1. **Independent Directors.** Nominees for Independent Directors were nominated by Ms. Valerie N. Pama to the Corporate Governance Committee. The nomination is in accordance with the guidelines and requirements set in the Securities and Exchange Commission (SEC) Memorandum Circular Nos. 24 (s. 2019) and SRC Rule 38. Qualifications of Directors as enumerated in said circulars are strictly followed.

2. **Nomination Process.** The Corporate Governance Committee, composed of Dr. Habito as Chairman and Mr. Sison and Mr. Reyes as Members, pre-screens and shortlists all candidates nominated to become a member of the Board of Directors in accordance with the qualifications and disqualifications of the regulations named above and in accordance with the procedure outlined in the Company’s Manual on Corporate Governance (“Manual”).

Except for committee members who are independent directors themselves, none of the members of the Corporate Governance Committee are related to the independent directors. The following Final List of Candidates to the 2025 Board of Directors has been approved:

- 2.1 Mr. Benedicto C. Sison
- 2.2 Ms. Valerie N. Pama
- 2.3 Dr. Cielito F. Habito
- 2.4 Atty. Teresita J. Herbosa
- 2.5 Mr. Cesar Luis F. Bate

Unless marked otherwise, proxies received will be voted for the election of each of the nominees stated in the proxy form.

b. **Incorporators.** The incorporators of the Company are: Rizalina G. Mantaring, Benedicto C. Sison, Valerie N. Pama, Oscar M. Orbos, and Aleli Angela G. Quirino.

c. **Significant Employees.** The Company has no significant employees.

d. **Family Relationships.** There are no family relationships up to the fourth civil degree either by consanguinity or affinity among directors, executive officers, or persons nominated by the Company to become its directors or executive officers.

e. **Involvement in Certain Legal Proceedings.** None of the directors or persons nominated to become directors or executive officers of the Company has been involved during the past five (5) years in any legal proceeding which is material to an evaluation of their ability

or integrity to serve as such, including, bankruptcy petition, conviction by final judgment, being subject to any order, judgment or decree, or violation of a securities or commodities law.

f. **Certain Relationships and Related Transactions.** The Company is not involved in any transaction or series of similar transactions, proposed or otherwise, with or involving any of its subsidiaries in which a director, executive officer, or stockholder owns ten percent (10%) or more of total outstanding shares and members of their immediate family had or is to have a direct or indirect material interest during the last two (2) years.

g. **Parent of the Company.** The Company does not have a parent company.

h. **Disagreement of Directors and Executive Officers.** None of the directors has resigned or declined to stand for re-election to the Board of Directors since the date of the last annual meeting of security holders because of a disagreement with the Company on any matter relating to the Company's operations, policies, or practices.

i. **Compliance with Leading Practices on Corporate Governance.** All of the directors and officers of the Company have attended a seminar on corporate governance given by a SEC-accredited provider. They attend a yearly training on Corporate Governance by a reputable provider, including topics global trends and best practices.

The Board reviews and updates its Manual on Corporate Governance at least annually to ensure that it is kept abreast of global leading practices and principles on good corporate governance. On a yearly basis, the Board Directors each accomplishes a Board Effectiveness Questionnaire to evaluate themselves as individual Directors and as a Board, to determine their skills and level of compliance with the Manual, as well as recommend changes to the Manual and Committee charters. This ensures that they remain independent and effective in implementing their respective mandates and discharging their duties and responsibilities. As a result of the recommendations from the Board on how to better improve Corporate Governance, they now hold a confidential meeting to discuss strategy every year.

The Company also has robust and effective risk management policies and procedures in place to identify, mitigate and manage risks arising from the Company's operations. On a yearly basis, the Company's Compliance Officer issues a Certification which confirms that the Company substantially adopted all the provisions in the Manual of Corporate Governance, as prescribed by the SEC. Accounts of deviation, if any, are duly reported by the Compliance Officer, as necessary.

Item 6. Compensation of Directors and Executive Officers

a. **Compensation of Executive Officers.** The executive officers of the Company do not receive any form of compensation from their appointment up to the present.

b. **Compensation of Directors.** The Fund's executive officers and directors who are officers and/or employees of SLOCPI and/or SLAMCI do not receive any form of compensation as such from the time of their appointments up to the present.

The Fund's directors who are not officers and/or employees of SLOCPI and/or SLAMCI (i.e., "Independent Directors") receive a per diem for their attendance at regular or special meetings of the Board at the rate of PHP 20,000.00 per meeting per Independent Director (the Fund has three [3] Independent Directors). There are no other forms of compensation which such Independent Directors are entitled to receive for meetings attended, other than said per diem and a retainer's fee not to exceed PHP 15,000.00 per quarter. Payment of such retainer's fee shall be shared by the Fund with the other Sun Life Prosperity Funds which the Independent

Director also serves, provided that each Independent Director shall receive only a maximum of PHP 15,000.00 per quarter from all the Sun Life Prosperity Funds combined. There are no standard arrangements, employment contracts, termination of employment, change-in-control or other arrangements with the directors. Such remuneration to be paid for by the Fund may be adjusted in the future as may be warranted by existing fund levels and other factors.

Total per diem received by the Fund's directors for the year 2024 and 2023 are \$4,506 and \$4,621, respectively.

The Board had four (4) regular quarterly meetings for 2024, including the organizational board meeting after the annual shareholders' meeting. For the four (4) meetings and with three (3) members of the Board who are external directors entitled to receive per diem, the Fund forecasts a total directors' per diem of PHP 240,000 (approximately US\$ 4,149) for the year 2025. The external directors are also forecasted to receive a total of P17,115 (approximately \$296) as retainer's fees for 2025.

c. **Employment Contracts and Termination of Employment and Change-in-Control Arrangements.** Other than that previously stated, there are no other standard or consulting arrangements or any compensatory plan relating to resignation/retirement by which directors and officers are to be compensated.

Item 7. Independent Public Accountants. Navarro Amper and Co./Deloitte Touche Tohmatsu served as the Company's principal accountants and external auditors since its incorporation. The signing partner Mr. Lloyd Morano, who has served in said capacity since 2023. The same auditors are being recommended for re-election at the scheduled annual shareholders' meeting. Representatives of the said firm are expected to be present at the upcoming annual shareholders' meeting to respond to appropriate questions and to make a statement if they so desire.

The signing partner of the audit firm shall be rotated after every seven (7) years, in compliance with SRC Rule 68, (3)(iv)(ix) version 2019.

Audit and Audit-Related Fees. For 2024 and 2023, aggregate fees billed for professional services rendered by the external auditor for the audit of the Fund's annual financial statements and services normally provided by external auditors in connection with statutory and regulatory filings amounted to \$2,796 and \$2,749, respectively, inclusive of VAT and out-of-pocket expenses. Audit Fees include payments for agreed-upon procedures and legal assistance for the application of ACS Increase of the Fund. There were no other payments made to the auditor for any other service, including assurance, tax and related services.

The Company's Audit and Compliance Committee hears the client service plan and service fee proposal presented by the external auditor and recommends such for the approval of the Board of Directors if found acceptable. Said Committee is composed of the following: Atty. Herbosa as Chairman and Dr. Habito and Mr. Reyes as Members.

Item 11. Financial and Other Information. No actions to be taken with respect to items 9 or 10. Report on Management's Discussion is attached as part of the annexes to SEC Form Definitive 20-IS.

Item 12. Mergers, Consolidations, Acquisitions and Similar Matters. No action is to be taken with respect to any transactions involving the: 1. merger or acquisition of the Company into or with any other person or any other person into or with the Company; 2. acquisition of the Company or any of its security holders of securities of another person; 3. acquisition by the Company of any other going business or of the assets thereof; 4. sale or other transfer of all or any substantial part of the assets of the Company; or 5. liquidation or dissolution of the Company.

Item 13. Acquisition or Disposition of Property. No action is to be taken with respect to the acquisition or disposition of any property.

Item 14. Restatement of Accounts. No action is to be taken with respect to the restatement of any asset, capital or surplus account of the Company.

D. OTHER MATTERS

Item 15. Action with Respect to Reports. The minutes of the meeting and related records are available for inspection by any shareholder at the office of the Company during business hours. Management recommends a vote FOR the approval of the minutes of the 2024 Stockholders' Meeting held on 16 July 2024.

Item 16. Matters Not Required to be Submitted. No action is to be taken with respect to any matter which is not required to be submitted to a vote of security holders.

Item 17. Amendment of Charter, Bylaws, or Other Documents. No action is to be taken with respect to amendment of the Company's charter, by-laws, or other documents.

Item 18. Other Proposed Action. Aside from the foregoing, there is no other proposed action.

Item 19. Voting Procedures. All elections and all questions, except as otherwise provided by law, shall be decided by the plurality vote of the shareholders present in person or by proxy; provided that a quorum (10% of the voting stock) is present. In case of election of directors, a majority vote (50% of the voting stock +1) is required.

The right to vote of investors as of the Record Date may be exercised in person, through proxy, or so when so authorized in the By-laws or when approved by the majority of the Board of Directors, through remote communication or in absentia. The Fund will accept proxy votes from its stockholders by emailing SunLifeFunds@sunlife.com until Monday, 04 August 2025 (at least 10 days prior to the ASHM). The same shall be remotely validated by the Fund before the close of business hours on or before 09 August 2025 (at least 5 days prior to the ASHM). Investors who will decide to attend the ASHM via Zoom may also exercise their right to vote in absentia via the Zoom poll functionality available during the conduct of the ASHM. Client identification may be verified during the pre-registration process.

Thereafter, the Corporate Secretary will proceed to count and tabulate the votes casted via remote communication or in absentia, and those who voted through proxy.

PART II. INFORMATION REQUIRED IN A PROXY FORM

Item 1. Identification. The solicitation of proxies is made by Ms. Jonah Lui P. Pascual for and on behalf of Ms. Valerie N. Pama, President of the Company. The proxy given will be voted by Ms. Pama in accordance with the authority contained therein. Atty. Anna Katrina C. Kabigting-Ibero, Corporate Secretary, will vote in case of Ms. Pama's absence.

Item 2. Instruction. Proxy forms attached to the notice of the annual shareholders' meeting appoint Ms. Pama, President of the Company, to represent and vote all shares registered in the name of the shareholder. The following need to be indicated by the shareholder on the form: a. Date and place the form was signed; b. Shareholder's complete name; and c. Signature.

Upon receipt of a duly completed proxy form through courier, regular mail, fax, or email (sent using the shareholder's registered email address with the Company), the Company will ensure that the forms are in order and that the above requirements have been complied with. Shareholder names and signatures appearing on the proxy form that are irreconcilable against Company records will be considered void.

Should defects be noted on a duly completed proxy form with regard to items (a) and (b) above, the Company has the option to determine ways and means by which the defect could be corrected, in which case the proxy form would be considered valid. Proxy forms not meeting the above requirements would not be counted.

Item 3. Revocability of Proxy. A shareholder giving a proxy has the power to revoke it at any time prior to its exercise by voting in person at the Annual Meeting, by giving written notice to the Corporate Secretary prior to the Annual Meeting, or by giving another proxy with a later date provided it is received by the office of the Corporate Secretary not later than ten (10) days prior to the Annual Meeting.

Item 4. Persons Making the Solicitation.

a. The proxy solicitation is conducted on behalf of the Company by SLAMCI as part of its management services and is to be made through registered mail and courier service. No director of the Company has informed the Company in writing that he intends to oppose any action intended to be taken.

b. Proxies may also be solicited by SLAMCI employees assigned to Investor Services, without additional compensation, personally or by written communication, telephone or other electronic means. **Ms. Jonah Lui P. Pascual** has been designated as the contact person for all inquiries related hereto at contact number (632) 8849-9888 with address at 8th Floor Sun Life Centre, 5th Avenue corner Rizal Drive, Bonifacio Global City, Taguig City 1634, and email address jonahlui.pascual@sunlife.com.

c. Likewise, no especially engaged employee or paid solicitors are to be involved in this exercise.

The following Funds failed to secure the required number of votes to elect its Boards of Directors for the term 2024-2025:

- a. Sun Life of Canada Prosperity Balanced Fund, Inc.
- b. Sun Life of Canada Prosperity Philippine Equity Fund, Inc.
- c. Sun Life Prosperity Dollar Abundance Fund, Inc.
- d. Sun Life Prosperity Dollar Advantage Fund, Inc.
- e. Sun Life Prosperity Dynamic Fund, Inc.
- f. Sun Life Prosperity GS Fund, Inc.
- g. Sun Life Prosperity World Voyager Fund, Inc.

The respective resolutions were passed by the Stockholders, as documented through Sun Life Prosperity Funds ASHM Resolution No. 1-2024.

A continuation of the Annual Stockholders' Meeting will be held on 09 September 2024 at 9:00 a.m. via Zoom Conference. In the meantime, the present Board of Directors for the above Funds will continue to serve as such until their successors are elected and duly qualified.

8. APPROVAL OF THE MINUTES OF THE PREVIOUS MEETING

With a majority vote of the stockholders present or represented during the online meeting, the minutes of the previous meetings held on July 11, 2023 and September 8, 2023 were approved, and the same was documented through the issuance of Sun Life Prosperity Funds ASHM Resolution No. 2-2024.

9. CONFIRMATION AND RATIFICATION OF ALL ACTS AND PROCEEDINGS OF THE BOARD AND CORPORATE OFFICERS

With a majority vote of the stockholders present or represented during the online meeting, the resolution to approve the confirmation and ratification of all acts and proceedings of the Board of Directors and Officers of the previous year was approved. The same was documented through the issuance of Sun Life Prosperity Funds ASHM Resolution No. 3-2024.

10. APPOINTMENT OF EXTERNAL AUDITOR

With a majority vote of the stockholders present or represented during the online meeting, the stockholders appointed Navarro Amper and Co./Deloitte Touche Tohmatsu as the Funds' External Auditor for 2024. The same was documented through the issuance of Sun Life Prosperity Funds ASHM Resolution No. 4-2024.

