1. **Independent Directors.** Nominees for Independent Directors were nominated by Ms. Valerie N. Pama to the Corporate Governance Committee. The nomination is in accordance with the guidelines and requirements set in the Securities and Exchange Commission (SEC) Memorandum Circular Nos. 24 (s. 2019) and SRC Rule 38. Qualifications of Directors as enumerated in said circulars are strictly followed.

2. **Nomination Process.** The Corporate Governance Committee composed of Mr. Bate as Chairman and Mr. Sison and Atty. Herbosa as Members, pre-screens and shortlists all candidates nominated to become a member of the Board of Directors in accordance with the qualifications and disqualifications of the regulations named above and in accordance with the procedure outlined in the Company’s Manual on Corporate Governance (“Manual”).

Except for committee members who are independent directors themselves, none of the members of the Corporate Governance Committee are related to the independent directors. The following Final List of Candidates to the 2025 Board of Directors has been approved:

- 2.1 Ms. Valerie N. Pama
- 2.2 Mr. Benedicto C. Sison
- 2.3 Dr. Cielito F. Habito
- 2.4 Atty. Teresita J. Herbosa
- 2.5 Mr. Cesar Luis F. Bate

Unless marked otherwise, proxies received will be voted for the election of each of the nominees stated in the proxy form.

b. **Incorporators.** The incorporators of the Company are: Esther C. Tan, Caesar P. Altarejos, Jr., Henry Joseph M. Herrera, Rizalina G. Mantaring, Raoul Antonio E. Littaua, and Rolando Robles.

c. **Significant Employees.** The Company has no significant employees.

d. **Family Relationships.** There are no family relationships up to the fourth civil degree either by consanguinity or affinity among directors, executive officers, or persons nominated by the Company to become its directors or executive officers.

e. **Involvement in Certain Legal Proceedings.** None of the directors or persons nominated to become directors or executive officers of the Company has been involved during the past five (5) years in any legal proceeding which is material to an evaluation of their ability or integrity to serve as such, including, bankruptcy petition, conviction by final judgment, being subject to any order, judgment or decree, or violation of a securities or commodities law.

f. **Certain Relationships and Related Transactions.** The Company is not involved in any transaction or series of similar transactions, proposed or otherwise, with or involving any of its subsidiaries in which a director, executive officer, or stockholder owns ten percent (10%) or more of total outstanding shares and members of their immediate family had or is to have a direct or indirect material interest during the last two (2) years.

g. **Parent of the Company.** The Company does not have a parent company.

h. **Disagreement of Directors and Executive Officers.** None of the directors has resigned or declined to stand for re-election to the Board of Directors since the date of the last annual meeting of security holders because of a disagreement with the Company on any matter relating the Company's operations, policies, or practices.

i. **Compliance with Leading Practices on Corporate Governance.** All of the directors and officers of the Company have attended a seminar on corporate governance given by a SEC-accredited provider. They attend a yearly training on Corporate Governance by a reputable provider, including topics global trends and best practices.

The Board reviews and updates its Manual on Corporate Governance at least annually to ensure that it is kept abreast of global leading practices and principles on good corporate governance. On a yearly basis, the Board Directors each accomplishes a Board Effectiveness Questionnaire to evaluate themselves as individual Directors and as a Board, to determine their skills and level of compliance with the Manual, as well as recommend changes to the Manual and Committee charters. This ensures that they remain independent and effective in implementing their respective mandates and discharging their duties and responsibilities. As a result of the recommendations from the Board on how to better improve Corporate Governance, they now hold a confidential meeting to discuss strategy every year.

The Company also has robust and effective risk management policies and procedures in place to identify, mitigate and manage risks arising from the Company's operations. On a yearly basis, the Company's Compliance Officer issues a Certification which confirms that the Company substantially adopted all the provisions in the Manual of Corporate Governance, as prescribed by the SEC. Accounts of deviation, if any, are duly reported by the Compliance Officer, as necessary.

Item 6. Compensation of Directors and Executive Officers

a. **Compensation of Executive Officers.** The executive officers of the Company do not receive any form of compensation from their appointment up to the present.

b. **Compensation of Directors.** The directors do not receive any form of compensation from inception up to the present other than a P20,000.00 per diem for meetings attended. Only the members of the Board who are "external directors", i.e., those who are not officers and/or employees of Sun Life of Canada (Philippines), Inc. ("SLOCPI"), receive remuneration for their attendance in regular or special meetings of the Board at the rate of P20,000.00 to each director for every meeting attended. Their contributed efforts to the

Fund are on a voluntary basis only. Also, there are no bonuses, profit sharing or other compensation plan, pension or retirement plan, contract or arrangement in which any director or nominee for election as a director or executive officer of the Fund will participate.

However, starting January 01, 2010, each external director, as defined above, shall also receive a retainer's fee not to exceed P15,000.00 per quarter. Payment of such retainer's fee shall be shared by the Fund with the other Sun Life Prosperity Funds which the external director also serves, provided that each external director shall receive only a maximum of P15,000.00 per quarter from all the Sun Life Prosperity Funds.

Total per Diem received by the Fund's directors for the year 2024 and 2023 are PHP 259,222 and PHP 260,026, respectively.

The Board had four (4) regular quarterly meetings for 2024, including the organizational board meeting after the annual shareholders' meeting. For the four (4) meetings and with three (3) members of the Board who are external directors entitled to receive a per diem, the Fund forecasts a total directors' per diem of P240,000 for the year 2025. The external directors are also forecasted to receive a total of P19,222 retainer's fee for 2025.

c. **Employment Contracts and Termination of Employment and Change-in-Control Arrangements.** There are no other standard or consulting arrangements or any compensatory plan relating to the resignation/retirement by which directors and officers are to be compensated other than that previously stated.

d. **Warrants and Options Outstanding: Repricing.** The Company has no outstanding warrants or options held by the Company's executive officers, officers and directors.

e. **Compensation Committee.** The Company currently has no Compensation Committee; the Board decides the compensation of the directors, but no director participates in deciding on his remuneration.

Item 7. Independent Public Accountants. During the two (2) most recent fiscal years, Navarro Amper and Co./Deloitte Touche Tohmatsu served as the Company's principal accountants and external auditors. The signing partner is Mr. Lloyd Morano, who has served in said capacity since 2023. The same auditors are being recommended for re-election at the scheduled annual shareholders' meeting. Representatives of the said firm are expected to be present at the upcoming annual shareholders' meeting to respond to appropriate questions and to make a statement if they so desire.

The signing partner of the audit firm shall be rotated after every seven (7) years, in compliance with SRC Rule 68, (3)(iv)(ix) version 2019.

Audit and Audit-Related Fees. For 2024 and 2023, aggregate fees billed for professional services rendered by the external auditor for the audit of the Fund's annual financial statements and services normally provided by external auditors in connection with statutory and regulatory filings amounted to P445,444 and P414,366, respectively, inclusive of VAT and out-of-pocket expenses. There were no other payments made to the auditor for any other service, including assurance, tax and related services.

The Company's Audit and Compliance Committee hears the client service plan and service fee proposal presented by the external auditor and recommends such for the approval of the Board of Directors if found acceptable. Said Committee is composed of the following: Atty. Herbosa as Chairperson and Mr. Bate and Dr. Habito as Members.

Item 8. Compensation Plans. No action is to be taken with respect to any plan pursuant to which cash or non-cash compensation may be paid or distributed to its directors or employees.

C. ISSUANCE AND EXCHANGE OF SECURITIES

Item 9. Authorization or Issuance of Securities Other than for Exchange. No action is to be taken with respect to the authorization or issuance of any securities other than for exchange for outstanding securities of the Company.

Item 10. Modification or Exchange of Securities. No action is to be taken with respect to the modification of any class of securities of the Company, or the issuance or authorization for issuance of one class of securities of the Company in exchange for outstanding securities of another class.

