash flow. The Company may also impose an anti-dilution levy or fee for significant orders, to protect the interest of the remaining investors of the Company, when necessary.

Non-Guarantee: Unlike deposits made with banks, an investment in the Company is neither insured nor guaranteed by the PDIC. Hence, investors carry the risk of losing the value of their investment, without any guaranty in the form of insurance. Moreover, as with any investment, it is important to note that past performance of the Fund does not guarantee its future success.

Regulatory Risk: The Company's operations are subject to various regulations, such as those affecting accounting of assets and taxation. These regulations do change, and as a result, investors may experience lower investment returns or even losses depending on what such a regulatory change entails. For example, higher taxes would lower returns, and a mandated precautionary loan loss provision could result in the Company experiencing a loss in the value of assets. To mitigate this risk, the Company adopts global best practices. Further, it maintains regular communications with the relevant government agencies to keep itself abreast of the issues giving them concern, and to have the opportunity to help them set standards for good governance. The Company's investment manager, SLAMCI, also takes an active participation in the Philippine Investment Funds Association, Inc. ("PIFA"), an association of mutual fund companies in the Philippines.

Operational Risk: This is the risk of loss resulting from inadequate or failed internal processes, controls, people and systems. Categories of operational risks may fall under: sales and distribution, human resources, information technology, processes and people, accounting and finance, model risk, legal and regulatory and third party relationships. The Company ensures that internal controls and practices are consistent with enterprise wide policies supporting the management of operational risks. The Company has established business specific guidelines. Comprehensive investment program, including appropriate levels of self-insurance, is maintained to provide protection against potential losses.

Taxation Risk: Gains realized by investors upon redemption of shares in a mutual fund are not subject to personal income tax (R.A. 8424). However, since the fund will only issue units, investors are advised to consult their own professional advisers as to the tax implications of subscribing for, purchasing, holding, and redeeming units of the Company.

Counterparty Risk: The Company is exposed to risks arising from solvency of its counterparties (e.g. custodian, broker, banks) and their ability to respect the conditions of contracts or transactions. To mitigate the risk, each Issuer/Borrower/Counterparty passes through a stringent credit process to determine whether its credit quality complies with the prescribed standards of the Company. Further, the credit quality of the Issuer/Borrower/Counterparty is reviewed periodically to ensure that excellent credit standing is maintained.

Foreign Investment Risk: The Company invests in securities issued by corporations in, or governments of, countries other than the Philippines. Investing in foreign securities can be beneficial in expanding your investment opportunities and portfolio diversification, but there are risks associated with foreign investments, including:

- companies outside of the Philippines may be subject to different regulations, standards, reporting practices and disclosure requirements than those that apply in the Philippines;
- the legal systems of some foreign countries may not adequately protect investor rights;
- political, social or economic instability may affect the value of foreign securities;
- foreign governments may make significant changes to tax policies, which could affect the value of foreign securities; and
- foreign governments may impose currency exchange controls that prevent a Fund from taking money out of the country.

To mitigate this risk, the Fund will only invest in securities that are domiciled in a country that is regulated by a credible regulatory authority.

Geographic Concentration Risk: Some Company may invest a relatively large portion of their assets in issuers located in a single country, a small number of countries, or a particular geographic region. As a result, the performance of these Companies could be closely tied to the market, currency, economic, political, regulatory, geopolitical or other conditions in such countries or region, and could be more volatile than the performance of funds with more geographically diversified holdings. The Fund manages this risk by complying with the exposure limits determined by the investment manager.

Passive Management Risk: Some Company may invest in other mutual funds that are not actively managed, such as index funds. Passively managed funds would not sell a security if the security's issuer was in financial trouble, unless the security is removed from the applicable index being replicated. The passively managed fund must continue to invest in the securities of the index, even if the index is performing poorly. That means the passively managed fund won't be able to reduce risk by diversifying its investments into securities listed on other indices. As a result, the performance of a passively managed fund may differ significantly from the performance of an actively managed fund. This may in turn affect the performance of a Company that invests in such passively managed fund.

Underlying Fund Risk: Some Company may pursue its investment objectives indirectly by investing in shares of other mutual funds, including exchange-traded funds, in order to gain access to the strategies pursued by those underlying funds. There can be no assurance that any use of such multi-layered fund of fund structures will result in any gains for a Company. If an underlying fund that is not traded on an exchange suspends redemptions, a Company will be unable to value part of its portfolio and may be unable to redeem shares. Underlying funds that are traded on an exchange are subject to the following risks that do not apply to conventional mutual funds: (i) an exchange-traded fund's units often trade on the exchange at a premium or discount to the net asset value of such units; (ii) an active trading market for an exchange-traded fund's units may not develop or be maintained, and (iii) there is no assurance that the exchange-traded fund will continue to meet the listing requirements of the exchange. The Company manages this risk by conducting comprehensive due diligence on the underlying funds as well as their respective investment managers.