11. OTHER MATTERS

Amendments of the Articles of Incorporation

With the affirmative vote of at least 2/3 of the outstanding capital stock, the following amendments to the Articles of Incorporation and Prospectus of the Dollar Starter Fund were approved:

- a. Article II paragraph 8 (Secondary Purpose) of the Articles of Incorporation to clarify the wording (i.e., replace "business with "activities");
- b. Article II, paragraph 6 of the Articles of Incorporation to align with regulations; and
- c. Registration Statement and Prospectus to change the Fund's Investment Objective, Investment Policy, and Strategy

However, the proposed amendments to the respective Articles of Incorporations of the Bond, Balanced, Philippine Equity, Dollar Abundance, Dollar Advantage, GS, Dynamic, Stock

Index, Wellspring, and World Voyager, were **not approved** due to the failure to meet the requirement of an affirmative vote of 2/3 of the outstanding capital stock.¹

Amendments of the By-Laws

The following amendments to the By-Laws of the Bond Fund were likewise **approved** after obtaining the affirmative vote of a majority of the Fund's outstanding capital stock:

- a. Article I, Sections 1 (Annual Meetings) and 2 (Special Meetings) of the By-Laws to allow for the holding of the stockholders meeting via remote communication; Section 2 (Special Meetings) to align with the Section 49 of the Revised Corporation Code;
- b. Article I, Section 3 (Notices) of the By-Laws to align the notice period for stockholders' meetings with the issuances of the Securities and Exchange Commission and to allow for the sending of the notices electronically;
- c. Article I, Section 6 (Voting) of the By-Laws to provide for the use of remote communication or in absentia in the conduct of regular and special stockholders' meetings and on the manner of voting in accordance with the Revised Corporation Code
- d. Article II, Section 1 (Board of Directors) of the By-Laws to include the requirement that at least twenty percent (20%) of the Board of Directors must be composed of independent directors;
- e. Article IV, Section 1 (Committees) of the By-Laws to ensure compliance with applicable rules on the composition of committees, changing or discharging of its members, and filling in vacancies;
- f. Article IV, Section 2 (Advisory Board) of the By-Laws on the deletion of the Advisory Board;
- g. Article VI, Section 1 (b) (Management Contracts) of the By-Laws to align with the Investment Company Act and its Implementing Rules and Regulations;
- h. Article VI, Section 2 (Distribution Contracts) of the By-Laws to align with the Investment Company Act and its Implementing Rules and Regulations, and to clean up the provisions;
- i. Article VII, Section 3 (Lost or Destroyed Certificates) of the By-Laws to refer to the applicable section of the Revised Corporation Code;
- j. Article VII, Section 6 (Closing of Transfer Books) of the By-Laws to align with the period specified in the Revised Corporation Code;
- k. Article VIII, Section 1 (Investment Policy) of the By-Laws to clarify that the Prospectus is as filed with and approved by the Securities and Exchange Commission;
- l. Article VIII, Sections 2 (a) (b) and (c) (Restrictions) of the By-Laws to align with the Investment Company Act and its Implement Rules and Regulations;
- m. Article IX, Section 1 (Net Asset Value) of the By-Laws to clarify that the Prospectus is as filed with and approved by the Securities and Exchange Commission;
- n. Article X, Section 1 (Procedure for Redemption) of the By-Laws to align with the grounds for suspension under the Investment Company Act and its Implementing Rules and Regulations;
- o. Article X, Section 2 (Payment on Redemption) of the By-Laws to align with the Investment Company Act and its Implementing Rules and Regulations;
- p. Article XI, Section 1 (Custodian) of the By-Laws to align the definition of a Custodian with the definition and qualifications provided by the Investment Company Act and other applicable issuance of the Securities and Exchange Commission;
- q. Article XI, Section 2 (Auxiliary Custodian) of the By-Laws to align it with the Investment Company Act and its Implementing Rules and Regulations on outsourcing or delegation of functions of the Custodian;

¹ This includes the proposal to amend Article VI of the Balanced Fund, Dollar Abundance Fund, Dollar Advantage Fund, Philippine Equity Fund, GS Fund, Dynamic Fund, and World Voyager Fund's respective Articles of Incorporation to increase the number of directors to six (6).

- r. Article XI, Section 3 (Auditors) to align it with the Investment Company Act and its Implementing Rules and Regulations and the Securities Regulation Code on the qualifications and appointment of an auditor;
- s. Article XIV, Section 1 (Amendments) of the By-Laws to align with the applicable provision of the Revised Corporation Code;
- t. Article II, Section 3 (Meetings) and 4 (Quorum) of the By-Laws to align the period for the notice of meeting of the directors with the Revised Corporation Code. (Note: This section is also for renumbering);
- u. Article II, Section 5 (Compensation) of the By-Laws to expressly state that directors and prohibited from participating in the determination of their own per diems or compensation; and to ensure that director compensation is granted by stockholders;
- v. Article II, Section 6 (Vacancy) of the By-Laws to align with the Revised Corporation Code on the vacancies in the Board of Directors;
- w. Article III, Sections 1 and 7 of the By-Laws in relation to the election of a Compliance Officer as one of the corporate officers; and
- x. Article II, Section 2 (Nomination Committee) of the By-Laws is deleted to align with required Board-level committees per recent rules and regulations. A separate section in the By-Laws also provides the Board with the power to designate committees.

Meanwhile, the proposed amendments to the By-Laws of the Balanced, Philippine Equity, Dollar Abundance, Dollar Advantage, GS, Dynamic, and World Voyager Funds were **not approved** due to the failure to meet the requirement of an affirmative vote of the majority of the outstanding capital stock. Also not approved is the delegation of power to amend Articles 1, 2, 3, 4 and 6 of the By-Laws of the Balanced Fund.

The respective resolutions were passed by the Stockholders, as documented through Sun Life Prosperity Funds ASHM Resolution Nos. 5 to 31-2024.

A continuation of the Annual Stockholders' Meeting will be held on 09 September 2024 at 9:00 a.m. via Zoom Conference to re-submit these matters for the approval of the Stockholders.

12. QUESTIONS FROM THE STOCKHOLDERS

The meeting host chose the three most-asked questions from the stockholders and started with the inquiry as to what service enhancements SLAMCI has implemented since the last Annual Stockholders' Meeting. Ms. Valerie N. Pama, President and Director of the Funds, shared the following initiatives: faster settlement time from four (4) days to three (3) days for select Peso Equity-laced Funds and from three (3) days to two (2) days for the Peso Bond Funds; more secure redemption transactions; addition of GCash Bills Payment as a payment channel; and compliance with the Financial Consumer Protection Act.

Next, the host read the question asking for more details the newest fund of SLAMCI, the Sun Life Prosperity World Income Fund (WIF). Mr. Gerald L. Bautista, President of SLAMCI, shared that WIF allows clients to invest in a variety of assets worldwide with only P10,000 and get potential monthly cash payouts from its dividends. He described WIF as a Feeder Fund that invests at least 90% of its net assets in a Target Fund managed by BlackRock®, one of the world's largest asset management companies. According to Mr. Bautista, the Fund is suitable for clients who are aiming to generate high income on their investments by investing globally in the full range of assets.

The third most-asked question according to the host is why the Dollar Starter Fund is being reclassified to Dollar Money Market Fund. Mr. Sison volunteered to answer the question and said

that reclassification is part of Sun Life's initiative to position the Fund as a "starter" product, aimed at preserving capital and providing competitive yields, while reducing overall risk. He added that the inclusion of global and local money market collective investment schemes as part of the Fund's investment outlets is intended to potentially enhance the Fund's yield.

The host then reminded the participants to attend the Market Outlook Forum with the Fund Managers to discuss in more detail investment advice during this time.

13. ADJOURNMENT

There being no other matter for discussion, upon motion duly made and seconded, the Joint Annual Stockholders' Meeting of the Sun Life Prosperity Funds was adjourned at 3:31 pm.

PART I - BUSINESS AND GENERAL INFORMATION

Item 1. Business

The Sun Life Prosperity Dollar Starter Fund, Inc. (the "Fund") is a registered open-end investment company under the Investment Company Act (R.A. 2629) and the Securities Regulation Code (R.A. 8799). It was incorporated on January 16, 2017 under SEC Registration No. CS201701307.

Sun Life Asset Management Company, Inc. ("SLAMCI"), a wholly owned subsidiary of Sun Life of Canada (Philippines), Inc. ("SLOCPI"), acts as the Fund Manager and Principal Distributor. The Fund aims to provide higher yields than conventional bank deposits and money market funds by investing in a composition of cash, long-term bank deposits, short-term corporate and government debt and other fixed income instruments denominated in Us dollars. For 2024, income of the Fund is composed of the following:

Interest Income from Cash and Cash Equivalents	96.18%
Interest income from fixed income securities	3.75%
Other Income	0.07%

The Fund was incorporated on January 16, 2017 with 6,000,000 authorized shares at par value of P1.00 per share.

Approved changes

On February 23, 2017, the shareholders and Board of Directors approved the blanket increase of the Fund's authorized share capital up to 100,000,000,000 shares with a par value of P1.00 per share. The increase will be implemented by the Chairman of the Board of Directors and President of SLAMCI acting jointly in tranches.

Application for 6,000,000 additional shares

On July 24, 2018, the Chairman of the Board of Directors of the Fund and the President of SLAMCI jointly approved the first tranche of increase in authorized share capital by P6,000,000 divided into 6,000,000 shares at a par value of P1.00 per share.

On September 14, 2018, the Fund's application for increase in ACS for 6,000,000 shares was filed/presented with the SEC.

On October 24, 2018, the Fund received SEC evaluator's comments and additional requirements on the 6,000,000 ACS increase application.

On July 29, 2019, the Fund's application for 6,000,000 increase in ACS was approved by the SEC.

On January 22, 2021, the Fund received comments from the SEC-CGFD on the Fund's Q3 2020 UIFS and 2019 AFS in relation to the 6,000,000 shares increase.

On February 18, 2021, the Fund submitted its response letter via email to SEC-CGFD.

On March 17, 2021, the Fund filed its amended registration statement for the registration of the approved 6,000,000 shares increase.

Currently, the Fund is waiting for feedback from SEC-CGFD on the documents provided.

Application for 25,000,000 additional shares

On August 19, 2019, the Chairman of the Board of Directors of the Fund and the President of SLAMCI, jointly approved the second tranche of increase in authorized capital stock by P25,000,000 divided into 25,000,000 shares at the par value of P1.00 per share.

On September 30, 2019, the Fund's application for increase in ACS for 25,000,000 shares was filed/presented with the SEC.

In 2020, the Fund engaged Reyes Tacandong & Co (RTC) to render its professional services in providing assistance to the Fund in submission of documents as required by the SEC for the approval of 25,000,000 additional shares.

On October 28, 2020, the Fund received comments from SEC for the Fund's application for increase in ACS of 25,000,000 shares.

On September 29, 2021, the Fund submitted to SEC-CRMD the documentary requirements in the list received by the Company on October 28, 2020.

On October 11, 2021, the Fund received CGFD's monitoring findings and comment list on the AOI and By Laws dated October 8, 2021.

On January 3, 2022, the Fund filed with SEC-CGFD the Deed of Undertaking and Secretary's Certificate in relation to the SEC comments on AOI and By Laws.

On January 14, 2022, the Fund was advised by RTC that SEC-CGFD is amenable to the submission and terms of the Fund's Deed of Undertaking in lieu of immediate compliance with comments but shall be subject to acceptance by CRMD if the same would satisfy its application requirements.

On January 31, 2022, RTC provided to SEC-FAAD the email response of SEC-CGFD.

On February 18, 2022, RTC submitted the hard copy of the documentary requirements to the SEC.

On March 17, 2022, the Fund was advised by RTC that they received an email from SEC stating that the undertaking is okay since the CGFD allowed it.

On 11 August 2022, the Fund paid the ACS increase fee of Php 1,097,721.

On 08 September 2022, RTC emailed to SEC-CGFD the copy of Certificate of Increase and Secretary's Certificate of No Pending Case of intra-corporate dispute and on 09 September 2022, RTC transmitted to the original copy to SEC.

On 12 September 2022, the Fund's application for 25,000,000 increase in authorized share capital was approved by the SEC awaiting RS approval.

On January 6, 2022, the application was reprocessed and pre-processing checklist was received from the examiner on the week March 16, 2022 for Fund's proper action.

On 05 May 2022, the revised/updated documents are for routing to signatories.

On 02 September 2022, the Fund sent to RTC via email the updated Certificate of Increase and Directors Certificate based on the comments from checklist.

On October 4, 2024, the Fund submitted a requested letter to SEC-CGFD to withdraw its ACS increase application. SEC-CGFD acknowledged the receipt of the request letter on October 7, 2024.

Application for 300,000,000 additional shares

On March 18 and 21, 2022, the President of the SLAMCI and the Fund, approved the fifth tranche of increase in authorized capital stock by Php 300,000,000.00 divided into 300,000,000 shares at the par value of Php 1.00 per share.

On March 31, 2022, the Fund's application for increase in ACS for 300,000,000 shares was filed/presented with the SEC.

On 05 May 2022, the Fund submitted to SEC the updated Deed of Undertaking indicating the four pending applications in compliance to the comment of SEC-CGFD in the email received on 08 April 2022. On the same day, received from SEC-FAAD the pre-processing checklist issued by the examiner (1st processing checklist dated 28 Apr 2022).

On August 8, 2022, RTC forwarded an email from SEC-CGFD stating that they are amenable to the submission and terms of the Fund's said Deed of Undertaking in lieu of immediate compliance with their comments, hence, they INTERPOSE NO OBJECTION to the processing of the Fund's application.

On 09 September 2022, the Fund filed an application for amendment of the Articles of Incorporation and By-Laws to comply with SEC-CGFD 08 October 2021 list of comments.

On 04 November 2022, the Fund received an email from SEC-CGFD that they INTERPOSE NO OBJECTION to the processing of the Fund's application for amendment of AOI and BL subject only to compliance with their Comment List dated 3 November 2022.

On 16 December 2022, SLAMCI sent a letter to the SEC requesting to withdraw the application for the 300,000,000,000 shares increase in ACS. The Fund reassessed the number of shares applied for increase in ACS, and it was determined that it no longer matches the current DFFS levels of the Fund.

On 11 August 2023, the request for withdrawal was acknowledged by SEC-CRMD.

On 20 October 2023, the SEC-CRMD granted the request for withdrawal of application for increase in ACS and is considered withdrawn.

On 10 November 2023, the Fund was informed through SEC-CGFD's letter dated 3 November 2023 that considering CRMD's approval of request to withdraw the application for increase in ACS, the subject request is hereby noted, subject to the Fund's continuous compliance with the reduced allowable number of DFFS equivalent in shares.

Current state

DFFS received in cash amounting to nil, \$3,300,874, and \$63,493,668 as at December 31, 2024, 2023 and 2022, respectively, were classified as equity since the Fund has met all of the conditions required for such recognition.

As of December 31, 2023, the Fund have not exceeded the allowable DFFS in shares in compliance with the Exemptive Relief from the amended Financial Reporting Bulletin (FRB) No. 6, approved by the SEC on April 28, 2022.

The outstanding shares classified as DFFS as at December 31, 2024, 2023 and 2022 are held by the Fund's shareholders and related parties as disclosed in Note 11.

As at December 31, 2024, the Fund has 35,289,456 issued and outstanding shares out of the 37,000,000 ACS with a par value of P1.00 per share.

The Fund's common shares are available through SLAMCI's registered representatives and eligible securities dealers that have entered into an agreement with SLAMCI to sell shares.

The Fund is part of the seventeen (17) Sun Life Prosperity Funds which offer excellent value to investors as a result of SLAMCI's collective experience in fund management, strong investment philosophy, remarkable investment performance and strong organizational structure. However, it should be noted that past performance of any fund manager is no guarantee of future results. It is only an indication of their capabilities to deal with rapid changes in the economy and market conditions in the future.

The Sun Life Prosperity Funds make investing simple, accessible and affordable. The Sun Life Prosperity Funds offer a unique "family of funds" to choose from. The "family of funds" concept allows investors to modify their investment strategies over time, by letting them transfer from one fund to another, as their needs dictate, as much as ten times a year without paying documentary stamp taxes.

The financial statements have been prepared on the historical cost basis, except for financial assets carried either at fair value or at amortized cost. Fair value movements on financial assets are taken through the statement of comprehensive income. The change to marked-to-market thus provides equitable treatment between investors coming in and out of the Fund.