Item 11. Financial and Other Information. No actions to be taken with respect to items 9 or 10. Report on Management's Discussion is attached as part of the annexes to SEC Form Definitive 20-IS.

Item 12. Mergers, Consolidations, Acquisitions and Similar Matters. No action is to be taken with respect to any transactions involving the: 1. merger or acquisition of the Company into or with any other person or any other person into or with the Company; 2. acquisition of the Company or any of its security holders of securities of another person; 3. acquisition by the Company of any other going business or of the assets thereof; 4. sale or other transfer of all or any substantial part of the assets of the Company; or 5. liquidation or dissolution of the Company.

Item 13. Acquisition or Disposition of Property. No action is to be taken with respect to the acquisition or disposition of any property.

Item 14. Restatement of Accounts. No action is to be taken with respect to the restatement of any asset, capital or surplus account of the Company.

D. OTHER MATTERS

Item 15. Action with Respect to Reports. The minutes of the meeting and related records are available for inspection by any shareholder at the office of the Company during business hours. Management recommends a vote FOR the approval of the minutes of the 2024 Shareholders' Meeting held on 16 July 2024.

Item 16. Matters Not Required to be Submitted. No action is to be taken with respect to any matter which is not required to be submitted to a vote of security holders.

Item 17. Amendment of Charter, By-Laws, or Other Documents. Management proposes that stockholders approve the following amendments to the Articles of Incorporation and the By-Laws:

1. Article II (Primary Purpose) and Article II, paragraphs 1 (ii) and 6 (Secondary Purpose) of the Articles of Incorporation to align with the Investment Company Act and its Implementing Rules and Regulations.

Effect: The Fund is already compliant with the applicable rules and regulations; hence, this amendment has generally no effect on the Fund's operation.

Reason: The following proposed amendment is to address the comments of the Securities and Exchange Commission on the Articles of Incorporation and to ensure that the purpose of the Fund is aligned with existing rules and regulations of the Commission:

are: "SECOND: That the purposes for which ~~said~~ the corporation is formed

PRIMARY PURPOSE To issue its own securities and offer them for sale to the public, to offer for sale, sell, or deliver after sale, any security or any interest in a security, whether issued by it or by another person, to invest, reinvest, or trade in securities and other investment assets allowed under the Investment Company Act and its Implementing Rules and Regulations as may be amended, to purchase, redeem, retire, or otherwise acquire or attempt to acquire any security, and while the owner thereof, to exercise all the voting rights and incidents of ownership, including the right to vote the same and to receive, collect, and dispose of the interests, dividends, and income therefrom, to do any and all things which may be useful in connection with or incidental to the conduct of such business, and generally to carry on the business of an open-end investment company in all the elements and details thereof.

SECONDARY PURPOSES

1. To exercise in respect of all shares of stock and/or other securities from time to time owned and held by and for its account, either directly or through a nominee, any and all rights, powers and privileges of individual ownership or interest therein, including the right to vote thereon for any and all purposes or otherwise act with respect thereto, to receive, collect and dispose of the interests, dividends and income therefrom and to do any and all acts and things for the preservation, improvement, enhancement in value of such securities or designed to accomplish any such purpose, including without limiting the generality of the foregoing, the power (i) to aid by loan, subsidy, surety, guaranty or otherwise, those issuing, creating or responsible for any such securities; (ii) ~~to acquire or become interested in any such securities by underwriting, syndicate participation or otherwise; xxx~~

6. Subject to the limits prescribed by the Investment Company Act and its Implementing Rules and Regulations, as may be amended, to borrow or raise money from not more than nineteen lenders, including its stockholders, necessary to meet the financial requirements of the corporation by the issuance of bonds, promissory notes, and other evidences of indebtedness, and to secure the repayment thereof by mortgage, pledge, deed of trust or lien upon the properties of the corporation, or to issue, pursuant to law, shares of the capital stock, debentures, bonds, warrants, notes, or other evidences of indebtedness in payment for the properties acquired by the corporation or for money borrowed in the prosecution of its business."

2. Article II paragraphs 8 (Secondary Purpose) of the Articles of Incorporation to clarify the wording.

Effect: The Fund is already compliant with the applicable rules and regulations; hence, this amendment has generally no effect on the Fund's operation.

Reason: The following proposed amendment is to address comments of the Securities and Exchange Commission on the Articles of Incorporation:

"8. To carry on any other lawful activities ~~aets~~ whatsoever which may seem to the corporation capable of being carried on in connection with the foregoing purposes and powers, or calculated directly or indirectly to promote the interest of the corporation or to enhance the value of its properties, and to have, enjoy, and exercise all the rights, powers, and privileges which are now or which may hereafter be conferred upon similar corporations organized under the laws of the Republic of the Philippines."

3. Article II, paragraph 9 (Secondary Purpose) of the Articles of Incorporation to revise "Corporation Law" to "Revised Corporation Code."

Effect: The Fund is already compliant with the applicable rules and regulations; hence, this amendment has generally no effect on the Fund's operation.

Reason: The following proposed amendment is to address comments of the Securities and Exchange Commission on the Articles of Incorporation since it was drafted with reference to the old Corporation Law:

"SECONDARY PURPOSES

xxx

9. The foregoing clauses shall each be construed as purposes and powers and the matters expressed in each clause or any part of any clause shall in no wise be limited by reference to or inference from any other clause or any other part of the same clause shall be regarded as independent purposes and powers, and the enumeration of specific purposes and powers shall not be construed to limit or restrict in any manner the meaning of the general purposes and powers of the corporation nor shall the expression of one thing be deemed to exclude another, although it be of like nature, not expressed. Likewise, the purposes and powers specified herein shall not be regarded in any manner as a limitation of the powers granted or allowed to and exercisable by this corporation under the Revised Corporation Code ~~Corporation Law~~ and other statutes of the Republic of the Philippines."

4. Article VII of the Articles of Incorporation to align the conditions for the redemption of shares by a shareholder with the Investment Company Act, its Implementing Rules and Regulations, and other applicable issuances of the Securities and Exchange Commission.

Effect: The Fund is already compliant with the applicable rules and regulations; hence, this amendment has generally no effect on the Fund's operation.

Reason: The following proposed amendment is to address comments of the Securities and Exchange Commission on the Articles of Incorporation to ensure alignment of the provision on redemption of shares with existing rules and regulations of the Commission:

"SEVENTH: (a) That the capital stock of the said corporation is THIRTY-EIGHT MILLION PESOS (Php 38,000,000.00), Philippine Currency, and said capital stock is divided into 3,800,000 shares at the par value of ONE CENTAVO (P 0.01) per share. *(As approved by majority of the Directors on February 17, 2006 and by the stockholders owning and/or representing at least two-thirds (2/3) of the issued and outstanding capital stock of the corporation on June 28, 2013).*

(b) That the holder of any share of stock of the Corporation upon its presentation to the Corporation or to any of its duly authorized representatives, is entitled to receive by way of redemption approximately his proportionate share of the Corporation's current net assets or the cash equivalent thereof, i.e., the current net asset value, subject to existing laws and the By-Laws of the Corporation. Provided, however, that no such

redemption may be made only for the grounds allowed under Rule 10.4 of the Investment Company Act (ICA) and its Implementing Rules and Regulations (IRR), as amended by Securities and Exchange Commission Memorandum Circular No. 33 series of 2020, and for the period provided under Rule 10.5 of the ICA IRR, as such regulations may be further amended from time to time. ~~unless the remaining unimpaired capital of the Corporation shall be at least P1,000,000.00 or 50% of its outstanding liabilities to the creditors of the Corporation, whichever is higher; Provided, further that redemption may be suspended during any of the periods specified under the By Laws and under any applicable laws and regulations."~~

5. Article VIII of the Articles of Incorporation to add a description of the features of the Company's shares.

Effect: The Fund is already compliant with the applicable rules and regulations; hence, this amendment has generally no effect on the Fund's operation.