The above risk factors are by no means exhaustive. New and/or unidentified risks may arise given the fast-changing financial markets and economic environment.

2. Capital Risk Management

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximizing returns to stakeholders through the optimization of the mix of high-quality debt securities from domestic issuers.

The Company is guided by its Investment Policies and Legal Limitations. All the proceeds from the sale of shares, including the original subscription payments at the time of incorporation constituting the paid in capital, is held by the pertinent custodian banks.

The Company manages capital and NAVPS, to ensure that the Company's net asset value remains competitive and appealing to prospective investors.

The Company is also governed by the following fundamental investment policies:

- a. As a **Feeder Fund**, the Company shall be subject to the following:
 - a. The Company shall invest more than ninety percent (90%) of its net assets in a single collective investment scheme
 - b. The single entity limit of fifteen percent (15%) shall not be applicable;
 - c. The Target Fund:
 - i. shall not be a feeder fund or co-managed fund;
 - ii. is a CIS established by another fund manager/s, asset management company/ies or fund operator/s;
 - iii. shall provide ample protection to the investors of the feeder fund. If the Target Fund is a foreign fund, the securities regulator approving the said fund shall have been assessed to have broadly implemented the IOSCO Principles relevant to collective investment schemes;
 - iv. The Target Fund publishes Quarterly/Semi-Annual and Annual Reports;
 - v. The investment objective of the target fund is aligned with that of the feeder fund.
 - d. The Target Fund is supervised by a regulatory authority, as follows:
 - i. A local Target Fund shall either be registered with the Commission or approved by the Bangko Sentral ng Pilipinas;
 - ii. A Target Fund constituted in another economy shall be registered/authorized/approved, as the case may be in its home jurisdiction by a regulatory authority that is an ordinary or associate member of the IOSCO
 - e. Investments in Target Funds shall be held for safekeeping by an institution registered/authorized/approved by a relevant regulatory authority to act as third party custodian.
 - f. The custodian can liaise with the offshore target fund on the transactions of the feeder fund.
 - g. In compliance with SEC Memorandum Circular 11, Series of 2019, "Amendments to ICA Rule 7.9", the Fund Manager can invest the funds of the feeder fund, fund-of-funds or co-managed funds to a target fund that is administered by the Fund manager or its related party/company provided that:
 - i. There shall be no cross-holding between the feeder fund or fund-of-funds and the target funds where cross-holding refers to the holding securities in another by two (2) or more funds;
 - ii. All initial charges on the target fund are waived; and
 - iii. The management fee shall be charged only once, either at the level of the feeder fund, fund-of-funds, co-managed funds or at the level of the target fund.

- b. It does not issue senior securities;
- c. It does not intend to incur any debt or borrowing. In the event that borrowing is necessary, it can do so only if, at the time of its incurrence or immediately thereafter, there is asset coverage of at least 300% for all its borrowings;
- d. It does not participate in any underwriting or selling group in connection with the public distribution of securities, except for its own share capital;
- e. It generally maintains a diversified portfolio. Industry concentrations may vary at any time depending on the investment manager's view on the prospects;
- f. It does not invest more than twenty percent (20%) of its net assets in real estate properties and developments, subject to investment restrictions and/or limitations under applicable law, if any;
- g. It does not purchase or sell commodity futures contracts;
- h. The asset mix in each type of security is determined from time to time, as warranted by economic and investment conditions; and
- i. Subscribers are required to settle their subscriptions in full upon submission of their application for subscriptions;
- j. It may use various techniques to hedge investment risks;
- k. It does not change its investment objectives without the prior approval of a majority of its shareholders and prior notice to the SEC.

The Investment Policies refer to the following:

- a. Investment Objective - to invest at least 90% of its net assets in a Target Fund that tracks the performance of the MSCI All Country World Index (ACWI). The MSCI ACWI is a market-capitalization weighted stock market index designed to represent performance of the full opportunity set of large- and mid-cap shares across developed and emerging markets. It is designed to provide a broad measure of equity-market performance throughout the world
- b. Benchmark - 98% MSCI ACWI (PHP Terms) + 2% 30-day USD Deposit Rate.
- c. Asset Allocation Range - the Company allocates its funds available for investments among cash and other deposit substitutes and fixed-income securities based on certain proportion as approved by Management.

Other matters covered in the investment policy include the fees due to be paid to the Fund Manager with management and distribution fees at an annual rate of 1.00% of the net assets attributable to unitholders on each valuation day.

In compliance to SEC Memorandum Circular No. 21, Series of 2019 signed on September 24, 2019 in relation to independent Net Asset Value (NAV) calculation, SLAMCI (Fund Manager) engaged Citibank, N.A. Philippines to service its fund accounting functions including calculation of its NAV every dealing day. In December 2020, SLAMCI implemented the outsourced fund accounting to all Sun Life Prosperity Funds.

As of June 30, 2026 and December 31, 2025, the Company is consistently in compliance with the minimum paid-in capital requirement of the SEC of PHP 50 million.