The Fund principally competes directly with other mutual funds in the Philippines and with the Unit Investment Trust Funds ("UITFs") offered by commercial banks.

The Fund's market strength is its wide distribution network that provides strategic distribution of Fund shares and the financial stability and reputation of its Investment Company Adviser, SLAMCI. The Fund intends to compete principally based on the reputation of SLAMCI for superior investment performance and corporate governance coupled with its distribution network and superior backroom operations.

The Fund participates in the mutual funds sector, which is a sub-sector of the financial services industry. There are no national geographical boundaries as the nature of the industry and prevailing technology make it possible for the various players to offer their services to almost any place in the country.

There are many potential advantages to investing in mutual funds and in the Offer Shares. However, in deciding to invest, the investor is strongly advised to also consider the risks involved in investing in mutual funds, and in the Offer Shares, as well as the risks that the Fund faces, given its underlying assets whose respective values essentially affect the Fund's overall net asset value.

Market Risk: Interest Rate Risk is a type of Market Risk which is applicable to the Fund's investments in bonds, if any. This refers to the increase/decrease of a bond price due to movement in market factors such as changes in interest rates. A change in interest rates is the period when interest rates rise or fall thus causing the decline or increase in the market price of the bonds held by the Fund, if any. This risk is minimized by closely monitoring the direction of interest rates and aligning it with the appropriate strategy of the Fund.

Credit Risk: Investments in bonds carry the risk that the issuer of the bonds might not be able to meet its interest and principal payments. In which case, the value of the bonds will be adversely affected and may result in a write-off of the concerned asset held by the Fund, resulting to a significant decrease in its NAVPS. To mitigate this risk, each Issuer/Borrower/Counterparty passes through a stringent credit process to determine whether its credit quality complies with the prescribed standards of the Fund. The credit quality of the Issuer/Borrower/Counterparty is reviewed periodically to ensure that excellent credit standing is maintained. Moreover, a 15% exposure limit to a single entity is likewise observe.

Foreign Investment Risk: The Fund invests in securities issued by corporations in, or governments of, countries other than the Philippines. Investing in foreign securities can be beneficial in expanding your investment opportunities and portfolio diversification, but there are risks associated with foreign investments, including:

- companies outside of the Philippines may be subject to different regulations, standards, reporting practices and disclosure requirements than those that apply in the Philippines;
- the legal systems of some foreign countries may not adequately protect investor rights;
- political, social or economic instability may affect the value of foreign securities;
- foreign governments may make significant changes to tax policies, which could affect the value of foreign securities; and
- foreign governments may impose currency exchange controls that prevent a Fund from taking money out of the country.

Fund Manager Risk: The performance of the Funds is also dependent on the Fund Manager's skills. Hence, the Fund may underperform in the market and/or in comparison with similar funds due to investment decisions made by the Fund Manager, and may also fail to meet the Fund's investment objectives. The Board of Directors of the Funds, however, shall ensure that all investment policies and restrictions enumerated in this Prospectus are strictly followed.

Liquidity Risk: The Funds are usually able to service redemptions of investors within 7 business days after receiving the notice of redemption by paying out redemptions from available cash or cash equivalents. When redemptions exceed these liquid holdings, the Funds will have to sell less-liquid assets, and during periods of extreme market volatility, the Funds may not be able to find a buyer for such assets. As such, the Funds may not be able to generate enough cash to pay for the redemptions within the normal 7-day period. To mitigate this risk, the Fund maintains adequate highly liquid assets in the form of cash, cash equivalents and near cash assets in its portfolio.

Dilution Risk: Being an open-end mutual fund, various investors may effectively subscribe to any amount of shares of the Fund. You then face the risk of your investments being diluted by the shares of the other investors of the Fund. The influence that the investors can exert over the control and management of the Fund decreases proportionately. To mitigate this risk, the Fund may impose single investor limits to the ownership of the fund, when necessary. This limits the extent to which any single investor can exercise control of the Fund.

Large Transaction Risk: If an investor in a Fund makes a large transaction, the Fund's cash flow may be affected. For example, if an investor redeems a large number of shares of a Fund, that Fund may be forced to sell securities at unfavorable prices to pay for the proceeds of redemption. This unexpected sale may have a negative impact on the net asset value of the Fund. To mitigate this risk, the Fund may impose single investor limits to the ownership of the fund, when necessary. This limits the extent to which redemptions from any single investor can impact the Fund's cash flow.

Non-Guarantee: Unlike deposits made with banks, an investment in the Fund is neither insured nor guaranteed by the PDIC. You carry the risk of losing the value of your investment, without any guarantee in the form of insurance. Moreover, as with any investment, it is important to note that past performance of the Fund does not guarantee its future success.

Not Insured: You should be aware that your investment in the Funds is not insured with the Philippine Deposit Insurance Corporation ("PDIC"). The Fund Manager is prevented by law to guarantee any return.

Regulatory Risk: The Funds' operations are subject to various regulations, such as those affecting accounting of assets and taxation. These regulations do change, and as a result, investors may experience lower investment returns or even losses depending on what such a regulatory change entails. For example, higher taxes would lower returns, and a mandated precautionary loan loss provision could result in the Fund experiencing a loss in the value of assets. To mitigate this risk, the Fund adopts global best practices. Further, it maintains regular communications with the relevant government agencies to keep itself abreast of the issues giving them concern, and to have the opportunity to help them set standards for good governance. The Fund's investment manager, SLAMCI, also takes an active participation in the Philippine Investment Funds Association, Inc. ("PIFA"), an association of mutual fund companies in the Philippines.

The above risk factors are by no means exhaustive. New and/or unidentified risks may arise given the fast changing financial markets and economic environment.

Classification of the Fund into high, moderate or low risk investment: The Fund seeks to provide higher yields than conventional bank deposits and money market funds by investing in a composition of cash, long-term bank deposits, short-term corporate and government debt and other fixed income instruments. The Fund is classified as a conservative/low-risk investment.

Item 2. Properties

The Fund has financial assets in the form of cash and cash equivalents and fixed income securities. As prescribed by SEC Rules, all of its assets are held by its custodian bank, Citibank, N.A..

Office space of the Fund is provided by SLAMCI pursuant to the Management Agreement between them. The Fund does not intend to acquire any real property in the course of its business.

Item 3. Legal Proceedings

There is no material pending legal proceeding to which the Fund or any of its affiliates is a party, or of which any of their property is the subject.

Item 4. Submission of Matters to a Vote of Security Holders

The Fund held its Annual Stockholders' Meeting on 16 July 2024 and the following were elected as directors for the term 2024 to 2025: Benedicto C. Sison, Valerie N. Pama, Aleli Angela G. Quirino (independent), Oscar S. Reyes (independent), and Teresita J. Herbosa (independent). The stockholders present or represented unanimously approved the following:

1. The minutes of the Annual Stockholders' Meeting held on 11 July 2023;
2. The minutes of the Continuation Meeting of the Stockholders held on 08 September 2023;
3. All acts and proceedings of the Board and Corporate Officers (confirmation and ratification thereof); and
4. Appointment of Navarro, Amper & Co. (Deloitte Touche Tohmatsu) as External Auditor for 2024.

The Fund met the requirement of 2/3 of the outstanding capital stock should be present in person or by proxy. Thus, the following items were approved by the stockholders:

1. Amendment of Article II paragraph 8 (Secondary Purpose) of the Articles of Incorporation to clarify the wording (i.e., replace "business with "activities")
2. Amendment of Article II, paragraph 6 of the Articles of Incorporation to align with regulations.
3. Amendment of Registration Statement and Prospectus to change the Fund's Investment Objective, Investment Policy, and Strategy.

PART II - OPERATIONAL AND FINANCIAL INFORMATION

Item 5. Market for Issuer's Common Equity and Related Stockholder Matters

1. Market Information

The shares of the Fund are traded over-the-counter. The Fund's common stocks are available through registered representatives and eligible securities dealers that have entered into an agreement to sell shares with the Fund's Principal Distributor, SLAMCI.

The following table shows the ranges of high and low prices (NAVPS) of the Fund's common shares for each quarter within 2024:

	2024		2023	
	High	Low	High	Low
Q1	1.1089	1.0976	1.0757	1.0701

Q3	1.1314	1.1203	1.0866	1.0808
Q4	1.1415	1.1315	1.0975	1.0868

The Fund's NAVPS is published daily through Business World, Business Mirror, and Sun Life Websites.

Below table shows the investment return information of the Fund in the last five (5) recently completed fiscal years:

Year on year yield (1-year)	4.0281%
3 Year - Simple	7.6278%
5Year - Simple	10.0665%

2. Holders

The Fund has approximately 3,791 shareholders as of December 31, 2024.

On 08 November 2018, SEC en *banc* approved the confidential treatment of the list of Top 20 shareholders of the Sun Life Prosperity Funds, including the 5% and 10% beneficial owners. This is to protect the investors' privacy, which is a privilege they enjoy when they invest in other shared investment vehicles, such as unit investment trust funds, and when they invest in bank deposits.

The following table shows the number of institutional and retail investors and the percentage of their investments, and the geographic concentration of investments as of December 31, 2024.

% Ownership of Institutional Investors	% Ownership of Retail Investors
65.12%	34.88%

Area	Percentage of Investments
LUZON	95%
VISAYAS	4%
MINDANAO	1%
TOTAL	100%

3. Dividends

The Fund has not declared cash or stock dividends to date, but it has no restrictions that may limit its ability to pay dividends in the future.

The Board of Directors of the Fund has the power to fix and determine the amount to be reserved or provided for declaration and payment of dividends from the Fund's unrestricted retained earnings. The amount of such dividends (either in cash, stock, property or a combination of the foregoing) will depend on the Fund's profits, cash flows, capital expenditure, financial condition, and other factors. The existence of surplus profit arising from the operation of the Fund is needed before a dividend can be declared. The surplus profits or income must be a bona fide income founded upon actual earnings or profits. Actual earnings or profits shall be the net income for the year based on the audited financial statements, adjusted for unrealized items, which are considered not available for dividend declaration. Taking into account the Fund's cash flows, investment objective and financial condition, at least 10% of the actual earnings or profits may be declared by the Board of Directors as dividends.

Dividends so declared will be automatically reinvested in additional shares on behalf of the shareholders, without sales charges, at the NAVPS on the payment date established for such dividends. As such, shareholders realize their gains when shares are redeemed. Shareholders may also elect not to have dividends reinvested and receive payment in cash, net of tax.

Item 6. Management's Discussion and Analysis or Plan of Operation.

The Performance of the Fund could be measured by the following indicators:

1. **Increase/Decrease in Net Assets Value per Share (NAVPS.)** NAVPS is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued and outstanding plus the total number of shares outstanding due to deposit for future subscriptions (DFFS) and for conversion to shares, if any, as of the end of the reporting day. Any increase or decrease in NAVPS translates to a prospective capital gain or capital loss, respectively, for the Fund's shareholders.

2. **Net Investment Income.** Represents the total earnings of the Fund from its investment securities, less operating expenses and income tax. This gauges how efficiently the Fund has utilized its resources in a given time period.
3. **Assets Under Management (AUM).** The assets under the Fund's disposal. This measures the profitability of the Fund (increase/decrease brought about by its operational income) as well as investor confidence (increase/decrease brought about by investor subscriptions/redemptions).
4. **Cash Flow.** Determines whether the Fund was able to achieve the optimal level of liquidity by being able to meet all its scheduled payments, while maintaining at the same time the maximum investments level and minimum cash level.

Accounting Policies for Financial Assets at Fair Value Through Profit and Loss

Financial assets

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Fund commits to purchase or sell the asset.

At initial recognition, the Fund measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

Classification and Subsequent Measurement

The Fund classifies its financial assets in the following measurement categories:

- FVTPL
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fair value.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

Debt instruments

Subsequent measurement of debt instruments depends on the Fund's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the group classifies its debt instruments:

- Amortized cost. Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- FVTPL. Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in finance income.

Amortized cost and effective interest method

The effective interest method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired (POCI) financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

FINANCIAL MARKETS REVIEW (2024)

INVESTMENT APPROACH

The investment mandate of the Dollar Starter Fund seeks to provide higher yields than conventional bank deposits and money market funds by investing in a composition of cash, long-term bank deposits, short-term corporate and government debt, and other fixed income instruments denominated in US dollars. Portfolio duration is kept at a negligible level to keep price volatility at a minimum. Credit risk, on the other hand, is managed through a stringent adjudication process on a group level. Optimum levels of cash are maintained to support investment and client liquidity requirements.

PERFORMANCE REVIEW

Dollar money market yields have started to fall in the second half of 2024 after the Federal Reserve delivered 100 basis points (bps) worth of rate cuts. Local dollar time deposit rates and money market instruments ended the year in the 4-4.5% range. The Dollar Starter Fund was still able to capitalize on the elevated rates for most of the year and delivered close to 4% net yield to investors.

OUTLOOK

The Fed has indicated that they are looking to deliver 50 bps worth of rate cuts in 2025. With this, money market yields are expected to follow this move lower, which should translate to lower returns for the Dollar Starter Fund this year as compared to 2024.

Ms. Pama was formerly the President of the Sun Life Prosperity Funds and the Grepalife Funds (2011 to 2013). She was also a Director of BESTSERVE Financial Ltd. (HKG) (2021 to 2022).

She also served as the Chief Operating Officer of SLAMCI (2011 to 2012) before being appointed as its President in 2013. With over seven years as President of SLAMCI, Ms. Pama has made tremendous contributions by leading it into becoming the number one non-bank asset management company. Under her vision and leadership, the company achieved great milestones: growing from three (3) mutual funds to sixteen (16) mutual funds to over Php100 Billion in Assets Under Management, launch of the Sun Life Prosperity Card, expanding the sales force into having the most number of Mutual Fund-licensed advisors in the industry and garnering numerous awards from the Philippine Investment Funds Association (PIFA). Another noteworthy recognition for SLAMCI under her management was being named the best asset management company for the Philippines from Euromoney’s 2018 Private Banking and Wealth Management survey.

Ms. Pama is a veteran banker, having been in the industry for 20 years. She started her career with Citibank N.A. in 1990 as a Management Associate, wherein she obtained exposure in various segments of the business, assuming progressively senior roles over the years. She had worked in treasury/capital markets, loans, equity sales, customer funding sales, brokerage and money market sales. By the time she retired from Citibank N.A. in 2009, Ms. Pama was the President of Citicorp Financial Services and Insurance Brokerage Inc.

Prior to joining Sun Life, Ms. Pama was a Product Development consultant for ING Bank's Investment Management Group.

Ms. Pama was a member of the Board of Trustees of PIFA from 2011 to 2020 and served as its Chairman from 2013 to 2015. This enabled her to represent the mutual fund industry in advocating investor literacy, customer protection and regulatory advancements to government agencies, key market players and the general public.

Ms. Pama is a graduate of the Ateneo de Manila University with a Bachelor of Science degree in Management Engineering. She obtained her Masters in Business Administration in International Business and Finance, with a minor in Business Economics from Katholieke Universiteit Leuven in Belgium. She was awarded With Distinction by the university for her exemplary academic performance on her final year.