Reason: The following proposed amendment is to address comments of the Securities and Exchange Commission on the Articles of Incorporation:

NAME	NATIONALITY	No. of Shares Subscribed	AMOUNT SUBSCRIBED
Sun Life Assurance Company of Canada	Canadian	49,999,397	P49,999,397.00

	Total	50,000, 00	P50,000,000.00

"EIGHTH: That the amount of said capital stock which has been actually subscribed is **FIFTY MILLION PESOS (P50,000,000.00)** and the following persons have subscribed for the number of shares and amount of capital stock set out after their respective names:

FEATURES OF THE SHARES:

Common - Voting - with Par Value - Redeemable

The pre-emptive right of all stockholders to all issues or disposition of shares in proportion to their respective shareholdings shall be denied."

Item 18. Other Proposed Action. Aside from the foregoing, there is no other proposed action.

Item 19. Voting Procedures. All elections and all questions, except as otherwise provided by law, shall be decided by the plurality vote of the shareholders present in person or by proxy; provided that a quorum (10% of the voting stock) is present. In case of election of directors, a majority vote (50% of the voting stock +1) is required.

The right to vote of investors as of the Record Date may be exercised in person, through proxy, or so when so authorized in the By-laws or when approved by the majority of the Board of Directors, through remote communication or in absentia. The Fund will accept proxy votes

from its stockholders by emailing SunLifeFunds@sunlife.com until Saturday, 04 August 2025 (at least 10 days prior to the ASHM). The same shall be remotely validated by the Fund before the close of business hours on or before 09 August 2025 (at least 5 days prior to the ASHM). Investors who will decide to attend the ASHM via Zoom may also exercise their right to vote in absentia via the Zoom poll functionality available during the conduct of the ASHM. Client identification may be verified during the pre-registration process.

Thereafter, the Corporate Secretary will proceed to count and tabulate the votes casted via remote communication or in absentia, and those who voted through proxy.

PART II. INFORMATION REQUIRED IN A PROXY FORM

Item 1. Identification. The solicitation of proxies is made by Ms. Jonah Lui P. Pascual for and on behalf of Ms. Valerie N. Pama, President of the Company. The proxy given will be voted by Ms. Pama in accordance with the authority contained therein. Atty. Anna Katrina C. Kabigting-Ibero, Corporate Secretary, will vote in case of Ms. Pama's absence.

Item 2. Instruction. Proxy forms attached to the notice of the annual shareholders' meeting appoint Ms. Pama, President of the Company, to represent and vote all shares registered in the name of the shareholder. The following need to be indicated by the shareholder on the form: a. Date and place the form was signed; b. Shareholder's complete name; and c. Signature.

Upon receipt of a duly completed proxy form through courier, regular mail, fax, or email (sent using the shareholder's registered email address with the Company), the Company will ensure that the forms are in order and that the above requirements have been complied with. Shareholder names and signatures appearing on the proxy form that are irreconcilable against Company records will be considered void.

Should defects be noted on a duly completed proxy form with regard to items (a) and (b) above, the Company has the option to determine ways and means by which the defect could be corrected, in which case the proxy form would be considered valid. Proxy forms not meeting the above requirements would not be counted.

Item 3. Revocability of Proxy. A shareholder giving a proxy has the power to revoke it at any time prior to its exercise by voting in person at the Annual Meeting, by giving written notice to the Corporate Secretary prior to the Annual Meeting, or by giving another proxy with a later date provided it is received by the office of the Corporate Secretary not later than ten (10) days prior to the Annual Meeting.

Item 4. Persons Making the Solicitation.

a. The proxy solicitation is conducted on behalf of the Company by SLAMCI as part of its management services and is to be made through electronic mail, the internet, registered mail, and courier service. No director of the Company has informed the Company in writing that he intends to oppose any action intended to be taken.

b. Proxies may also be solicited by SLAMCI employees assigned to Investor Services, without additional compensation, personally or by written communication, telephone or other electronic means. Ms. Jonah Lui P. Pascual has been designated as the contact person for all inquiries related hereto at contact number (632) 8849-9888 with address at 8th Floor Sun Life Centre, 5th Avenue corner Rizal Drive, Bonifacio Global City, Taguig City 1634, and email address jonahlui.pascual@sunlife.com.

- c. Likewise, no especially engaged employee or paid solicitors are to be involved in this exercise.
- d. The Company will bear the cost of publicizing the Notice for the Annual Stockholders' Meeting in newspapers of general circulation and the hiring of an external vendor for the annual meeting marketing materials. The foregoing is estimated to cost the Company about Php 26,565.

Item 5. Interest of Certain Persons in Matters to be Acted Upon. As of 30 June 2025, records show that SLOCPI owns 0% of the Company's outstanding capital stock. Mr. Sison, Country Head and CEO of SLOCPI, has the power to vote of the shares or direct the voting of the shares held by SLOCPI Agents' Provident Plan.

SHAREHOLDERS OF RECORD ENTITLED TO NOTICE OF AND VOTE AT THE MEETING SHALL BE FURNISHED WITHOUT CHARGE, A COPY OF THE COMPANY'S ANNUAL REPORT OR SEC FORM 17-A, UPON WRITTEN REQUEST ADDRESSED TO:

- l. Article VIII, Sections 2 (a) (b) and (c) (Restrictions) of the By-Laws to align with the Investment Company Act and its Implement Rules and Regulations;
- m. Article IX, Section 1 (Net Asset Value) of the By-Laws to clarify that the Prospectus is as filed with and approved by the Securities and Exchange Commission;
- n. Article X, Section 1 (Procedure for Redemption) of the By-Laws to align with the grounds for suspension under the Investment Company Act and its Implementing Rules and Regulations;
- o. Article X, Section 2 (Payment on Redemption) of the By-Laws to align with the Investment Company Act and its Implementing Rules and Regulations;
- p. Article XI, Section 1 (Custodian) of the By-Laws to align the definition of a Custodian with the definition and qualifications provided by the Investment Company Act and other applicable issuance of the Securities and Exchange Commission;
- q. Article XI, Section 2 (Auxiliary Custodian) of the By-Laws to align it with the Investment Company Act and its Implementing Rules and Regulations on outsourcing or delegation of functions of the Custodian;

¹ This includes the proposal to amend Article VI of the Balanced Fund, Dollar Abundance Fund, Dollar Advantage Fund, Philippine Equity Fund, GS Fund, Dynamic Fund, and World Voyager Fund's respective Articles of Incorporation to increase the number of directors to six (6).

- r. Article XI, Section 3 (Auditors) to align it with the Investment Company Act and its Implementing Rules and Regulations and the Securities Regulation Code on the qualifications and appointment of an auditor;
- s. Article XIV, Section 1 (Amendments) of the By-Laws to align with the applicable provision of the Revised Corporation Code;
- t. Article II, Section 3 (Meetings) and 4 (Quorum) of the By-Laws to align the period for the notice of meeting of the directors with the Revised Corporation Code. (Note: This section is also for renumbering);
- u. Article II, Section 5 (Compensation) of the By-Laws to expressly state that directors and prohibited from participating in the determination of their own per diems or compensation; and to ensure that director compensation is granted by stockholders;
- v. Article II, Section 6 (Vacancy) of the By-Laws to align with the Revised Corporation Code on the vacancies in the Board of Directors;
- w. Article III, Sections 1 and 7 of the By-Laws in relation to the election of a Compliance Officer as one of the corporate officers; and
- x. Article II, Section 2 (Nomination Committee) of the By-Laws is deleted to align with required Board-level committees per recent rules and regulations. A separate section in the By-Laws also provides the Board with the power to designate committees.