3. The amount and description of the company's investment in foreign securities:

4. The significant judgments made in classifying a particular financial instrument in the fair value hierarchy.

CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments in Applying Accounting Policies

The following are the critical judgments, apart from those involving estimations, that Management has made in the process of applying the Company's accounting policies that have the most significant effect on the amounts recognized in the financial statements.

Business model assessment

Classification and measurement of financial assets depend on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective.

The Company measures its financial assets at amortized cost if the financial asset qualifies for both SPPI and business model test. The Company's business model test is to hold the asset and to collect its cash flows which are SPPI. All other financial assets that do not meet the SPPI and business model test are measured at FVTPL.

As at June 30, 2026 and December 31, 2025, the Company's financial assets measured at FVTPL attributable to shareholders is nil, while attributable to unitholders amounted to P9,919,673,978 and P7,010,609,530, respectively.

Functional currency

Based on the economic substance of the underlying circumstances relevant to the Company, the functional currency of the Company has been determined to be the Philippine Peso (PHP). The PHP is the currency of the primary economic environment in which the Company operates. It is the currency being used to report the Company's results of operations.

Puttable shares designated as equity instruments

The Company's share capital met the specified criteria to be presented as equity. The Company designated its redeemable share capital as equity instruments since the Company's share capital met the criteria specified in PAS 32, *Financial Instruments: Presentation*, to be presented as equity.

A puttable financial instrument includes a contractual obligation for the issuer to repurchase or redeem that instrument for cash or another financial asset on exercise of the put. As an exception to the definition of a financial liability, an instrument that includes such an obligation is classified as an equity instrument if it has met all the following features:

- a. it entitles the holder to a pro rata share of the entity's net assets in the event of the entity's liquidation. The entity's net assets are those assets that remain after deducting all other claims on its assets;
- b. it is in the class of instruments that is subordinate to all other classes of instruments;
- c. all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- d. apart from the contractual obligation for the issuer to repurchase or redeem the instrument for cash or another financial asset, the instrument does not include any contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the entity, and it is not a contract that will or may be settled in the entity's own equity instruments; and
- e. the total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the entity over the life of the instrument (excluding any effects of the instrument).

As at June 30, 2026 and December 31, 2025 the recognized amount of share capital attributable to shareholders in the statements of changes in equity amounted to P500,000 while the amount of net contributions attributable to unitholders amounted to P6,454,877,322 and P4,450,936,195, respectively, as disclosed in Note 10.

Key Sources of Estimation Uncertainty

The following are the Company's key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Deferred tax asset

The Company reviews the carrying amount at the end of each reporting period and reduces deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. However, there is no assurance that the Company will generate sufficient taxable profit that will allow all or part of its deferred tax asset to be utilized.

Compliance with Foreign Account Tax Compliance Act (FATCA)

In accordance with the requirements of the US Internal Revenue Service ("IRS") and the Intergovernmental Agreement ("IGA") between the Government of the United States of America and the Government of the Republic of the Philippines to Improve International Tax Compliance and to Implement FATCA which was signed last July 13, 2015, the Company has registered with the Internal Revenue Service (IRS) and has obtained its own Global Intermediary Identification Number ("GIIN") as a sponsored entity. Sun Life Asset Management Company, Inc. ("SLAMCI") continues to assume responsibilities for the Company's FATCA compliance as the Sponsoring Entity and has implemented FATCA onboarding processes and procedures as well as system enhancements to monitor its new and pre-existing account holders who are U.S. Persons and have U.S. Indicia.

The Company, together with its Sponsoring Entity, SLAMCI, is preparing to comply for FATCA reporting on the date which will be set by the Bureau of Internal Revenue as soon as the IGA has been ratified by the Senate.

Market Review and Outlook

- Global equities declined -0.77% in June as investors balanced a perceived easing of geopolitical tensions in the Middle East against concerns over persistent inflation, higher-for-longer policy rates, and lingering scrutiny around the monetization of AI-related investment. While sentiment improved following the reopening of the Strait of Hormuz and falling energy prices, weakness across major Asian and U.S. markets weighed on broader performance. U.S. equities declined, with the S&P 500 down -0.95% and the Nasdaq-100 slipping -0.12%. Outside the U.S., Europe was more resilient, gaining +0.41%, while Japan and Asia ex-Japan fell -1.10% and -1.25%, respectively.

Market Review and Outlook

- Global equities advanced +5.21% during the month, as investor sentiment remained constructive despite ongoing geopolitical uncertainty, supported by signs of de-escalation in the Middle East and resilient economic and earnings data. Falling oil prices toward month-end and expectations of easing energy pressures also supported risk appetite. U.S. equities gained +5.26%, with the Nasdaq-100 outperforming at +10.58%. Europe posted a more modest increase of +2.75%, while Japan advanced +4.43%. Asia ex-Japan led regional performance, rising +11.26%, driven by strong gains in Korea and Taiwan tied to AI supply chains.