Presently, she is a Director of Telecommunications Connectivity Inc. (December 2019 to present). She is also an Independent Director of Grepalife Balanced Fund Corporation, Grepalife Dollar Bond Fund Corporation and Grepalife Fixed Income Fund Corporation, Inc. (December 2021 to present). She has been an independent director of the Philippine Bank of Communications since November 2022 to the present.

She was the Chairperson of the Securities and Exchange Commission (“SEC”) from May 2011 to June 2018, and as such occupied other positions such as member of the Anti-Money Laundering Council, Chairperson of the Credit Information Corporation, the Microfinance NGO Regulatory Council, and the Capital Market Development Forum.

As SEC Chairperson, Atty. Herbosa was involved in the Asean Capital Markets Forum as Chair of its Committee on Corporate Governance responsible for the first Asean Top 50 Publicly Listed Companies. She initiated and proposed significant amendments to the Corporation Code of 1985 to Congress culminating in the enactment of the Revised Corporation Code in February 2019. She also participated in the passage of the Personal Property Securities Act.

As a consequence of the various reforms under Atty. Herbosa’s leadership, for two consecutive years, 2015 and 2016, SEC emerged, based on two nationwide surveys, as no.1 in the sincerity rating particularly in the fight against corruption among 35 government agencies.

Prior to her SEC post, she engaged in the private practice of law at the Angara Abello Concepcion Regala & Cruz Law Offices (“ACCRALAW”) specializing in litigation and dispute resolution for 33 years and often cited by foreign legal publications as one of the top litigation lawyers of the country. One year after her stint as SEC Chairperson, in July 2019, she re-joined ACCRALAW as Of Counsel and continues as such up to the present

She is an accredited MCLE lecturer and has been teaching commercial law at private law schools. In the 2022 bar examinations, she was one of the examiners for commercial law.

Atty. Herbosa co-authored in 2019 “The Revised Corporation Code of the Philippines Its Theories and Applications,” and relatedly gives lectures on the recent amendments to the law. In line with her advocacy, she participated in the UNICEF-sponsored lecture series “Trainers’ Course on Child Sensitive Investigation” for three years for more than 1,500 policemen and in the preparation of the video-taped materials shown at the PHILJA training of Family Court judges. She lectured for PHILJA on financial crimes and corporate and securities fraud.

She has written numerous law articles such as “Comments involving Crimes of Moral Turpitude” and the Foreword Vol 92 July 2019, for the Philippine Law Journal, others on various legal topics for the Philippine Star and contributed “Balancing Ethics and Regulation” for the FINEX anniversary publication “Ethics Black While or Gray” in 2018 and “Cyber Ethics and Data Privacy” for its second publication “Ethics: Enduring or Evolving?”. From October 2019 to March 2020, she wrote a comprehensive training module for the investigation and prosecution of violations of the Securities Regulation Code in connection with the Anti-Money Laundering Act.

Atty. Herbosa finished AB Political Science cum laude at the University of the Philippines – Diliman, and her Bachelor of Laws cum laude and class salutatorian from the UP College of Law. She also has a Master of Comparative Law degree from the University of Michigan. In 2014, she was awarded the UP Distinguished Alumni Award for Public Service.

What does the Fund invest in?

The **Sun Life Prosperity Dollar Starter Fund** aims to generate consistent and stable returns for your US Dollar investment, potentially exceeding those of traditional bank deposits and money market funds over time. The Fund may also serve as a parking facility prior to investment in other Dollar Funds.

The Fund is suitable for investors with a **conservative risk profile** and short-term investment horizon. This is for investors who seek higher yields for their US Dollars compared to conventional bank deposits but do not want to assume a significant amount of risk. These investors may also be considering to invest in other dollar funds but are not yet able or ready to do so.

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR FINANCIAL STATEMENTS**

The Management of Sun Life Prosperity Dollar Starter Fund, Inc. (the "Company") is responsible for the preparation and fair presentation of the financial statements, including the schedules attached therein, as at December 31, 2024 and 2023, and for the years ended December 31, 2024, 2023 and 2022, in accordance with the prescribed financial reporting framework indicated therein and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein and submits the same to the Shareholders.

Navarro Amper & Co., the independent auditor appointed by the Shareholders for the years ended December 31, 2024 and 2023, has audited the financial statements of the Company in accordance with Philippine Standards on Auditing, and in its report to the Board of Directors and Shareholders has expressed its opinion on the fairness of presentation upon completion of such audit.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Sun Life Prosperity Dollar Starter Fund, Inc. (the Company), which comprise the statements of financial position as at December 31, 2024 and 2023, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years ended December 31, 2024, 2023 and 2022, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2024 and 2023, and its financial performance and its cash flows for the years ended December 31, 2024, 2023 and 2022, in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audits of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organization"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Other Information

Management is responsible for the other information. The other information comprises the information included in the Securities and Exchange Commission (SEC) Form 17-A Annual Report submission to the SEC, which is prepared by the Management and submitted after the issuance of the audited financial statements with our auditor's report attached thereon.

The SEC Form 17-A is expected to be made available to us after the date of this auditor's report. Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the other information identified above which have not yet been received, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with PFRS Accounting Standards, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

Report on Other Legal and Regulatory Requirements

Report on the Supplementary Information Required by the Bureau of Internal Revenue

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information in Note 21 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such supplementary information is the responsibility of Management and has been subjected to the auditing procedures applied in our audits of the basic financial statements. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(An Open-end Investment Company)

NOTES TO FINANCIAL STATEMENTS

AS AT DECEMBER 31, 2024 AND 2023 AND FOR THE YEARS ENDED DECEMBER 31, 2024, 2023 AND 2022

(In US Dollars)

1. CORPORATE INFORMATION

Sun Life Prosperity Dollar Starter Fund, Inc. (the "Company") was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on January 16, 2017 and started its commercial operations on November 6, 2017. The Company is a registered open-end investment company under the Investment Company Act (Republic Act "R.A." No. 2629) and the Securities Regulation Code (R.A. No. 8799), formerly known as the Revised Securities Act (B.P. No. 178). It is engaged in the sale of and distribution of mutual fund shares, and seeks to provide higher yields than conventional bank deposits, short-term corporate and government debt and other fixed income instruments denominated in US Dollars. As an open-end investment company, its shares are redeemable anytime based on the Net Asset Value Per Share (NAVPS) at the time of redemption.

The Company appointed Sun Life Asset Management Company, Inc. (SLAMCI), an investment management company incorporated in the Philippines and a wholly owned subsidiary of Sun Life of Canada (Philippines), Inc. (SLOCPI), as its fund manager, adviser, administrator, distributor and transfer agent and provider of management, distribution and all required operational services, as disclosed in Note 10.

The Company's registered office address and principal place of business is at Sun Life Centre, 5th Avenue corner Rizal Drive, Bonifacio Global City, Taguig City.

The Company is considered a public company under Rule 3.1 of the Implementing Rules and Regulations of the Revised Securities Regulation Code (SRC), which, among others, defines a public corporation as any corporation with assets of at least P50,000,000 and having 200 or more shareholders, each of whom holds at least 100 shares of its equity securities.

As at December 31, 2024 and 2023, the Company has 3,791 shareholders and 3,611 shareholders, respectively, each holding at least 100 shares of the Company's common shares.

2. FINANCIAL REPORTING FRAMEWORK AND BASIS OF PREPARATION AND PRESENTATION

Statement of Compliance

The financial statements of the Company have been prepared in accordance with the Philippine Financial Reporting Standards (PFRS) Accounting Standards. PFRS Accounting Standards include all applicable PFRS, Philippine Accounting Standards (PAS) and interpretations of the Philippine Interpretations Committee (PIC), Standing Interpretations Committee (SIC) and International Financial Reporting Interpretations Committee (IFRIC) as approved by the Financial and Sustainability Reporting Standards Council (FSRSC) and the Board of Accountancy and adopted by the SEC.

Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis, except for certain financial assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Functional and Presentation Currency

These financial statements are presented in United States Dollar (USD), the currency of the primary economic environment in which the Company operates. All amounts are recorded to the nearest dollar, except when otherwise indicated.

3. ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS

Adoption of Amended Accounting Standards Effective in 2024

In the current year, the Company has applied all amendments to PFRS Accounting Standards that are mandatorily effective for accounting periods beginning on or after January 1, 2024. Their adoption had no material impact on the disclosures, or the amounts reported in these financial statements.

New and Revised Accounting Standards Effective after the Reporting Period Ended December 31, 2024

At the date of authorization of these financial statements, the company has not applied the following PFRS Accounting Standards pronouncements that have been issued but are not yet effective:

Effective for annual period beginning or after January 1, 2025

- Amendments to PAS 21, The Effects of Changes in Foreign Exchange Rates — Lack of Exchangeability

Effective for annual period beginning or after January 1, 2026

- Amendments to PFRS 9, Financial Instruments and PFRS 7, Financial Instruments: Disclosures - Classification and Measurement of Financial Instruments
- Annual Improvements to PFRS Accounting Standards—Volume 11
- Amendments to PFRS 9, Financial Instruments and PFRS 7 Financial Instruments: Disclosures - Contracts Referencing Nature-dependent Electricity

Effective for annual period beginning or after January 1, 2027

- PFRS 18, Presentation and Disclosure in Financial Statements
- PFRS 19, Subsidiaries without Public Accountability: Disclosures
- PFRS 17, Insurance Contracts
- Amendments to PFRS 17, Insurance Contracts
- Amendment to PFRS 17, Insurance Contracts - Initial Application and PFRS 9, Financial Instruments – Comparative Information

Deferred effectivity

- Amendments to PFRS 10, Consolidated Financial Statements and PAS 28, Investments in Associates and Joint Ventures—Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

Management anticipates that the adoption of the new or revised PFRS Accounting Standards in future periods will not have a material impact on the financial statements in the period of their initial adoption.

4. MATERIAL ACCOUNTING POLICIES

Financial assets

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

Classification and Subsequent Measurement

The Company classifies its financial assets in the following measurement categories:

- FVTPL
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fair value.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the group classifies its debt instruments:

- Amortized cost. Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- FVTPL. Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in finance income.

Amortized cost and effective interest method

The effective interest method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period.

For financial instruments, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

Impairment of financial assets

The Company recognizes a loss allowance for ECL on investments in debt instruments that are measured at amortized cost and financial assets at FVOCI.

The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Significant increase in credit risk

The Company monitors all financial assets that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk, the Company will measure the loss allowance based on lifetime rather than 12-month ECL.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognized. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

Forward-looking information considered includes the future prospects of the industries in which the Company's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organizations, as well as consideration of various external sources of actual and forecast economic information that relate to the Company's core operations.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk for a particular financial instrument (e.g. a significant increase in the credit spread, the credit default swap prices for the debtor, or the length of time or the extent to which the fair value of a financial asset has been less than its amortized cost);
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Company presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Company has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

A financial instrument is determined to have low credit risk if:

- The financial instrument has a low risk of default;
- The debtor has a strong capacity to meet its contractual cash flow obligations in the near term; and
- Adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

The Company considers a financial asset to have low credit risk when the asset has external credit rating of investment grade' in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of 'performing'. Performing means that the counterparty has a strong financial position and there are no past due amounts.

The Company regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Default

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that financial assets that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company in full (without taking into account any collateral held by the Company).

Irrespective of the above analysis, the Company considers that default has occurred when a financial asset is more than 90 days past due unless the Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default (PD) which affects both the measurement of ECLs and the identification of a significant increase in credit risk.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence of credit-impairment includes observable data about the following events:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganization;

- the disappearance of an active market for a security because of financial difficulties; or
- the purchase of a financial asset at a deep discount that reflects the incurred credit losses.

It may not be possible to identify a single discrete event—instead, the combined effect of several events may have caused financial assets to become credit-impaired. The Company assesses whether debt instruments that are financial assets measured at amortized cost or FVOCI are credit-impaired at each reporting date. To assess if debt instruments are credit impaired, the Company considers factors such as bond yields, credit ratings and the ability of the borrower to raise funding.

Measurement and recognition of ECL

The measurement of ECL is a function of the PD, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information.

As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate. If the Company has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Company measures the loss allowance at an amount equal to 12-month ECL at the current reporting date, except for assets for which simplified approach was used.

The Company recognizes an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVOCI, for which the loss allowance is recognized in OCI and accumulated in the investment revaluation reserve, and does not reduce the carrying amount of the financial asset in the statements of financial position.

Presentation of allowance for ECL in the statements of financial position

Loss allowances for ECL are presented in the statements of financial position as a deduction from the gross carrying amount of the assets.

Derecognition

The Company derecognizes a financial asset only when the contractual rights to the asset's cash flows expire or when the financial asset and substantially all the risks and rewards of ownership of the asset are transferred to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain/loss that had been recognized in OCI and accumulated in equity is recognized in profit or loss, with the exception of equity investment designated as measured at FVTOCI, where the cumulative gain/loss previously recognized in OCI is not subsequently reclassified to profit or loss, but is transferred to retained earnings.

Financial Liabilities and Equity Instruments

Financial liabilities

All financial liabilities are measured subsequently at amortized cost using the effective interest method or at FVTPL.

Financial liabilities measured subsequently at amortized cost

Financial liabilities that are not (i) contingent consideration of an acquirer in a business combination, (ii) held-for-trading, or (iii) designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

The Company's financial liabilities classified under this category include accrued expenses and other payables, and payable to fund manager.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Equity instruments

Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Share capital

Share capital consisting of ordinary shares is classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds, net of tax. Any excess of proceeds from issuance of shares over its par value is recognized as additional paid-in capital.

Retained earnings

Retained earnings represent accumulated profit attributable to equity holders of the Company after deducting dividends declared. Retained earnings may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

Repurchase, disposal and reissuance of share capital (treasury shares)

When share capital recognized as equity is repurchased, the amount of the consideration paid, which includes directly attributable cost, net of any tax effects, is recognized as a reduction from equity. Repurchased shares are classified as treasury shares and are presented in the reserve for own share account. When treasury shares are sold or reissued subsequently, the amount received is recognized as increase in equity, and the resulting surplus or deficit on the transaction is presented as additional paid-in capital.

Deposit for future share subscriptions

DFFS is recorded at historical cost. According to Financial Reporting Bulletin (FRB) No. 6 as issued by SEC, it is classified as equity when all of the following criteria are met:

- the unissued authorized capital share of the entity is insufficient to cover the amount of shares indicated in the contract;

- there is Board of Directors' approval on the proposed increase in authorized capital share (for which a deposit was received by the Company);
- there is shareholders' approval of said proposed increase; and
- the application for the approval of the proposed increase has been presented for filing or has been filed with the SEC.

DFFS is classified as liability, when the above criteria are not met.

Revenue Recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control of a product or service to a customer.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Realized gains or losses

Gains or losses arising on the disposal of investments are determined as the difference between the sales proceeds and the carrying amount of the investments and is recognized in profit or loss.

Fair value gains or losses

Gains or losses arising from changes in fair values of investments are disclosed under the policy on financial assets.

Expense Recognition

Expenses are recognized in profit or loss when incurred. Expenses in the statements of comprehensive income are presented using the function of expense method. Investment expenses are transaction costs incurred in the purchase and sale of investments. Operating expenses are costs attributable to the administrative and other business expenses of the Company including management fees and custodianship fees.