Meanwhile, the proposed amendments to the By-Laws of the Balanced, Philippine Equity, Dollar Abundance, Dollar Advantage, GS, Dynamic, and World Voyager Funds were **not approved** due to the failure to meet the requirement of an affirmative vote of the majority of the outstanding capital stock. Also not approved is the delegation of power to amend Articles 1, 2, 3, 4 and 6 of the By-Laws of the Balanced Fund.

The respective resolutions were passed by the Stockholders, as documented through Sun Life Prosperity Funds ASHM Resolution Nos. 5 to 31-2024.

A continuation of the Annual Stockholders' Meeting will be held on 09 September 2024 at 9:00 a.m. via Zoom Conference to re-submit these matters for the approval of the Stockholders.

12. QUESTIONS FROM THE STOCKHOLDERS

The meeting host chose the three most-asked questions from the stockholders and started with the inquiry as to what service enhancements SLAMCI has implemented since the last Annual Stockholders' Meeting. Ms. Valerie N. Pama, President and Director of the Funds, shared the following initiatives: faster settlement time from four (4) days to three (3) days for select Peso Equity-laced Funds and from three (3) days to two (2) days for the Peso Bond Funds; more secure redemption transactions; addition of GCash Bills Payment as a payment channel; and compliance with the Financial Consumer Protection Act.

Next, the host read the question asking for more details the newest fund of SLAMCI, the Sun Life Prosperity World Income Fund (WIF). Mr. Gerald L. Bautista, President of SLAMCI, shared that WIF allows clients to invest in a variety of assets worldwide with only P10,000 and get potential monthly cash payouts from its dividends. He described WIF as a Feeder Fund that invests at least 90% of its net assets in a Target Fund managed by BlackRock®, one of the world's largest asset management companies. According to Mr. Bautista, the Fund is suitable for clients who are aiming to generate high income on their investments by investing globally in the full range of assets.

The third most-asked question according to the host is why the Dollar Starter Fund is being reclassified to Dollar Money Market Fund. Mr. Sison volunteered to answer the question and said

that reclassification is part of Sun Life's initiative to position the Fund as a "starter" product, aimed at preserving capital and providing competitive yields, while reducing overall risk. He added that the inclusion of global and local money market collective investment schemes as part of the Fund's investment outlets is intended to potentially enhance the Fund's yield.

The host then reminded the participants to attend the Market Outlook Forum with the Fund Managers to discuss in more detail investment advice during this time.

13. ADJOURNMENT

There being no other matter for discussion, upon motion duly made and seconded, the Joint Annual Stockholders' Meeting of the Sun Life Prosperity Funds was adjourned at 3:31 pm.

1. CALL TO ORDER

Mr. Benedicto C. Sison, Chairman, called to order the Continuation of the Joint Annual Stockholders' Meeting of the Sun Life of Canada Prosperity Bond Fund, Inc. ("Bond Fund"), Sun Life of Canada Prosperity Balanced Fund, Inc. ("Balanced Fund"), Sun Life of Canada Prosperity Philippine Equity Fund, Inc. ("Equity Fund"), Sun Life Prosperity Dollar Abundance Fund, Inc. ("Dollar Abundance Fund"), Sun Life Prosperity Dollar Advantage Fund, Inc. ("Dollar Advantage Fund"), Sun Life Prosperity Dollar Wellspring Fund, Inc. ("Dollar Wellspring Fund"), Sun Life Prosperity Dynamic Fund, Inc. ("Dynamic Fund"), Sun Life Prosperity GS Fund, Inc. ("GS Fund"), Sun Life Prosperity Philippine Stock Index Fund, Inc. ("Index Fund"), and Sun Life Prosperity World Voyager Fund, Inc. ("World Voyager Fund"), which are collectively known as the Sun Life Prosperity Funds (the "Funds"). She thereafter presided over the same. Atty. Frances Ianna Canto, Assistant Corporate Secretary, prepared the minutes thereof.

2. PROOF OF NOTICE OF MEETING

Atty. Anna Katrina C. Kabigting-Ibero, Corporate Secretary, confirmed that the holding of the virtual stockholders meeting is in accordance with the requirements set forth by the Securities

and Exchange Commission. Likewise, the necessary approvals from the Board of Directors have been obtained and all requirements have been complied with in order to protect the interests of the stockholders.

She certified that for the continuation meeting, 100% of the stockholders of record as of 30 April 2024 were duly notified of the Joint Annual Stockholders Meeting held last 16 July 2024.

3. DETERMINATION AND CERTIFICATION OF QUORUM

The Corporate Secretary reported the attendance based on the Attendance Sheet as well as the proxies received before the meeting. The attendance is set forth in Annex "A" of the minutes.

4. ELECTION OF DIRECTORS FOR THE TERM 2024 to 2025

The Chairman stated that based on the records of the Corporation, the following Corporations failed to elect a new set of directors during the Joint Annual Stockholders Meeting last 16 July 2024:

- a. Sun Life of Canada Prosperity Balanced Fund, Inc.
- b. Sun Life of Canada Prosperity Philippine Equity Fund, Inc.
- c. Sun Life Prosperity Dollar Abundance Fund, Inc.
- d. Sun Life Prosperity Dollar Advantage Fund, Inc.
- e. Sun Life Prosperity Dynamic Fund, Inc.
- f. Sun Life Prosperity GS Fund, Inc.
- g. Sun Life Prosperity World Voyager Fund, Inc.

As such, their respective Boards of Directors continue to serve in a holdover capacity.

The Corporate Secretary informed the Chairman that the voting procedure and resumes of the nominees for directors have been stated in the SEC Form 20-IS and circulated to the stockholders prior to the annual meeting. The Assistant Corporate Secretary explained that eligible stockholders may cast their votes through the poll function of Zoom. She added that the preliminary results of votes on proxies submitted and validated as of 08 September 2024, including the votes cast last July, shall be provided during the meeting, with the final results being reflected in the minutes of the meeting.

With the affirmative vote of 50% + 1 of the outstanding capital stock, the following were elected as members of the Boards of Directors:

- a. **SUN LIFE PROSPERITY GS FUND, INC.**
 - Benedicto C. Sison
 - Valerie N. Pama
 - Aleli Angela G. Quirino*
 - Cielito F. Habito*
 - Oscar S. Reyes

Meanwhile, the following Funds failed to secure the required number of votes to elect its Boards of Directors for the term 2024-2025 and as such, they will continue to serve as such until their successors are elected and duly qualified in the next Annual Stockholders' Meeting:

- a. Sun Life of Canada Prosperity Balanced Fund, Inc.

- b. Sun Life of Canada Prosperity Philippine Equity Fund, Inc.
- c. Sun Life Prosperity Dollar Abundance Fund, Inc.
- d. Sun Life Prosperity Dollar Advantage Fund, Inc.
- e. Sun Life Prosperity Dynamic Fund, Inc.
- f. Sun Life Prosperity World Voyager Fund, Inc.

5. OTHER MATTERS

Amendments of the Articles of Incorporation

With the affirmative vote of at least 2/3 of the outstanding capital stock, the following amendments to the Articles of Incorporation and Prospectus of the GS Fund were **approved**:

- a. Article I of the Articles of Incorporation to change the corporate name to "Sun Life Prosperity Short Term Fixed Income Fund, Inc." (including the By-Laws)
- b. Article II (Primary Purpose) and Article II, paragraphs 1 (ii) and 6 (Secondary Purpose) of the Articles of Incorporation to align with the Investment Company Act and its Implementing Rules and Regulations

 - f. Article II, Section 3 (Meetings) and 4 (Quorum) of the By-Laws to align the period for the notice of meeting of the directors with the Revised Corporation Code; the section is also renumbered
 - g. Article II, Section 5 (Compensation) of the By-Laws to expressly state that directors and prohibited from participating in the determination of their own per diems or compensation and to ensure that director compensation is granted by stockholders; the section is also renumbered
 - h. Article II, Section 6 (Vacancy) of the By-Laws to align with the Revised Corporation Code on the vacancies in the Board of Directors; the section is also renumbered
 - i. Article III, Sections 1 and 7 of the By-Laws in relation to the election of a Compliance Officer as one of the corporate officers
 - j. Article IV, Section 1 (Committees) of the By-Laws to ensure compliance with applicable rules on the composition of committees, changing or discharging of its members, and filling in vacancies
 - k. Article IV, Section 2 (Advisory Board) of the By-Laws on the deletion of the Advisory Board
 - l. Article VI, Section 1 (Management Contracts) of the By-Laws to align with the Investment Company Act and its Implementing Rules and Regulations
 - m. Article VI, Section 2 (Distribution Contracts) of the By-Laws to align with the Investment Company Act and its Implementing Rules and Regulations and to clean up the section
 - n. Article VII, Section 3 (Lost or Destroyed Certificates) of the By-Laws to refer to the applicable section of the Revised Corporation Code
 - o. Article VII, Section 6 (Closing of Transfer Books) of the By-Laws to align with the period specified in the Revised Corporation Code
 - p. Article VIII, Section 1 (Investment Policy) of the By-Laws to clarify that the Prospectus is as filed with and approved by the Securities and Exchange Commission
 - q. Article VIII, Sections 2 (a) (b) and (c) (Restrictions) of the By-Laws to align with the Investment Company Act and its Implement Rules and Regulations
 - r. Article IX, Section 1 (Net Asset Value) of the By-Laws to clarify that the Prospectus is as filed with and approved by the Securities and Exchange Commission
 - s. Article X, Section 1 (Procedure for Redemption) of the By-Laws to align with the grounds for suspension under the Investment Company Act and its Implementing Rules and Regulations
 - t. Article X, Section 2 (Payment on Redemption) of the By-Laws to align with the Investment Company Act and its Implementing Rules and Regulations
 - u. Article XI, Section 1 (Custodian) of the By-Laws to align the definition of a Custodian with the definition and qualifications provided by the Investment Company Act and other applicable issuance of the Securities and Exchange Commission
 - v. Article XI, Section 2 (Auxiliary Custodian) of the By-Laws to align it with the Investment Company Act and its Implementing Rules and Regulations on outsourcing or delegation of functions of the Custodian

- w. Article XI, Section 3 (Auditors) of the By-Laws to align it with the Investment Company Act and its Implementing Rules and Regulations and the Securities Regulation Code on the qualifications and appointment of an auditor
- x. Article XIV, Section 1 (Amendments) of the By-Laws to align with the applicable provision of the Revised corporation Code

Meanwhile, the proposed amendments to the By-Laws of the Balanced, Philippine Equity, Dollar Abundance, Dollar Advantage, Dynamic, and World Voyager Funds were **not approved** due to the failure to meet the requirement of an affirmative vote of the majority of the outstanding capital stock. Also not approved is the delegation of power to amend Articles 1, 2, 3, 4 and 6 of the By-Laws of the Balanced Fund.

The respective resolutions were passed by the Stockholders, as documented through Sun Life Prosperity Funds ASHM Resolution Nos. 33 to 64-2024.

PART I - BUSINESS AND GENERAL INFORMATION

Item 1. Business

The Sun Life of Canada Prosperity Bond Fund, Inc. (Fund) is a registered open-end investment company under the Investment Company Act (R.A. 2629) and the Securities Regulation Code (R.A. 8799). It was incorporated on January 19, 2000 under SEC Registration No. A199908715. It is engaged in the sale of its shares of stock and investment of the proceeds in fixed income securities.

Sun Life Asset Management Company, Inc. (SLAMCI), a wholly owned subsidiary of Sun Life of Canada (Philippines), Inc. (SLOCPI), acts as the Fund Manager and Principal Distributor. For 2024, income of the Fund is composed of the following:

Interest Income from fixed-income securities	94.39%
Interest Income from corporate loans	3.96%
Interest Income from cash and cash equivalents	1.01%
Trading income	0.63%
Other Income	0.01%

The Fund is designed to provide regular interest income and preservation of capital through investments in government and high-quality corporate debt securities aggregating below-average risk. One's investment buys a fully diversified portfolio of bonds, chosen for both their income potential and the quality and reputation of the organizations that back or "secure" those bonds. With a host of bonds, representing the spectrum of what the bond market has to offer, investors in the Fund are perfectly positioned to benefit from opportunity in the short, medium and long-term bond markets.

The Fund was incorporated on January 19, 2000 with 200,000,000 authorized shares at an initial par value of P1.00 per share.

Approved Changes

On December 4, 2000, the Board of Directors and the shareholders held a special meeting where all present unanimously voted to increase the Fund's authorized share capital by 300,000,000 (from 200,000,000 shares to 500,000,000 shares both with par value of P1.00), which was approved by the SEC on March 30, 2001.

On May 21, 2001, approval was obtained from the shareholders for the blanket increase of the Fund's authorized share capital for up to P2,500,000,000 divided into 2,500,000,000 shares with a par value of P1.00.

Also, on May 21, 2001, the Board of Directors voted to increase the Fund's authorized share capital by 200,000,000 shares (from 500,000,000 shares to 700,000,000 shares both with par value of P1.00), which was approved by the SEC on July 27, 2001.

On October 10, 2001, the Board of Directors approved to increase the Fund's authorized share capital by 200,000,000 shares (from 700,000,000 shares to 900,000,000 shares both with par value of P1.00), which was approved by the SEC on December 21, 2001.

On May 29, 2002, the Board of Directors voted to increase the Fund's authorized share capital P1.00), which was approved by the SEC on July 05, 2002.

On January 07, 2004, the SEC approved the Fund's request to increase its authorized share capital by 1,300,000,000 shares (from 2,500,000,000 shares to 3,800,000,000 shares both with par value of P1.00).

On February 17, 2006 and June 28, 2013, the Board of Directors and shareholders, respectively, approved the reduction of the par value per share from P1.00 to P0.01. The SEC approved the change in the par value on May 27, 2014. On October 24, 2014, the application to amend the Registration Statement to reflect the change in par value per share was filed with the SEC. Said application was approved by the SEC on April 20, 2015.

Current State

As at December 31, 2024, the Fund has 1,902,534,519 issued and outstanding shares out of the 3,800,000,000 ACS with a par value of P0.01 per share.

The Fund's common shares are available through SLAMCI's registered representatives and eligible securities dealers that have entered into an agreement with SLAMCI to sell shares.

The Fund is part of the seventeen (17) Sun Life Prosperity Funds which offer excellent value to investors as a result of SLAMCI's collective experience in fund management, strong investment philosophy, remarkable investment performance and strong organizational structure. However, it should be noted that past performance of any fund manager is no guarantee of future results. It is only an indication of their capabilities to deal with rapid changes in the economy and market conditions in the future.

The Sun Life Prosperity Funds make investing simple, accessible and affordable. The Sun Life Prosperity Funds offer a unique "family of funds" to choose from. The "family of funds" concept allows investors to modify their investment strategies over time, by letting them transfer from one fund to another, as their needs dictate, as much as ten times a year without paying documentary stamp taxes.

The financial statements have been prepared on the historical cost basis, except for certain financial assets measured at fair value. Fair value movements on financial assets are taken through the statement of comprehensive income. The change to marked-to-market thus provides equitable treatment between investors coming in and out of the Fund.

The Fund participates in the mutual funds sector which is a sub-sector of the financial services industry. There are no national geographical boundaries as the nature of the industry and prevailing technology make it possible for the various players to offer their services to almost any place in the country.

The Fund principally competes directly with the Unit Investment Trust Funds ("UITFs") offered by commercial banks and other mutual funds in the Philippines.