Fair Value

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis.

In addition, for financial reporting purposes, fair value measurements are categorized into Levels 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Related Party Transactions

Parties are considered related if one party has control, joint control, or significant influence over the other party in making financial and operating decisions. An entity that is a post-employment benefit plan for the employees of the Company and the key management personnel of the Company are also considered to be related parties.

Taxation

Income tax expense represents the sum of the current tax, final tax and deferred tax expense.

Current tax

The current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statements of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's current tax expense is calculated using 25% regular corporate income tax (RCIT) rate or 2% minimum corporate income tax (MCIT), whichever is higher.

Final tax

Final tax expense represents final taxes withheld on interest income from cash and cash equivalents, special savings deposits and fixed-income securities and final taxes withheld on proceeds from sale of listed equity securities.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and these relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred taxes for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in OCI or directly in equity, in which case, the current and deferred taxes are also recognized in OCI or directly in equity, respectively.

Earnings (Loss) per Share

The Company computes its basic earnings (loss) per share by dividing profit or loss for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period.

For the purpose of calculating diluted earnings per share, profit or loss for the year attributable to ordinary equity holders of the Company and the weighted average number of shares outstanding are adjusted for the effects of deposits for future share subscriptions which are dilutive potential ordinary shares.

Net Asset Value per Share (NAVPS)

The Company computes its NAVPS by dividing the total net asset value as at the end of the reporting period by the number of issued and outstanding shares and shares to be issued on deposits for future share subscriptions.

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments in Applying Accounting Policies

The following are the critical judgments, apart from those involving estimations, that Management has made in the process of applying the Company's accounting policies that have the most significant effect on the amounts recognized in the financial statements.

Business model assessment

Classification and measurement of financial assets depend on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated.

The Company monitors financial assets measured at amortized cost that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

As at December 31, 2024 and 2023, financial assets at amortized cost amounted to \$40,382,170 and \$42,611,922, respectively, composed of cash and cash equivalents, accrued interest receivables, and financial assets at amortized cost as disclosed in Notes 6, 7, and 8, respectively.

Significant increase of credit risk

ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL assets for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. PFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

The Company considers a financial instrument to have experienced a significant increase in credit risk when one or more of the qualitative and quantitative criteria have been met as disclosed in Note 19.

As at December 31, 2024 and 2023, the Company's allowance for credit losses for financial instruments measured at amortized cost amounted to nil, as disclosed in Note 8 and Note 19.

Models and assumptions used

The Company uses various models and assumptions in measuring fair value of financial assets as well as in estimating ECL. Judgment is applied in identifying the most appropriate model for each type of asset, as well as for determining the assumptions used in these models, including assumptions that relate to key drivers of credit risk.

The Company's model and assumptions used in measuring fair value of financial assets and estimating ECL are disclosed in Notes 16 and 19, respectively.

Puttable shares designated as equity instruments

The Company's share capital met the specified criteria to be presented as equity. The Company designated its redeemable share capital as equity instruments since the Company's share capital met the criteria specified in PAS 32, *Financial Instruments: Presentation*, to be presented as equity.

A puttable financial instrument includes a contractual obligation for the issuer to repurchase or redeem that instrument for cash or another financial asset on exercise of the put. As an exception to the definition of a financial liability, an instrument that includes such an obligation is classified as an equity instrument if it has met all the following features:

- a. it entitles the holder to a pro rata share of the entity's net assets in the event of the entity's liquidation. The entity's net assets are those assets that remain after deducting all other claims on its assets;
- b. it is in the class of instruments that is subordinate to all other classes of instruments;
- c. all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- d. apart from the contractual obligation for the issuer to repurchase or redeem the instrument for cash or another financial asset, the instrument does not include any contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the entity, and it is not a contract that will or may be settled in the entity's own equity instruments; and
- e. the total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the entity over the life of the instrument (excluding any effects of the instrument).

As at December 31, 2024 and 2023, the recognized amount of share capital representing puttable shares in the statements of financial position amounted to \$797,312, as disclosed in Note 11.

Key Sources of Estimation Uncertainty

The following are the Company's key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Probability of default (PD)

PD constitutes a key input in measuring ECL. PD is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.

The assumptions used by the Company in estimating PD is disclosed in Note 19.

Loss Given Default (LGD)

LGD is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements.

The Company uses portfolio averages from external estimates sourced out from Standard and Poor's (S&P) as the LGD estimates. The categorization of LGD estimates per financial asset measured at amortized cost is disclosed in Note 19.

Estimating loss allowance for ECL

The measurement of the ECL for financial assets measured at amortized cost and FVTOCI is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behavior. Explanation of the inputs, assumptions and estimation techniques used in measuring ECL is further detailed in Note 19 Credit Risk - ECL measurement, which also sets out the key sensitivities of the ECL to changes in these elements.

A number of significant judgments are also required in applying the accounting requirements for measuring ECL, such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL; and
- Establishing the number and relative weightings of forward-looking scenarios and the associated ECL.

As at December 31, 2024 and 2023, the Company's estimated credit losses for financial instruments measured at amortized cost amounted to nil, respectively as disclosed in Notes 8 and 19.

Deferred tax asset

The Company reviews the carrying amount at the end of each reporting period and reduces deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Total deferred tax asset recognized in the statements of financial position as at December 31, 2024 and 2023 amounted to \$19,772 as disclosed in Note 17.

On 10 November 2023, the Company was informed through SEC-CGFD's letter dated 3 November 2023 that considering CRMD's approval of request to withdraw the application for increase in ACS, the subject request is hereby noted, subject to the Company's continuous compliance with the reduced allowable number of DFFS equivalent in shares.

Current state

DFFS received in cash amounting to nil, \$3,300,874 and \$63,493,668 as at December 31, 2024, 2023 and 2022, respectively, were classified as equity since the Company has met all of the conditions required for such recognition.

As of December 31, 2024, the Company have not exceeded the allowable DFFS in shares in compliance with the Exemptive Relief from the amended Financial Reporting Bulletin (FRB) No. 6, approved by the SEC on April 28, 2022.

The outstanding shares classified as DFFS as at December 31, 2024, 2023 and 2022 are held by the Company's shareholders and related parties as disclosed in Note 11.

As at December 31, 2024, the Company has 35,289,456 issued and outstanding shares out of the 37,000,000 ACS with a par value of P1.00 per share.

The annual summary of the transactions of the Company's outstanding shares is as follows:

Year	NAVPS, end	Issuances	Redemptions	Balances
2017	\$0.9987	2,356,784	-	2,356,784
2018	\$1.0159	11,001,003	(1,865,912)	11,491,875
2019	\$1.0383	57,821,516	(32,783,505)	36,529,886
2020	\$1.0536	142,553,080	(91,252,628)	87,830,338
2021	\$1.0608	311,079,804	(223,829,900)	175,080,242
2022	\$1.0692	423,933,278	(502,692,550)	96,320,970
2023	\$1.0977	102,760,820	(160,363,812)	38,717,978
2024	\$1.1415	22,704,346	(26,132,868)	35,289,456

The total number of shareholders as at December 31, 2024, 2023, and 2022 are 3,791, 3,611 and 3,375, respectively.

Redeemable shares

Redeemable shares carry one vote each, and are subject to the following:

a. Distribution of dividends

Each shareholder has a right to any dividends declared by the Company's Board of Directors and approved by 2/3 of its outstanding shareholders.

b. Denial of pre-emptive rights

No shareholder shall, because of his ownership of the shares, has a pre-emptive or other right to purchase, subscribe for, or take any part of shares or of any other securities convertible into or carrying options or warrants to purchase shares of the registrant.

c. Right of redemption

The holder of any share, upon its presentation to the Company or to any of its duly authorized representatives, is entitled to receive, by way of redemption, approximately his proportionate share of the Company's current net assets or the cash equivalent thereof. Shares are redeemable at any time at their net assets value less any applicable sales charges and taxes.

12. ADDITIONAL PAID-IN CAPITAL

Additional paid-in capital of of \$37,617,773, \$37,403,968 and \$34,985,039 as at December 31, 2024, 2023 and 2022, respectively, pertains to excess payments over par value from investors and from reissuance of treasury shares.

13. NET ASSET VALUE PER SHARE

NAVPS is computed as follows:

	Note	2024	2023
Total equity		\$ 40,282,689	\$ 42,501,678
Outstanding shares	11	35,289,456	38,717,978
		\$ 1.1415	\$1.0977

NAVPS is based on issued, outstanding and fully paid shares minus treasury shares plus deposits for future share subscriptions classified as equity. The expected cash outflow on redemption of these shares is equivalent to computed NAVPS as at reporting period.

14. INTEREST INCOME

This account consists of interest income on the following:

	Notes	2024	2023	2022
Cash equivalents	6	\$ 2,037,009	\$ 951,414	\$ 337,799
Fixed-income securities	8	79,349	1,513,856	2,779,175
Cash in banks	6	64	107	223
Special savings deposits		-	-	402,419
		\$ 2,116,422	\$2,465,377	\$3,519,616

Interest income is recorded gross of final withholding tax which is shown as "Income tax expense (benefit)" account in the statements of comprehensive income.

Average interest rates of investments and cash and cash equivalents in 2024, 2023 and 2022 are as follows:

	Notes	2024	2023	2022
Fixed-income securities	8	6.24%	6.07%	3.26%
Special savings deposits		0.00%	0.00%	0.00%
Cash equivalents	6	5.34%	3.37%	2.38%
Cash in banks	6	0.02%	0.03%	0.05%

Interest income earned on financial assets, analyzed by category, is as follows:

	Notes	2024	2023	2022
Cash and cash equivalents	6	\$ 2,037,073	\$ 951,521	\$ 338,022
Financial assets at amortized cost	8	79,349	1,513,856	2,779,175
Special savings deposits		-	-	402,419
		\$ 2,116,422	\$ 2,465,377	\$ 3,519,616

15. EARNINGS (LOSS) PER SHARE

The calculation of the basic and diluted earnings (loss) per share is based on the following data:

	2024	2023	2022
Total comprehensive income (loss) for the year	\$ 1,612,047	(\$1,908,140)	\$1,487,619
Weighted average number of shares:			
Issued and outstanding	5,784,926	5,963,692	11,958,601
Potential dilutive shares	36,976,869	36,765,972	186,904,295
Weighted average number of outstanding and potential dilutive shares	42,761,795	42,729,664	198,862,896
Basic earnings (loss) per share	\$ 0.279	(\$ 0.032)	\$0.124
Diluted earnings (loss) per share	\$ 0.038	(\$ 0.045)	\$0.008

The DFFS as at December 31, 2024, 2023 and 2022 are dilutive, therefore, diluted earnings (loss) per share is lower than the basic earnings (loss) per share.

16. FAIR VALUE OF FINANCIAL INSTRUMENTS

Assets and liabilities measured at fair value on a recurring basis

There were no financial instruments that are measured subsequent to initial recognition at fair value as of December 31, 2024.

Cash and cash equivalents, accrued interest receivable, other current asset, accrued expenses and other payables excluding withholding and documentary stamp taxes and filing and registration fees, and payable to fund manager have short-term maturities, hence, their carrying amounts are considered their fair values.

There were no transfers between Levels 1, 2 and 3 in 2023. In 2024 and 2023, transfer from Level 2 to Level 3 in financial assets at amortized cost is due to the unavailability of related market prices sources, thus, the Company's estimated cost of borrowing was used.

17. INCOME TAX EXPENSE

Details of income tax expense are as follows:

	2024	2023	2022
Current taxes			
Final tax	\$ 305,561	\$ 142,730	\$ 50,693
RCIT	-	299,054	567,205
MCIT	1,475	-	-
	307,036	441,782	617,898
Deferred tax expense (benefit)	-	29,249	(3,857)
	\$ 307,036	\$ 471,033	\$614,041

The reconciliation between tax expense and the product of accounting profit multiplied by 25% in 2024, 2023 and 2022 is as follows:

	2024	2023	2022
Accounting profit (loss) before tax	\$1,919,083	(\$1,437,107)	\$2,101,660
Tax expense at 25%	\$ 479,771	(\$359,277)	\$525,415
Adjustment for income subject to lower tax rate	(203,707)	(95,150)	(33,796)
Tax effects of:			
Unrecognized Net Operating Loss Carry-Over (NOLCO)	29,497	-	-
Net realized losses (gains) on investments	-	925,460	117,243
Unrecognized MCIT	1,475	-	-
Non-deductible expenses	-	5,179	5,179
	\$ 307,036	\$471,033	\$614,041

On March 26, 2021, the Republic Act (RA) 11534 also known as "Corporate Recovery and Tax Incentives for Enterprises Act" or "CREATE" Act was passed into law which reduced the corporate income tax rates and rationalized the current fiscal incentives by making it time-bound, targeted and performance-based.

Among others, the Act includes the following significant revisions:

1. Effective July 1, 2020, domestic corporations with total assets not exceeding P100 million and net taxable income of P5 million and below shall be subject to 20% income tax rate while the other domestic corporations and resident foreign corporations will be subject to 25% tax income tax rate;
2. MCIT rate is reduced to from 2% to 1% from July 1, 2020 to June 30, 2023;

Details of the Company's NOLCO are as follows (in Philippine Peso):

Year Incurred	Year of Expiry	Beginning Balance	Addition	Expired	2024 Balance
2024	2027	P -	P 6,825,354	P -	P 6,825,354

Details of MCIT are as follows (in Philippine Peso):

Year Incurred	Year of Expiry	Applied Amount	Applied Previous Year	Applied Current Year	Expired	Unapplied
2024	2027	85,319	-	-	-	85,319

Deferred taxes

The following is the composition of deferred tax asset recognized by the Company:

	Accrued Expense	Allowance for Impairment	Total
January 1, 2022	\$ 24,516	\$ 20,648	\$ 45,164
Charged to profit or loss	(5,179)	9,036	3,857
December 31, 2022	19,337	29,684	49,021
Charged to profit or loss	435	(29,684)	(29,249)
December 31, 2023	19,772	-	19,772
December 31, 2024	\$ 19,772	\$ -	\$ 19,772

Based on Management's expectation of the Company's future taxable income, the Company recognizes deferred tax asset only to the extent that future taxable income will be available against which it can be utilized.

The Company's interest income from cash in banks and cash equivalents is already subjected to final tax.

Realized gains on redemption of investments in UITFs are exempted from tax and are therefore excluded from the computation of taxable income subject to RCIT.

18. CONTINGENCIES

The Company has no pending legal cases as at December 31, 2024 and 2023 that may have a material effect on the Company’s financial position and results of operations.

19. FINANCIAL RISK MANAGEMENT

The Company’s activities expose it to a variety of financial risks: market risk, which includes interest rate risk and equity price risk, credit risk and liquidity risk. The Fund Manager exerts best efforts to anticipate events that would negatively affect the value of the Company’s assets and takes appropriate actions to counter these risks. However, there is no guarantee that the strategies will work as intended. The policies for managing specific risks are summarized below.

Market risk

The Company’s activities expose it primarily to the financial risks of changes in interest rates and movements in NAVPU of investment in UITF. The Company has insignificant exposure to foreign exchange risk since foreign currency denominated transactions are minimal. There has been no change on the manner in which the Company manages and measures these risks.

Interest rate risk

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instruments will fluctuate because of changes in market interest.

The primary source of the Company’s interest rate risk relates to cash and cash equivalent, special savings deposits and fixed-income securities. The interest rates of these financial assets are disclosed in Notes 6, 8 and 14.

The risk is managed by the Fund Manager by actively monitoring the prevailing interest rate environment. The duration of the portfolio is reduced during periods of rising rates and widening credit spreads to maximize interest income potential. Conversely, the same is increased during periods of falling rates and narrowing credit spreads.

A 50 basis points increase or decrease in the interest rates had been determined for sensitivity analysis based on the exposure to interest rates for financial assets at FVTPL and financial assets at amortized cost at the end of each reporting period. The same is used for reporting interest rate risk internally to key management personnel and represents Management’s assessment of the reasonable effect of the maximum possible movement in interest rates.

The following table details the increase or decrease in net income after tax if interest rates had been 50 basis points higher or lower and all other variables are held constant, the Company’s profit or loss for the years ended 2024, 2023 and 2022:

Change in Interest Rates	Increase (Decrease) in Net Profit (Loss)		
	2024	2023	2022
+50 basis	\$ 163,067	\$162,623	\$71,338
-50 basis	(\$ 163,067)	(\$162,623)	(\$71,338)

In Management’s opinion, the sensitivity analysis is unrepresentative of the inherent interest rate risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of dealing only with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults, and transacts only with entities that are rated with the equivalent of investment grade of "High" down to "Low". This information is supplied by independent rating agencies, when available. If the information is not available, the Company uses other publicly available financial information and its own trading records to rate its major counterparties. The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread among approved counterparties.

The carrying amounts of financial assets recorded in the financial statements represent the Company's maximum exposure to credit risk:

	Notes	2024	2023
Cash in banks	6	\$ 380,873	\$ 302,969
Cash equivalents	6	38,160,519	38,133,563
Financial assets at amortized cost	8	1,727,360	4,034,622
Accrued interest receivable	7	113,355	140,768
		\$ 40,382,107	\$ 42,611,922

ECL measurement

ECLs are a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

PFRS 9 outlines a 'three-stage' model for impairment based on changes in credit quality since initial recognition. The Company's current credit risk grading framework comprises the following categories:

Category	Description	Basis for recognizing expected credit losses
Stage 1	The counterparty has a low risk of default and does not have any past-due amounts or that the financial instrument is not credit-impaired on initial recognition	12 month ECL
Stage 2	There has been a significant increase in credit risk since initial recognition but not yet deemed to be credit-impaired	Lifetime ECL - not credit-impaired
Stage 3	There is evidence indicating that the debtor is in severe financial difficulty and the Company has no realistic prospect of recovery or that the financial instrument is credit-impaired	Lifetime ECL - credit-impaired

Measuring ECL – Explanation of inputs, assumptions and estimation techniques

The ECL is determined by projecting the PD, LGD and exposure at default (EAD) for each future month and for each individual exposure or collective segment. These three components are multiplied together and adjusted for the likelihood of survival (i.e. the exposure has not prepaid or defaulted in an earlier month). This effectively calculates an ECL for each future month, which is then discounted back to the reporting date and summed. The discount rate used in the ECL calculation is the original effective interest rate or an approximation thereof.

The maturity profile is based on historical observed data and is assumed to be the same across all assets within a portfolio and credit grade band. This is supported by historical analysis.

Given that the Company currently has no history of default on their portfolio, a model which incorporates internal default experience is not feasible. For the 12M and Lifetime PD, the Company use external benchmarking of current internal credit ratings to Standard and Poor's using one-year transition matrices in S&P's Annual Global Corporate

Default Study and Rating Transition reports. From the transition matrices, cumulative PDs are identified. The overall PD for a specific time horizon is calculated from the cumulative PD, by determining the marginal PD and taking the conditional probability of default given that it has not yet defaulted prior to the said time horizon. The resulting overall PDs are the values that will act as components in ECL calculation. The Lifetime PD is developed by analysis of the transition matrices over the maximum life of active loans, which is 4 years.

The table below summarizes the current internal credit rating equivalence system of the Company.

Summary rating	S&P rating	Internal credit rating
High	AAA	AAA
High	AA	AA- to AA+
High	A	A- to A+
High	BBB	BBB- to BBB+
Satisfactory	BB	BB- to BB+
Acceptable	B	B- to B+
Low	CCC/C	CCC- to CCC+

The 12M and lifetime EADs are determined based on the contractual repayments owed by the borrower over the 12month or lifetime basis. This will also be adjusted for any expected overpayments made by the borrower. The Company does not have an undrawn component for any of its debt instruments.

For the 12M and lifetime LGDs, considering the availability of related information, the Company used the external estimates sourced from S&P's.

The table below summarized the LGD value for each category of financial assets at amortized costs.

Category	LGD value
Senior Unsecured Bonds	48.00%

Forward-looking information incorporated in the ECL models

The assessment of significant increase in credit rating and the calculation of ECL both incorporate forward-looking information. The Company has performed historical analysis and identified the key economic variables impacting credit risk and ECL for each portfolio. The Company assessed that the key economic variables are unemployment rates for 2023 and 2022.

These economic variables and their associated impact on the PD, EAD and LGD vary by financial instrument. Expert judgment has also been applied in this process. Forecasts of these economic variables (the "base economic scenario") are based on the economic data from the International Monetary Fund (IMF) from year 2023 until 2027. The impact of these economic variables on the PD, EAD and LGD has been determined by performing statistical regression analysis to understand the impact changes in these variables have had historically on default rates and on the components of EAD and LGD.

In addition to the base economic scenario, the best value economically spanning from the historical years is taken (upside forecasts). A similar approach applies for the downside forecasts. The scenario weightings are determined by a combination of statistical analysis and expert credit judgement, taking account of the range of possible outcomes each chosen scenario is representative of. The per-scenario Forward Looking Adjustments were assigned probability weights of 70% for the base scenario and 15% for each of the upside and downside forecast in 2024 and 2023.

As with any economic forecasts, the projections and likelihoods of occurrence are subject to a high degree of inherent uncertainty and therefore the actual outcomes may be significantly different to those projected. The Company considers these forecasts to represent its best estimate of the possible outcomes and has analyzed the non-linearities and asymmetries within the Company's different portfolios to establish that the chosen scenarios are appropriately representative of the range of possible scenarios.

The following table details the credit quality of the Company's financial assets and other items, as well as the Company's maximum credit exposure to credit risk by credit risk rating grades as at December 31, 2024 and 2023:

	Notes	Internal Credit rating	Category	12m or lifetime ECL?	Gross carrying amount	Loss allowance	Net carrying amount

Liquidity risk

Liquidity risk arises when the Company encounters difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Company aims to maintain an appropriate level of liquidity which means having sufficient liquidity to be able to meet all obligations promptly under foreseeable adverse circumstances, while not having excessive liquidity.

The Company maintains at least ten percent of the fund in liquid/semi-liquid assets in the form of cash and cash equivalents and accrued interest receivable to assure necessary liquidity. This is also in compliance to Section 6.10 of the Implementing Rules and Regulations of the Investment Company Act series of 2018.

The fund manager manages liquidity risks by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities. The table had been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

	Less than One Month	One Month to One Year	Total
2024			
Accrued expenses and other payables	\$ 18,707	\$ 1,650	\$ 20,357
Payable to fund manager	14,242	-	14,242
	\$ 32,949	\$ 1,650	\$ 34,599
2023			
Accrued expenses and other payables	\$ -	\$ 11,578	\$ 11,578
Payable to fund manager	20,843	-	20,843
	\$ 20,843	\$ 11,578	\$ 32,421

The difference between the carrying amount of accrued expenses and other payables disclosed in the statements of financial position and the amount disclosed in this note pertains to withholding and documentary stamp taxes and filing and registration fees payable that are not considered financial liabilities.

The following table details the Company's expected maturity for its financial asset. The table had been drawn up based on the contractual maturities of the financial asset including interest that will be earned on that asset, except when the Company anticipates that the cash flows will occur in a different period.

	Average Effective Interest Rate	Less than One Year	One Year to Five Years	Five Years to Ten Years	Total
2024					
Cash in banks	0.02%	\$ 380,873	\$ -	\$ -	\$ 380,873

Accrued interest receivable	-	140,768	-	-	140,768
		\$ 42,611,922	\$ -	\$ -	\$ 42,611,922

The Company expects to meet its obligations from operating cash flows and proceeds from maturing financial asset and sales of financial assets at FVTPL.

20. CAPITAL RISK MANAGEMENT

The Fund Manager manages the Company's capital to ensure that the Company will be able to continue as a going concern while maximizing the return to stakeholders through the optimization of the mix of high quality financial instruments.

The Company is guided by its Investment Policies and Legal Limitations. All the proceeds from the sale of shares, including the original subscription payments at the time of incorporation constituting the paid-in capital, is held by custodian banks.

The capital structure of the Company consists of issued capital as disclosed in Note 11.

The Fund Manager manages the Company's capital and NAVPS, as disclosed in Notes 11, 12 and 13 to ensure that the Company's net asset value remains competitive and appealing to prospective investors.

The Company is also governed by the following fundamental investment policies:

- It does not issue senior securities;
- It does not intend to incur any debt or borrowing. In the event that borrowing is necessary, it can do so only if, at the time of its incurrence or immediately thereafter, there is asset coverage of at least 300% for all its borrowings;
- It does not participate in any underwriting or selling group in connection with the public distribution of securities, except for its own share capital;
- It generally maintains a diversified portfolio. Industry concentrations may vary at any time depending on the investment manager's view on the prospects;
- It does not invest more than twenty percent (20%) of its assets in real estate properties and developments, subject to investment restrictions and/or limitations under applicable law, if any;
- It does not purchase or sell commodity futures contracts;
- It does not make any loan to other persons, or to other interested persons such as the members of the Board of Directors, officers of the Fund and any affiliates, or affiliated corporations of the Fund. However, it shall engage in legally permissible lending operations considered by its Board of Directors to be financially solid and sound;

- h. The asset mix in each type of security is determined from time to time, as warranted by economic and investment conditions; and
- i. The subscribers are required to settle their subscriptions in full upon submission of their application for subscriptions;
- j. It may use various techniques to hedge investment risks; and
- k. It does not change its investment objectives without the prior approval of a majority of its shareholders and prior notice to the SEC.

The Investment Policies refer to the following:

- a. Investment Objective - to provide higher yields than conventional bank deposits and money market funds by investing in a composition of cash, long-term bank deposits, short-term corporate and government debt and other fixed income instruments denominated in Us dollars.
- b. Benchmark - 100% 30-day US Dollar Deposit Rate.
- c. Asset Allocation Range - the Company allocates its funds available for investments among cash and other deposit substitutes and fixed-income securities based on certain proportion as approved by Management.

Other matters covered in the investment policy include the fees due to be paid to the Fund Manager with management and distribution fees each set at an annual rate of 0.125% of the net assets attributable to shareholders on each valuation day.

In compliance to SEC Memorandum Circular No. 21, Series of 2019 signed on September 24, 2019 in relation to independent Net Asset Value (NAV) calculation, SLAMCI (Fund Manager) engaged Citibank, N.A. Philippines to service its fund accounting functions including calculation of its NAV every dealing day. In December 2020, SLAMCI implemented the outsourced fund accounting to all Sun Life Prosperity Funds.

As at December 31, 2024 and 2023, the Company is in compliance with the above requirements and minimum equity requirement of the SEC of P50,000,000.

The equity ratio at year-end is as follows:

	2024	2023
Total equity	\$ 40,282,689	\$ 42,501,678
Total assets	40,401,942	42,631,694
Equity ratio	\$ 0.9970: 1	\$ 0.9970:1

Management believes that the above ratios are within the acceptable range.

(Transparency, Disclosure, and Responsible Pricing)** of the Financial Products and Services Consumer Protection Act (FCPA) requirement (as stated below) we are updating the Product Highlight Sheet to apprise the public of the most recent updates regarding the Fund, a copy of which is attached as Annex A.

"Section 3.1. Transparency, Disclosure, and Responsible Pricing. – Financial service providers shall ensure that financial consumers have a reasonable and holistic understanding of the products and services which they may be acquiring or availing of. In this context, full disclosure, and utmost transparency, to the extent allowed under applicable laws and regulations, are the critical elements that empower the consumer to make comparisons and informed financial decisions. This is made possible by providing the consumer with ready access to information that accurately represents the nature and structure of the product or service, its terms and conditions, fundamental benefits and risks, detailed breakdown of the pricing or any cost associated with the product and service. Such information shall be readily available in any platform owned, operated, or utilized by the financial service provider.

Sufficient product disclosure must be provided before the contracting of the financial product or service to give the financial consumer enough basis and time for review. Any change in terms or conditions of a financial product or service shall be provided to the financial consumer."

10. Indicate the item numbers reported herein: **Item 9, Other Events**

On 24 January 2024, the Fund discovered that as of period ended 23 January 2024, the percentage of the time deposit investments in aggregate issued by any bank and any single business group over the total net assets of the Fund exceeded the limit with respect to the investments in Rizal Commercial Banking Corporation (RCBC). This has been classified as active breach under the revised SEC ICA-IRR.

On 26 January 2024, the Fund reduced the total exposure from 20.71% to 17.16%.

Pursuant to Section 6.12.a of the ICA 2018 IRR, breach should be reported to the Commission within three (3) business days after it becomes aware of any breach of the investment restrictions and shall rectify such breach as soon as practicable, but shall not be more than five (5) business days from the date of discovery.

NOTES TO FINANCIAL STATEMENTS

1. FINANCIAL REPORTING FRAMEWORK AND BASIS OF PREPARATION AND PRESENTATION

Statement of Compliance

These unaudited condensed consolidated interim financial statements of the Company as at and for the three-month period ended March 31, 2025 have been prepared in accordance with PAS 34, Interim Financial Reporting. These unaudited condensed consolidated interim financial statements do not include all the notes normally included in an annual audited financial report. Accordingly, these unaudited condensed consolidated interim financial statements are to be read in conjunction with the annual audited financial statements of the Company for the year ended December 31, 2024, which have been prepared in accordance with the Philippine Financial Reporting Standards (PFRS).

Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis, except for certain financial assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Functional and Presentation Currency

These financial statements are presented in United States Dollar (USD), the currency of the primary economic environment in which the Company operates. All amounts are recorded to the nearest dollar, except when otherwise indicated.

2. ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS

Adoption of Amended Accounting Standards Effective in 2024

In the current year, the Company has applied all amendments to PFRS Accounting Standards that are mandatorily effective for accounting periods beginning on or after January 1, 2024. Their adoption had no material impact on the disclosures, or the amounts reported in these financial statements.