However, the Fund does not have any knowledge on the relative size, financial and market strengths of the Fund's competitors. The Fund principally competes in terms of returns and the associated risks of the return. The Fund's market strength is its wide distribution network that provides strategic distribution of Fund shares and the financial stability and reputation of its Investment Company Adviser. The Fund intends to compete principally based on the reputation of SLAMCI for superior investment performance and corporate governance coupled with its distribution network and superior backroom operations.

There are many potential advantages to investing in mutual funds. However, in deciding to invest, the investor is strongly advised to also consider the risks involved in investing in mutual funds, and in the Offer Shares, as well as the risks that the Fund faces, given its underlying assets whose respective values essentially affect the Fund's overall net asset value.

Market Risk: Interest Rate Risk is a type of Market Risk which is applicable to the Fund's investments in bonds, if any. This refers to the increase/decrease of a bond price due to movement in market factors such as changes in interest rates. A change in interest rates is the period when interest rates rise or fall thus causing the decline or increase in the market price of the bonds held by the Fund, if any. This risk is minimized by closely monitoring the direction of interest rates and aligning it with the appropriate strategy of the Fund.

Credit Risk: Investments in bonds carry the risk that the issuer of the bonds might default on its interest and principal payments. In the event of default, the Fund's value will be adversely affected and may result in a write-off of the concerned asset held by the Fund. To mitigate the risk, each Issuer/Borrower/Counterparty passes through a stringent credit process to determine whether its credit quality complies with the prescribed standards of the Fund. Further, the credit quality of the Issuer/Borrower/Counterparty is reviewed periodically to ensure that excellent credit standing is maintained.

Fund Manager Risk: The performance of the Funds is also dependent on the Fund Manager's skills. Hence, the Fund may underperform in the market and/or in comparison with similar funds due to investment decisions made by the Fund Manager, and may also fail to meet the Fund's investment objectives. The Board of Directors of the Fund, however, shall ensure that all investment policies and restrictions enumerated in this Prospectus are strictly followed.

Dilution Risk: Being an open-end mutual fund, various investors may effectively subscribe to any amount of shares of the Fund. As such, investors face the risk of their investments being diluted as more investors subscribe to shares of the Fund. The influence that the investors can exert over the control and management of the Fund decreases proportionately. To mitigate the risk, the Fund may impose single investor limits to the ownership of the fund, when necessary. This limits the extent to which any single investor can exercise control of the Fund. The Fund may also impose an anti-dilution levy or fee for significant orders, to protect the interest of the remaining investors of the Fund, when necessary.

Liquidity Risk: The Fund is usually able to service redemptions of investors within seven (7) banking days after receipt of the notice of redemption by paying out redemptions from available cash or cash equivalents. When redemptions exceed these liquid holdings, the Fund will have to sell less-liquid assets, and during periods of extreme market volatility, the Fund may not be able to find a buyer for such assets. As such, the Fund may not be able to generate sufficient cash from its sale of assets to meet the redemptions within the normal seven (7) banking day period. To mitigate this risk, the Fund maintains adequate highly liquid assets in the form of cash, cash equivalents and near cash assets in its portfolio. As the Fund's portfolio is composed of liquid assets, liquidity risk is deemed low.

Large Transaction Risk: If an investor in a Fund makes a large transaction, the Fund's cash flow may be affected. For example, if an investor redeems a large number of shares of a Fund, that Fund may be forced to sell securities at unfavorable prices to pay for the proceeds of redemption. This unexpected sale may have a negative impact on the net asset value of the Fund. To mitigate this risk, the Fund may impose single investor limits to the ownership of the fund, when necessary. This limits the extent to which redemptions from any single investor can impact the Fund's cash flow. The Fund may also impose an anti-dilution levy or fee for significant orders, to protect the interest of the remaining investors of the Fund, when necessary.

Non-guarantee: Unlike deposits made with banks, an investment in the Fund is neither insured nor guaranteed by the PDIC. Hence, investors carry the risk of losing the value of their investment, without any guaranty in the form of insurance. Moreover, as with any investment, it is important to note that past performance of the Fund does not guarantee its future success.

Regulatory Risk: The Fund’s investments and operations are subject to various regulations affecting among others, accounting of assets and taxation. These regulations occasionally change and may result in lower returns or even losses borne by the investors. For example, a higher tax imposed on the sale or purchase of underlying assets of the Fund may result in lower net asset value of the Fund. To mitigate this risk, SLAMCI adopts global best practices. Further, it maintains regular communications with the relevant government agencies to keep itself abreast of the issues giving them concern, and to have the opportunity to help them set standards for good governance. SLAMCI also takes an active participation in the Philippine Investment Funds Association, Inc. (“PIFA”), an association of mutual fund companies in the Philippines.

Operational Risk: This is the risk of loss resulting from inadequate or failed internal processes, controls, people and systems. Categories of operational risks may fall under: sales and distribution, human resources, information technology, processes and people, accounting and finance, model risk, legal and regulatory and third-party relationships. The Fund ensures that internal controls and practices are consistent with enterprise wide policies supporting the management of operational risks. The Fund has established business specific guidelines. Comprehensive investment program, including appropriate levels of self-insurance, is maintained to provide protection against potential losses.

The above risk factors are by no means exhaustive. New and/or unidentified risks may arise given the fast-changing financial markets and economic environment.

Classification of the Fund into high, moderate or low risk investment: In furtherance of its investment objective, that is, to generate income in Philippine Pesos consistent with prudent management of the Fund’s assets, the Fund’s portfolio may consist of fixed income and other related securities of the Philippine Government, and commercial papers issued by corporations within the Philippines, certificates of deposits, and other short-term instruments. Considering the nature of these investments, the Fund is for retail and corporate clients and is classified as a moderate risk investment.

Item 2. Properties

The Fund has financial assets in the form of cash and cash equivalents, fixed income securities, listed equity securities, and corporate loans only. As prescribed by SEC Rules, all of its assets are held by its custodian bank, Citibank, N.A..

Office space of the Fund is provided by SLAMCI pursuant to their Management Agreement. The Fund does not intend to acquire any real property in the course of its business.

Item 3. Legal Proceedings

There is no material pending legal proceeding to which the Fund or any of its affiliates is a party, or of which any of their property is the subject.

Item 4. Submission of Matters to a Vote of Security Holders

During the Annual Stockholders’ Meeting held on 16 July 2024 and the continuation thereof on 09 September 2024, the following were elected as directors for the term 2024-2025: Benedicto C. PART II - OPERATIONAL AND FINANCIAL INFORMATION

Item 5. Market for Issuer's Common Equity and Related Stockholder Matters

1. Market Information

The shares of the Fund are traded over-the-counter. The Fund's common stocks are available through registered representatives and eligible securities dealers that have entered into an agreement to sell shares with the Fund's Principal Distributor, SLAMCI.

The following table shows the ranges of high and low prices (NAVPS) of the Fund's common shares for each quarter within the last two calendar years:

	2024		2023	
	High	Low	High	Low
Q1	3.3200	3.2983	3.2078	3.1460
Q2	3.3285	3.2765	3.2633	3.2088
Q3	3.4647	3.3294	3.2411	3.1930
Q4	3.4694	3.4195	3.3150	3.2095

The Fund's NAVPS is published daily through Business World, Business Mirror, and Sun Life Websites.

Below table shows the investment company return information of the Fund in the last five (5) recently completed fiscal years:

Year on year yield (1-year)	3.2423%
3 Year - Simple	7.4967%
5Year - Simple	11.2163%

2. Holders

The Fund has approximately 19,226 shareholders as of December 31, 2024.

On 7 March 2013, SEC *en banc* approved the confidential treatment of the list of Top 20 shareholders of the Fund, including the 5% and 10% beneficial owners. This is to protect the investors' privacy, which is a privilege they enjoy when they invest in other shared investment vehicles, such as unit investment trust funds, and when they invest in bank deposits.