New and Revised Accounting Standards Effective after the Reporting Period Ended December 31, 2024

At the date of authorization of these financial statements, the company has not applied the following PFRS Accounting Standards pronouncements that have been issued but are not yet effective:

Effective for annual period beginning or after January 1, 2025

- Amendments to PAS 21, The Effects of Changes in Foreign Exchange Rates – Lack of Exchangeability

Effective for annual period beginning or after January 1, 2026

- Amendments to PFRS 9, Financial Instruments and PFRS 7, Financial Instruments: Disclosures - Classification and Measurement of Financial Instruments
- Annual Improvements to PFRS Accounting Standards—Volume 11
- Amendments to PFRS 9, Financial Instruments and PFRS 7 Financial Instruments: Disclosures - Contracts Referencing Nature-dependent Electricity

Effective for annual period beginning or after January 1, 2027

- PFRS 18, Presentation and Disclosure in Financial Statements
- PFRS 19, Subsidiaries without Public Accountability: Disclosures
- PFRS 17, Insurance Contracts
- Amendments to PFRS 17, Insurance Contracts
- Amendment to PFRS 17, Insurance Contracts - Initial Application and PFRS 9, Financial Instruments – Comparative Information

Deferred effectivity

- Amendments to PFRS 10, Consolidated Financial Statements and PAS 28, Investments in Associates and Joint Ventures—Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

Management anticipates that the adoption of the new or revised PFRS Accounting Standards in future periods will not have a material impact on the financial statements in the period of their initial adoption.

3. MATERIAL ACCOUNTING POLICIES

Financial assets

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

Classification and Subsequent Measurement

The Company classifies its financial assets in the following measurement categories:

- FVTPL
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fair value.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the group classifies its debt instruments:

- **Amortized cost.** Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **FVTPL.** Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in finance income.

Amortized cost and effective interest method

The effective interest method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired (POCI) financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

Impairment of financial assets

The Company recognizes a loss allowance for ECL on investments in debt instruments that are measured at amortized cost and financial assets at FVOCI.

The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Significant increase in credit risk

The Company monitors all financial assets that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk, the Company will measure the loss allowance based on lifetime rather than 12-month ECL.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognized. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

Forward-looking information considered includes the future prospects of the industries in which the Company's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organizations, as well as consideration of various external sources of actual and forecast economic information that relate to the Company's core operations.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk for a particular financial instrument (e.g. a significant increase in the credit spread, the credit default swap prices for the debtor, or the length of time or the extent to which the fair value of a financial asset has been less than its amortized cost);
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Company presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Company has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

A financial instrument is determined to have low credit risk if:

- The financial instrument has a low risk of default;
- The debtor has a strong capacity to meet its contractual cash flow obligations in the near term; and
- Adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

The Company considers a financial asset to have low credit risk when the asset has external credit rating of investment grade' in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of 'performing'. Performing means that the counterparty has a strong financial position and there are no past due amounts.

The Company regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Default

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that financial assets that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company in full (without taking into account any collateral held by the Company).

Irrespective of the above analysis, the Company considers that default has occurred when a financial asset is more than 90 days past due unless the Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default (PD) which affects both the measurement of ECLs and the identification of a significant increase in credit risk.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence of credit-impairment includes observable data about the following events:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganization;
- the disappearance of an active market for a security because of financial difficulties; or
- the purchase of a financial asset at a deep discount that reflects the incurred credit losses.

It may not be possible to identify a single discrete event—instead, the combined effect of several events may have caused financial assets to become credit-impaired. The Company assesses whether debt instruments that are financial assets measured at amortized cost or FVOCI are credit-impaired at each reporting date. To assess if debt instruments are credit impaired, the Company considers factors such as bond yields, credit ratings and the ability of the borrower to raise funding.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position as a deduction from the gross carrying amount of the assets.

Derecognition

The Company derecognizes a financial asset only when the contractual rights to the asset's cash flows expire or when the financial asset and substantially all the risks and rewards of ownership of the asset are transferred to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain/loss that had been recognized in OCI and accumulated in equity is recognized in profit or loss, with the exception of equity investment designated as measured at FVTOCI, where the cumulative gain/loss previously recognized in OCI is not subsequently reclassified to profit or loss, but is transferred to retained earnings.

Financial Liabilities and Equity Instruments

Financial liabilities

All financial liabilities are measured subsequently at amortized cost using the effective interest method or at FVTPL. Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities at FVTPL

Financial liabilities at FVTPL are measured at fair value, with any gains/losses arising on remeasurement recognized in profit or loss to the extent that they are not part of a designated hedging relationship. The net gain/loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in profit or loss.

However, for financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognized in OCI, unless the recognition of the effects of changes in the liability's credit risk in OCI would create or enlarge an accounting mismatch in profit or loss. The remaining amount of change in the fair value of liability is recognized in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognized in OCI are not subsequently reclassified to profit or loss; instead, they are transferred to retained earnings upon derecognition of the financial liability.

In making the determination of whether recognizing changes in the liability's credit risk in OCI will create or enlarge an accounting mismatch in profit or loss, the Company assesses whether it expects that the effects of changes in the liability's credit risk will be offset in profit or loss by a change in the fair value of another financial instrument measured at FVTPL. This determination is made at initial recognition.

Since the company does not have financial liabilities classified at FVTPL, all financial liabilities are subsequently measured at amortized cost.

Financial liabilities measured subsequently at amortized cost

Financial liabilities that are not (i) contingent consideration of an acquirer in a business combination, (ii) held-for-trading, or (iii) designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

The Company's financial liabilities classified under this category include accrued expenses and other payables, due to brokers and payable to fund manager.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Equity instruments

Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Share capital

Share capital consisting of ordinary shares is classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds, net of tax. Any excess of proceeds from issuance of shares over its par value is recognized as additional paid-in capital.

Retained earnings

Retained earnings represent accumulated profit attributable to equity holders of the Company after deducting dividends declared. Retained earnings may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

Repurchase, disposal and reissuance of share capital (treasury shares)

When share capital recognized as equity is repurchased, the amount of the consideration paid, which includes directly attributable cost, net of any tax effects, is recognized as a reduction from equity. Repurchased shares are classified as treasury shares and are presented in the reserve for own share account. When treasury shares are sold or reissued subsequently, the amount received is recognized as increase in equity, and the resulting surplus or deficit on the transaction is presented as additional paid-in capital.

Deposit for future share subscriptions

DFFS is recorded at historical cost. According to Financial Reporting Bulletin (FRB) No. 6 as issued by SEC, it is classified as equity when all of the following criteria are met:

- the unissued authorized capital share of the entity is insufficient to cover the amount of shares indicated in the contract;
- there is Board of Directors' approval on the proposed increase in authorized capital share (for which a deposit was received by the Company);
- there is shareholders' approval of said proposed increase; and
- the application for the approval of the proposed increase has been presented for filing or has been filed with the SEC.

DFFS is classified as liability, when the above criteria are not met.

Revenue Recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control of a product or service to a customer.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Fair value gains or losses

Gains or losses arising from changes in fair values of investments are disclosed under the policy on financial assets.

Expense Recognition

Expenses are recognized in profit or loss when incurred. Expenses in the statements of comprehensive income are presented using the function of expense method. Investment expenses are transaction costs incurred in the purchase and sale of investments. Operating expenses are costs attributable to the administrative and other business expenses of the Company including management fees and custodianship fees.

Fair Value

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis.

In addition, for financial reporting purposes, fair value measurements are categorized into Levels 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Related Party Transactions

Parties are considered related if one party has control, joint control, or significant influence over the other party in making financial and operating decisions. An entity that is a post-employment benefit plan for the employees of the Company and the key management personnel of the Company are also considered to be related parties.

Taxation

Income tax expense represents the sum of the current tax, final tax and deferred tax expense.

Current tax

The current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statements of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's current tax expense is calculated using 25% regular corporate income tax (RCIT) rate or 2% minimum corporate income tax (MCIT), whichever is higher.

Final tax

Final tax expense represents final taxes withheld on interest income from cash and cash equivalents, special savings deposits and fixed-income securities and final taxes withheld on proceeds from sale of listed equity securities.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and these relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred taxes for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in OCI or directly in equity, in which case, the current and deferred taxes are also recognized in OCI or directly in equity, respectively.

Earnings per Share

The Company computes its basic earnings per share by dividing profit or loss for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period.

For the purpose of calculating diluted earnings per share, profit or loss for the year attributable to ordinary equity holders of the Company and the weighted average number of shares outstanding are adjusted for the effects of deposit for future subscription which are dilutive potential ordinary shares.

Net Asset Value per Share (NAVPS)

The Company computes its NAVPS by dividing the total net asset value as at the end of the reporting period by the number of issued and outstanding shares and shares to be issued on deposits for future share subscriptions.

4. CASH AND CASH EQUIVALENTS

	March 2025	December 2024
Cash in banks	\$ 461,501	\$ 380,873
Cash equivalents	41,929,906	38,160,519
	<u>\$ 42,391,407</u>	<u>\$ 38,541,392</u>

Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. The Company classifies an investment as cash equivalent if that investment has a maturity of three months or less from the date of acquisition.

5. FINANCIAL ASSETS AT AMORTIZED COST

	March 2025	December 2024
Current		
Short-term financial assets	<u>\$1,727,360</u>	<u>\$1,727,360</u>

The movements in the financial assets at amortized cost investments are summarized as follows:

	March 2025	December 2024
Beginning balance	\$ 1,727,360	\$ 4,034,622
Additions	-	1,727,360
Disposal	-	(4,031,000)
Amortization of premium (discount)	-	(3,622)
Ending balance	<u>\$ 1,727,360</u>	<u>\$ 1,727,360</u>

The disposal of financial assets of the Company is attributable to an isolated event that is beyond the Company's control, is non-recurring and could not have been reasonably anticipated by the Company. The main reason for the disposal is to raise cash for anticipated redemptions and to maintain liquidity of the Company.

6. ACCRUED INTEREST RECEIVABLE

	March 2025	December 2024
Cash equivalents	<u>\$ 139,740</u>	<u>\$ 113,355</u>

Collection of interest depends on the scheduled interest payments of each asset held.

7. OTHER CURRENT ASSETS

	March 2025	December 2024
Prepaid expenses	<u>\$ 20,498</u>	<u>\$ 63</u>

8. DEFERRED TAX ASSETS

The following is the composition of deferred tax assets recognized by the Company:

	Taxes and Licenses	Total
December 31, 2024	\$19,772	\$19,772
March 31, 2025	\$19,772	\$19,772

9. ACCRUED EXPENSES AND OTHER PAYABLES

	March 2025	December 2024
Due to Investors	\$ 300,009	\$ 18,707
Filing and registration fees payable	82,994	82,994
Professional fees	2,740	1,571
Withholding taxes and documentary stamp taxes	1,583	1,660
Director's fees payable	1,108	-
Custodian fees	7	-
Printing fees	-	79
	\$ 388,442	\$105,011

Filing and registration fees payable pertains to the amount payable to SEC in relation with the Company's authorized capital stock increase application.

Due to investors account pertains to amounts payable to investors for the redemption of their investments processed on or before the reporting period, which are usually paid one day after the transaction date.

10. RELATED PARTY TRANSACTIONS

In the normal course of business, the Company transacts with entities which are considered related parties under PAS 24, *Related Party Disclosures*.

The related parties below hold the following number of shares and current value of the Company as at March 31, 2025 and December 31, 2024:

Related party	2025		2024	
	Number of shares	Current Value	Number of shares	Current Value

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The Performance of the Company could be measured by the following indicators:

- Increase/Decrease in Net Assets Value Per Share (NAVPS).** NAVPS is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued and outstanding plus the total number of shares outstanding due to deposit for future subscriptions (DFFS) and for conversion to shares, if any, as of the end of the reporting day. Any increase or decrease in NAVPS translates to a prospective capital gain or capital loss, respectively, for the Fund's shareholders.
- Net Investment Income.** Represents the total earnings of the Fund from its investment securities, less operating expenses and income tax. This gauges how efficiently the Fund has utilized its resources in a given time period.
- Assets Under Management (AUM).** These are the assets under the Fund's disposal. This measures investor confidence (increase/decrease brought about by investor subscriptions/redemptions) as well as the growth of the Fund (increase/decrease brought about by its operational income and market valuation of its assets and liabilities).
- Cash Flow.** Determines whether the Fund was able to achieve the optimal level of liquidity by being able to meet all its scheduled payments, while maintaining at the same time the maximum investments level and minimum cash level.

PART II – RISK MANAGEMENT

Item 1. Financial Risk Exposures of the Company

1. Financial Risk Management Objectives and Policies

The Company's activities expose it to a variety of financial risks: interest rate risk, credit risk, and liquidity risk. The Fund Manager exerts best efforts to anticipate events that would negatively affect the value of the Company's assets and takes appropriate actions to counter these risks. However, there is no guarantee that the strategies will work as intended. The policies for managing specific risks are summarized below:

- 1.1 **Market Risk:** Market risk is a risk of possible decline in the value of the Fund due to fluctuations in prices of the fund's assets. Since the fund may in both equity and fixed income securities, it is subject to two types of market risks: (1) Interest Rate Risk applicable to fixed income securities of the Fund; and (2) Equity Price Risk applicable to the equity investments of the Fund.
- 1.2 **Interest Rate Risk:** Interest Rate Risk is a type of Market Risk which is applicable to the Fund's investments in bonds, if any. This refers to the increase/decrease of a bond price due to movement in market factors such as changes in interest rates. A change in interest rates is the period when interest rates rise or fall thus causing the decline or increase in the market price of the bonds held by the Fund, if any. This risk is minimized by closely monitoring the direction of interest rates and aligning it with the appropriate strategy of the Fund.
- 1.3 **Credit Risk:** Investments in bonds carry the risk that the issuer of the bonds might default on its interest and principal payments. In the event of default, the Fund's value will be adversely affected and may result in a write-off of the concerned asset held by the Fund. To mitigate the risk, each Issuer/Borrower/Counterparty passes through a stringent credit process to determine whether its credit quality complies with the prescribed standards of the Fund. Further, the credit quality of the Issuer/Borrower/Counterparty is reviewed periodically to ensure that excellent credit standing is maintained. Moreover, a 10% exposure limit to a single entity is likewise observed.
- 1.4 **Liquidity Risk:** The Fund is usually able to service redemptions of investors within seven (7) banking days after receipt of the notice of redemption by paying out redemptions from available cash or near cash assets in its portfolio. However, when redemptions exceed the Funds available cash or near cash assets in its portfolio, the Fund will have to sell its other security holdings; and during periods of extreme market volatility, the Fund may not be able to find a buyer for such assets. Consequently, the Fund may not be able to generate sufficient cash from its sale of assets to meet the redemptions within the normal seven (7) banking day period. To mitigate this, the Fund maintains adequate highly liquid assets in the form of cash, cash equivalents and near cash assets in its portfolio. As the Fund's portfolio is composed of liquid assets, liquidity risk is deemed low.
- 1.5 **Regulatory Risk:** The Fund's investments and operations are subject to various regulations affecting among others, accounting of assets and taxation. These regulations occasionally change, and may result in lower returns or even losses borne by the investors. For example, a higher tax imposed on the sale or purchase of underlying assets of the Fund may result in lower net asset value of the Fund. To mitigate this risk, SLAMCI adopts global best practices. Further, it maintains regular communications with the relevant government agencies to keep itself abreast of the issues giving them concern, and to have the opportunity to help them set standards for good governance. SLAMCI also takes an active participation in the Philippine Investment Funds Association, Inc. ("PIFA"), an association of mutual fund companies in the Philippines.
- 1.6 **Non-guarantee:** Unlike deposits made with banks, an investment in the Fund is neither insured nor guaranteed by the Philippine Deposit Insurance Corporation ("PDIC"). Hence, investors carry the risk of losing the value of their investment, without any guaranty in the form of insurance. Moreover, as with any investment, it is important to note that past performance of the Fund does not guarantee its future success.
- 1.7 **Dilution Risk:** Being an open-end mutual fund, various investors may effectively subscribe to any amount of shares of the Fund. As such, investors face the risk of their investments being diluted as more investors subscribe to shares of the Fund. The influence that the investors can exert over the control and management of the Fund decreases proportionately.

- 1.8 **Large Transaction Risk:** If an investor in a Fund makes a large transaction, the Fund's cash flow may be affected. For example, if an investor redeems a large number of shares of a Fund, that Fund may be forced to sell securities at unfavorable prices to pay for the proceeds of redemption. This unexpected sale may have a negative impact on the net asset value of the Fund.
- 1.9 **Fund Manager Risk:** The performance of the Fund is also dependent on the Fund Manager's skills. Hence, the Fund may underperform in the market and/or in comparison with similar funds due to investment decisions made by the Fund Manager, and may also fail to meet the Fund's investment objectives. The Board of Directors of the Issuer, however, shall ensure that all investment policies and restrictions enumerated in this Prospectus are strictly followed.
- 1.10 **Operational Risk:** This is the risk of loss resulting from inadequate or failed internal processes, controls, people and systems. Categories of operational risks may fall under: sales and distribution, human resources, information technology, processes and people, accounting and finance, model risk, legal and regulatory and third party relationships. The Fund ensures that the internal controls and practices are consistent with enterprise wide policies supporting the management of operational risks. The Fund has established business specific guidelines. Comprehensive investment program, including appropriate level of self-insurance, is maintained to provide protection against potential losses.

2. Capital Risk Management

The Fund Manager manages the Company's capital to ensure that the Company will be able to continue as a going concern while maximizing the return to stakeholders through the optimization of the mix of high quality financial instruments.

The Company is guided by its Investment Policies and Legal Limitations. All the proceeds from the sale of shares, including the original subscription payments at the time of incorporation constituting the paid-in capital, is held by the pertinent custodian banks.

The Fund Manager manages Capital and NAVPS, to ensure that the Company's net asset value remains competitive and appealing to prospective investors.

The Company is also governed by the following fundamental investment policies:

- It does not issue senior securities;
- It does not intend to incur any debt or borrowing. In the event that borrowing is necessary, it can do so only if, at the time of its incurrence or immediately thereafter, there is asset coverage of at least 300% for all its borrowings;
- It does not participate in any underwriting or selling group in connection with the public distribution of securities, except for its own share capital;
- It generally maintains a diversified portfolio. Industry concentrations may vary at any time depending on the investment manager's view on the prospects;
- It does not invest more than twenty percent (20%) of its assets in real estate properties and developments, subject to investment restrictions and/or limitations under applicable law, if any;
- It does not purchase or sell commodity futures contracts;
- It does not make any loan to other persons, or to other interested persons such as the members of the Board of Directors, officers of the Fund and any affiliates, or affiliated corporations of the Fund. However, it shall engage in legally permissible lending operations considered by its Board of Directors to be financially solid and sound; ;
- The asset mix in each type of security is determined from time to time, as warranted by economic and investment conditions; and
- The subscribers are required to settle their subscriptions in full upon submission of their application for subscriptions;
- It may use various techniques to hedge investment risks; and
- It does not change its investment objectives without the prior approval of a majority of its shareholders and prior notice to the SEC.

The Investment Policies refer to the following:

- Investment Objective - to provide higher yields than conventional bank deposits and money market funds by investing in a composition of cash, long-term bank deposits, short-term corporate and government debt and other fixed income instruments denominated in US dollars.
- Benchmark - 100% 30-day USD Deposit Rate
- Asset Allocation Range - the Company allocates its funds available for investments among cash and other deposit substitutes and fixed-income securities based on certain proportion as approved by Management.

Other matters covered in the investment policy include the fees due to be paid to the Fund Manager with management and distribution fees each set at an annual rate of 0.125% of the net assets attributable to shareholders on each valuation day.

In compliance to SEC Memorandum Circular No. 21, Series of 2019 signed on September 24, 2019 in relation to independent Net Asset Value (NAV) calculation, SLAMCI (Fund Manager) engaged Citibank, N.A. Philippines to service its fund accounting functions including calculation of its NAV every dealing day. In December 2020, SLAMCI implemented the outsourced fund accounting to all Sun Life Prosperity Funds.

As of March 31, 2025 and December 31, 2024, the Company is consistently in compliance with the minimum paid-in capital requirement of the SEC of P 50,000,000 pursuant to Section 3 of SEC Memorandum Circular No.33-2020.

4. The significant judgments made in classifying a particular financial instrument in the fair value hierarchy.

CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments in Applying Accounting Policies

The following are the critical judgments, apart from those involving estimates, that Management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements.

Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortized cost that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

The Company measures its financial assets at amortized cost if the financial asset qualifies for both SPPI and business model test. The Company's business model is to hold the asset and to collect its cash flows which are SPPI. All other financial assets that do not meet the SPPI and business model test are measured at FVTPL

Significant increase of credit risk

ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL assets for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. PFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward looking information.

The Company considers a financial instrument to have experienced a significant increase in credit risk when one or more of the qualitative and quantitative criteria have been met.

As at March 31, 2025 and December 31, 2024, the Company's financial instrument measured at amortized cost has not experienced a significant increase in its credit risk.

Models and assumptions used

The Company uses various models and assumptions in measuring the fair value of financial assets as well as in estimating ECL. Judgment is applied in identifying the most appropriate model for each type of asset, as well as for determining the assumptions used in these models, including assumptions that relate to key drivers of credit risk.

Functional currency

Based on the economic substance of the underlying circumstances relevant to the Company, the functional currency of the Company has been determined to be the USD. The USD is the currency of the primary economic environment in which the Company operates. It is the currency being used to report the Company's results of operations.

Puttable shares designated as equity instruments

The Company's share capital met the specified criteria to be presented as equity. The Company designated its redeemable share capital as equity instruments since the Company's share capital met the criteria specified in PAS 32, Financial Instruments: Presentation, to be presented as equity.

A puttable financial instrument includes a contractual obligation for the issuer to repurchase or redeem that instrument for cash or another financial asset on exercise of the put. As an exception to the definition of a financial liability, an instrument that includes such an obligation is classified as an equity instrument if it has met all the following features:

- a. it entitles the holder to a pro rata share of the entity's net assets in the event of the entity's liquidation. The entity's net assets are those assets that remain after deducting all other claims on its assets;
- b. it is in the class of instruments that is subordinate to all other classes of instruments;
- c. all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- d. apart from the contractual obligation for the issuer to repurchase or redeem the instrument for cash or another financial asset, the instrument does not include any contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the entity, and it is not a contract that will or may be settled in the entity's own equity instruments; and
- e. the total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the entity over the life of the instrument (excluding any effects of the instrument).

As at March 31, 2025 and December 31, 2024, the recognized amount of share capital representing puttable shares in the statements of financial position amounted to \$797,312.

Key Sources of Estimation Uncertainty

The following are the Company's key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Probability of default (PD)

PD constitutes a key input in measuring ECL. PD is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.

As at March 31, 2025 and December 31, 2024, the Company assessed a probability of default of 0.00% for all of its financial assets measured at amortized cost.

Loss Given Default (LGD)

LGD is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements. The Company uses portfolio averages from external estimates sourced out from Standard and Poor's (S&P) as the LGD estimates.

Estimating loss allowance for ECL

The measurement of the expected credit loss allowance for financial assets measured at amortized cost and FVTOCI is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behavior.

A number of significant judgments are also required in applying the accounting requirements for measuring ECL, such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL; and
- Establishing the number and relative weightings of forward-looking scenarios and the associated ECL.

As at March 31, 2025 and December 31, 2024, the Company has recorded expected credit losses for its financial assets measured at amortized cost amounting to nil as disclosed in Note 5.

Deferred tax assets

The Company reviews the carrying amount at the end of each reporting period and reduces deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Total deferred tax asset recognized as at March 31, 2025 and December 31, 2024 amounted to \$ 19,772.

Compliance with Foreign Account Tax Compliance Act (FATCA)

In accordance with the requirements of the US Internal Revenue Service ("IRS") and the Intergovernmental Agreement ("IGA") between the Government of the United States of America and the Government of the Republic of the Philippines to Improve International Tax Compliance and to Implement FATCA which was signed last July 13, 2015, the Fund has registered with the Internal Revenue Service (IRS) and has obtained its own Global Intermediary Identification Number ("GIIN") as a sponsored entity. Sun Life Asset Management Company, Inc. ("SLAMCI") continues to assume responsibilities for the Fund's FATCA compliance as the Sponsoring Entity and has implemented FATCA onboarding processes and procedures as well as system enhancements to monitor its new and pre-existing account holders who are U.S. Persons and have U.S. Indicia. The Company, together with its Sponsoring Entity, SLAMCI, is preparing to comply for FATCA reporting on the date which will be set by the Bureau of Internal Revenue as soon as the IGA has been ratified by the Senate.

What does the Fund invest in?

The **Sun Life Prosperity Dollar Starter Fund** aims to generate consistent and stable returns for your US Dollar investment, potentially exceeding those of traditional bank deposits and money market funds over time. The Fund may also serve as a parking facility prior to investment in other Dollar Funds.

The Fund is suitable for investors with a **conservative risk profile** and short-term investment horizon. This is for investors who seek higher yields for their US Dollars compared to conventional bank deposits but do not want to assume a significant amount of risk. These investors may also be considering to invest in other dollar funds but are not yet able or ready to do so.

- Benchmark data were based on available information as of extraction date.

Market Review and Outlook

- Yields on short-term outlets were slightly lower month-on-month.
- The Fund's yield is expected to move lower as time deposit maturities are reinvested at lower yields as the market sees an increased likelihood that rate cuts are on the horizon.
- Accruals continued to be the primary driver for the Sun Life Prosperity Dollar Starter Fund's year-to-date return.

MANAGEMENT REPORT

- a. **Management's Discussion and Analysis (MD&A) or Plan of Operation.**

CORPORATE INFORMATION

Sun Life Prosperity Dollar Starter Fund, Inc. (the "Company") was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on January 16, 2017. The Company is a registered open-end investment company under the Investment Company Act (Republic Act "R.A." No. 2629) and the Securities Regulation Code (R.A. No. 8799), formerly known as the Revised Securities Act (B.P. No. 178). It is engaged in the sale of and distribution of mutual fund shares, and seeks to provide higher yields than conventional bank deposits, short-term corporate and government debt and other fixed income instruments denominated in US Dollars. As an open-end investment company, its shares are redeemable anytime based on the Net Asset Value Per Share (NAVPS) at the time of redemption.

1. **Plan of Operation.** For the next twelve (12) months, management will continue its current plan of operation, with a focus on improving cost efficiency.
2. **Management's Discussion and Analysis.** The performance of the Company could be measured by the following indicators:
 - 2.1 **Increase/Decrease in Net Assets Value Per Share (NAVPS)** NAVPS is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued and outstanding plus the total number of shares outstanding due to deposit for future subscriptions (DFFS) and for conversion to shares, if any, as of the end of the reporting day. Any increase or decrease in NAVPS translates to a prospective capital gain or capital loss, respectively, for the Company's shareholders.
 - 2.2 **Net Investment Income.** Represents the total earnings of the Company from its investment securities, less operating expenses and income tax. This gauges how efficiently the Company has utilized its resources in a given time period.
 - 2.3 **Assets Under Management (AUM).** The assets under the Company's disposal. This measures the profitability of the Company (increase/decrease brought about by its operational income) as well as investor confidence (increase/decrease brought about by investor subscriptions/redemptions).
 - 2.4 **Cash Flow.** Determines whether the Company was able to achieve the optimal level of liquidity by being able to meet all its scheduled payments while at the same time maintaining the maximum level of investments and minimum level of cash.

Top 5 Key Performance Indicators

The performance of a fund is important to its investors. Oftentimes, it is used when making investment decisions. That is why Key Performance Indicators (KPI), a set of quantifiable measures, is necessary to gauge its performance in terms of meeting the Company's investment objective while consistently following its investment policy. The following are the top 5 KPIs related to the company:

1. **Total Return.** The performance of a mutual fund is always expressed in terms of its total return, which is the sum of the change in a fund's net asset value (NAV), its dividends and its capital gains distributions over a given period of time, net of its expenses.
2. **Market Conditions.** A fund's true performance potential needs to be evaluated within the context of the market environment prevailing during the different periods used.
3. It is most relevant to investors to measure the performance of a fund within a 10-year time frame as it will most likely cover a mix of market conditions that may be translated into a more reliable long-term indicator of the fund manager's investment management abilities.
4. **Benchmarks.** Benchmarking is one of the most important aspects of a mutual fund's total return performance. A fund's performance metrics only have meaning if they are compared to appropriate "guideposts," or benchmarks.

Given the Company's objective to invest in a composition of cash, long-term bank deposits, short-term corporate and government debt and other fixed income instruments, its performance is measured against the average Philippine Dollar Deposit Rate - Savings (PPSDUS\$) index. The source of the average is the Bangko Sentral ng Pilipinas (BSP).

Total Return vs Benchmark		
	Benchmark: 100% 30-day USD Deposit Rate	Sun Life Prosperity Dollar Starter Fund, Inc.
5-Year Return	1.24%	10.68%
3-Year Return	0.96%	8.33%
1-Year Return	0.46%	3.80%
YTD Return	0.11%	0.83%

*As of March 31, 2025

The benchmark may be changed by the Fund's Board of Directors from time to time.

5. **Peer Comparisons.** Mutual funds are also compared to their peers, or peer groups, and relevant fund categories. For example, it is common for investment research materials to compare a short-term bond fund, like the Sun Life Prosperity Dollar Starter Fund, to funds similar in nature (peers or peer group). While this information is made available to the Fund's investor, the same may be found in the website of the Investment Company Association of Philippines at www.pifa.com.ph.

6. **Asset Size.** Open-ended mutual funds grow their asset size in two ways:
- Increase in the value of the underlying assets as a result of the strong performance of equity securities and/or bonds in the fund's portfolio. When the underlying assets in a portfolio increase in value, the fund's asset size increases.
 - The inflow of investors' money. This is why a fund's asset size will continue to grow even if it has a negative return.

The increase in a fund's asset size signifies solid fund management skills which, combined with favorable market conditions backed by a strong economic outlook, illustrates how effectively a fund manager has performed and the extent to which value has been added through active management.

The second indicates investor confidence in the fund manager, the Company, or both.

Most analysts check whether the performance of a mutual fund is attributable to personnel who have since left the fund. While there is no magic number when it comes to fund manager tenure, it should provide some investor comfort to know that with respect to the Company, the Fund Manager and the Company's top management have been with the Company for at least five (5) years. Furthermore, SLOCPI having been in the business for decades combined with a record of consistent strong performance indicates a stability and resilience capable of withstanding the different stages of the business cycle.

3. **Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.** There have been no changes in and/or any disagreement with accountants on any accounting and financial disclosures and/or on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure.