The following table shows the number of institutional and retail investors and the percentage of their investments, and the geographic concentration of investments as of December 31, 2024.

% Ownership of Institutional Investors	% Ownership of Retail Investors
21.86%	78.14%

Area	Percentage of Investments
LUZON	95%
VISAYAS	4%
MINDANAO	1%
TOTAL	100%

3. Dividends

The Fund has not declared cash or stock dividends to date, but it has no restrictions that may limit its ability to pay dividends in the future.

The Board of Directors of the Fund has the power to fix and determine the amount to be reserved or provided for declaration and payment of dividends from the Fund's unrestricted retained earnings. The amount of such dividends (either in cash, stock, property or a combination of the foregoing) will depend on the Fund's profits, cash flows, capital expenditure, financial condition, and other factors. The existence of surplus profit arising from the operation of the Fund is needed

before a dividend can be declared. The surplus profits or income must be a bona fide income founded upon actual earnings or profits. Actual earnings or profits shall be the net income for the year based on the audited financial statements, adjusted for unrealized items, which are considered not available for dividend declaration. Taking into account the Fund's cash flows, capital expenditure, investment objective, and financial condition, at least 10% of the actual earnings or profits may be declared by the Board of Directors as dividends.

Cash dividends and property dividends may be declared by the Board of Directors and no stockholder approval is required. Stock dividends are subject to approval by both the Board of Directors and the stockholders representing at least two-thirds (2/3) of the outstanding capital stock of the Fund at a stockholders' meeting called for such purpose.

Under the Revised Corporation Code, Corporations with surplus profit in excess of 100% of its paid-in capital stock are required to declare dividends (cash or stock) and distribute it to its stockholders.

Dividends so declared will be automatically reinvested in additional shares on behalf of the shareholders, without sales charges, at the NAVPS on the payment date established for such dividends. As such, shareholders realize their gains when shares are redeemed. Shareholders may also elect not to have dividends reinvested and receive payment in cash, net of tax.

Item 6. Management's Discussion and Analysis of Plan of Operation.

The Performance of the Fund could be measured by the following indicators:

- 1. Increase/Decrease in Net Assets Value per Share (NAVPS).** NAVPS is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued and outstanding as of the end of the reporting day. Any increase or decrease in NAVPS translates to a prospective capital gain or capital loss, respectively, for the Fund's shareholders.
- 2. Net Investment Income.** Represents total earnings of the Fund from its investment securities, less operating expenses and income tax. This gauges how efficiently the Fund has utilized its resources in a given time period.
- 3. Assets Under Management (AUM).** These are the assets under the Fund's disposal. This measures the profitability of the Fund (increase/decrease brought about by its operational income) as well as investor confidence (increase/decrease brought about by investor subscriptions/redemptions).
- 4. Cash Flow.** This determines whether the Fund was able to achieve the optimal level of liquidity by being able to meet all its scheduled payments, while maintaining at the same time the maximum investments level and minimum cash level.

Accounting Policies on Financial Assets through Profit and Loss

Financial assets

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Fund commits to purchase or sell the asset.

At initial recognition, the Fund measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial

asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

Classification and subsequent measurement

The Fund classifies its financial assets in the following measurement categories:

- FVTPL
- Fair value through other comprehensive income (FVTOCI);and
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fair value.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

Debt instruments

Subsequent measurement of debt instruments depends on the Fund's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Fund classifies its debt instruments:

- Amortized cost. Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest ratemethod.
- FVTPL. Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in period in which it arises. Interest income from these financial assets is included in finance income.

Amortized cost and effective interest method

For financial instruments, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

Equity instruments

The Company subsequently measures all equity investments at FVTPL, except where the Company's Management has elected, at initial recognition, to irrevocably designate an equity instrument at FVTOCI. The Company's policy is to designate equity investments as FVTOCI when those investments are held for the purposes other than to generate investment returns. As at December 31, 2024 and 2023, the Company does not have financial assets classified as FVTOCI.

Changes in the fair value of financial assets measured at FVTPL are recognized in the statements of profit or loss. These changes are reported as either net realized gains (losses) or unrealized gains (losses) on investments, as appropriate.

FINANCIAL MARKETS REVIEW (2024)

INVESTMENT APPROACH

The investment mandate of the Bond Fund is focused on peso-denominated government and corporate fixed income securities which deliver both accrual income and capital gains. Interest rate risk exposure is managed through portfolio duration relative to that of the benchmark. Credit risk, on the other hand, is managed through a stringent adjudication process on a group level. Optimum levels of cash are maintained to support investment and client liquidity requirements.

PERFORMANCE REVIEW

As local inflation comfortably settled within the 2-4% target band, the Bangko Sentral ng Pilipinas (BSP) shifted its policy stance in the second half of 2024. The BSP delivered a 25-basis point (bp) rate cut last August, after keeping the benchmark rate on hold at 6.50% since November 2023. The move was followed by two more 25 bp rate cuts, slashing the benchmark rate to 5.75% by year-end. Overall, the dovish shift helped local government bonds rally by as much as 100-150 bps from their highs, allowing the Sun Life Prosperity Bond Fund to deliver positive returns for the year.

OUTLOOK

We hold the view that the BSP will deliver another 75 bps of rate cuts in 2025. At current yield levels, market participants are not pricing in any rate cuts for 2025. As such, we believe the Bond Fund will continue to deliver positive returns driven by accrual and capital gains of government securities.

The Fund manages its capital to ensure that the Fund will be able to continue as a going concern while maximizing returns to stakeholders through investments in high-quality debt and equity securities.

The Fund is guided by its investment policies and legal limitations. All the proceeds from the sale of shares, including the original subscription payments at the time of incorporation constituting the paid-in capital, is held by the pertinent custodian banks.

The Fund is governed by the following fundamental investment policies:

1. It does not issue senior securities.
2. It does not intend to incur any debt or borrowing. In the event that borrowing is necessary, it can do so only if at the time of its incurrence or immediately thereafter there is asset coverage of at least 300% for all its borrowings.
3. It does not participate in any underwriting or selling group in connection with the public distribution of securities, except for its own share capital.

4. It generally maintains a diversified portfolio. Industry concentrations may vary at any time depending on the investment manager's view on the prospects.
5. It does not invest more than twenty percent (20%) of its net assets in real estate properties and developments, subject to investment restrictions and/or limitations under applicable law, if any.
6. It does not purchase or sell commodity futures contracts.
7. The asset mix in each type of security is determined from time to time, as warranted by economic and investment conditions.
8. Subscribers are required to settle their subscriptions in full upon submission of their application for subscriptions.
9. It may use various techniques to hedge investment risks.
10. It does not change its investment objectives without the prior approval of a majority of its shareholders and prior notice to the SEC.

The Investment Policies refer to the following:

- a. Investment Objective - to provide regular interest income and principal preservation through investments in government and high quality corporate debt securities.
- b. Benchmark - the fund's performance is measured against 98% Bloomberg Sovereign Bond Index 1-5 Year, net of tax (adjusted by Sun Life) + 2% Philippine Peso TD Rate 1 Month to 3 Months, net of tax.
- c. Asset Allocation Range - the Fund allocates its funds available for investments among cash and other deposit substitutes and fixed-income securities on certain proportion as approved by Management.

VALERIE N. PAMA

President / Director (March 2022 – present)

Ms. Valerie N. Pama is currently the Chief Asset Management Officer (“CAMO”) of Sun Life of Canada (Philippines), Inc. Since November 1, 2019, Ms. Pama, in her capacity as CAMO, has been responsible for the expansion and development of the various initiatives to drive the profitability and growth of Sun Life’s overall asset management business providing strategic direction and development of long-term plans and policies.

Ms. Pama is also the Chairman and Director of Grepalife Asset Management Corporation (December 2021 to present). She is the President and Director of eighteen (18) Sun Life Prosperity Funds, i.e. Sun Life of Canada Prosperity Balanced Fund, Inc., Sun Life of Canada Prosperity Philippine Equity Fund, Inc., Sun Life of Canada Prosperity Bond, Inc., Sun Life Prosperity Dollar Advantage Fund, Inc., Sun Life Prosperity Peso Starter Fund, Inc., Sun Life Prosperity Dollar Abundance Fund, Inc., Sun Life Prosperity GS Fund, Inc., Sun Life Prosperity Dynamic Fund, Inc., Sun Life Prosperity Philippine Stock Index Fund, Inc., Sun Life Prosperity Dollar Wellspring Fund, Inc., Sun Life Prosperity World Voyager Fund, Inc., Sun Life Prosperity Dollar Starter Fund, Inc., Sun Life Prosperity World Equity Index Feeder Fund, Inc., Sun Life Prosperity Achiever Fund 2028, Inc., Sun Life Prosperity Achiever Fund 2038, Inc., Sun Life Prosperity Achiever Fund 2048, Inc., Sun Life Prosperity Peso Voyager Feeder Fund, Inc. (March 2022 to present) and Sun Life Prosperity World Income Fund, Inc. (August 2022 to present).

Ms. Pama also serves as a Trustee and Vice President of Sun Life Financial-Philippines Foundation, Inc. (October 2020 and December 2022, respectively, to 31 December 2024), Member (2015 to present) and Trustee (2018-2023) of Filipina CEO Circle, Member of Management Association of the Philippines (2015 to present), Financial Executives of the Philippines (2013 to present) and Makati Business Club (August 2019 to present).

Ms. Pama was previously the Director and President of Sun Life Investment Management and Trust Corporation (September 2020 to June 2021), responsible for its establishment and preparations for operations. She was a Director and President of Sun Life Asset Management Company, Inc. ("SLAMCI") and Director and/or President of thirteen (13) Sun Life Prosperity Funds (2011 to 2020). She was also a Director and/or President of three (3) Grepalife Funds i.e. Grepalife Dollar Bond Fund Corporation, Grepalife Balanced Fund Corporation (formerly, "Grepalife Bond Fund Corporation"), and Grepalife Fixed Income Fund Corporation (2011 to 2018). Ms. Pama was formerly the President of the Sun Life Prosperity Funds and the Grepalife Funds (2011 to 2013). She was also a Director of BESTSERVE Financial Ltd. (HKG) (2021 to 2022).

She also served as the Chief Operating Officer of SLAMCI (2011 to 2012) before being appointed as its President in 2013. With over seven years as President of SLAMCI, Ms. Pama has made tremendous contributions by leading it into becoming the number one non-bank asset management company. Under her vision and leadership, the company achieved great milestones: growing from three (3) mutual funds to sixteen (16) mutual funds to over Php100 Billion in Assets Under Management, launch of the Sun Life Prosperity Card, expanding the sales force into having the most number of Mutual Fund-licensed advisors in the industry and garnering numerous awards from the Philippine Investment Funds Association (PIFA). Another noteworthy recognition for SLAMCI under her management was being named the best asset management company for the Philippines from Euromoney's 2018 Private Banking and Wealth Management survey.

Ms. Pama is a veteran banker, having been in the industry for 20 years. She started her career with Citibank N.A. in 1990 as a Management Associate, wherein she obtained exposure in various segments of the business, assuming progressively senior roles over the years. She had worked in treasury/capital markets, loans, equity sales, customer funding sales, brokerage and money market sales. By the time she retired from Citibank N.A. in 2009, Ms. Pama was the President of Citicorp Financial Services and Insurance Brokerage Inc.

Prior to joining Sun Life, Ms. Pama was a Product Development consultant for ING Bank's Investment Management Group.

Ms. Pama was a member of the Board of Trustees of PIFA from 2011 to 2020 and served as its Chairman from 2013 to 2015. This enabled her to represent the mutual fund industry in advocating investor literacy, customer protection and regulatory advancements to government agencies, key market players and the general public.

Ms. Pama is a graduate of the Ateneo de Manila University with a Bachelor of Science degree in Management Engineering. She obtained her Masters in Business Administration in International Business and Finance, with a minor in Business Economics from Katholieke Universiteit Leuven in Belgium. She was awarded With Distinction by the university for her exemplary academic performance on her final year.

Presently, she is a Director of Telecommunications Connectivity Inc. (December 2019 to present). She is also an Independent Director of Grepalife Balanced Fund Corporation, Grepalife Dollar Bond Fund Corporation and Grepalife Fixed Income Fund Corporation, Inc. (December 2021 to present).

She has been an independent director of the Philippine Bank of Communications since November 2022 to the present.

She was the Chairperson of the Securities and Exchange Commission (“SEC”) from May 2011 to June 2018, and as such occupied other positions such as member of the Anti-Money Laundering Council, Chairperson of the Credit Information Corporation, the Microfinance NGO Regulatory Council, and the Capital Market Development Forum.

As SEC Chairperson, Atty. Herbosa was involved in the Asean Capital Markets Forum as Chair of its Committee on Corporate Governance responsible for the first Asean Top 50 Publicly Listed Companies. She initiated and proposed significant amendments to the Corporation Code of 1985 to Congress culminating in the enactment of the Revised Corporation Code in February 2019. She also participated in the passage of the Personal Property Securities Act.

As a consequence of the various reforms under Atty. Herbosa’s leadership, for two consecutive years, 2015 and 2016, SEC emerged, based on two nationwide surveys, as no.1 in the sincerity rating particularly in the fight against corruption among 35 government agencies.

Prior to her SEC post, she engaged in the private practice of law at the Angara Abello Concepcion Regala & Cruz Law Offices (“ACCRALAW”) specializing in litigation and dispute resolution for 33 years and often cited by foreign legal publications as one of the top litigation lawyers of the country. One year after her stint as SEC Chairperson, in July 2019, she re-joined ACCRALAW as Of Counsel and continues as such up to the present

She is an accredited MCLE lecturer and has been teaching commercial law at private law schools. In the 2022 bar examinations, she was one of the examiners for commercial law.

Atty. Herbosa co-authored in 2019 “The Revised Corporation Code of the Philippines Its Theories and Applications,” and relatedly gives lectures on the recent amendments to the law. In line with her advocacy, she participated in the UNICEF-sponsored lecture series “Trainers’ Course on Child Sensitive Investigation” for three years for more than 1,500 policemen and in the preparation of the video-taped materials shown at the PHILJA training of Family Court judges. She lectured for PHILJA on financial crimes and corporate and securities fraud.

She has written numerous law articles such as “Comments involving Crimes of Moral Turpitude” and the Foreword Vol 92 July 2019, for the Philippine Law Journal, others on various legal topics for the Philippine Star and contributed “Balancing Ethics and Regulation” for the FINEX anniversary publication “Ethics Black While or Gray” in 2018 and “Cyber Ethics and Data Privacy” for its second publication “Ethics: Enduring or Evolving?”. From October 2019 to March 2020, she wrote a comprehensive training module for the investigation and prosecution of violations of the Securities Regulation Code in connection with the Anti-Money Laundering Act.

Atty. Herbosa finished AB Political Science cum laude at the University of the Philippines – Diliman, and her Bachelor of Laws cum laude and class salutatorian from the UP College of Law. She also has a Master of Comparative Law degree from the University of Michigan. In 2014, she was awarded the UP Distinguished Alumni Award for Public Service.

2. Incorporators

The following are the incorporators of the Fund:

- Caesar P. Altarejos, Jr.
- Henry Joseph Herrera
- Raoul Littaua
- Rizalina G. Mantaring
- Esther C. Tan
- Rolando A. Robles

3. Significant Employees

The Fund has no significant employees.

4. Family Relationships

There are no family relationships up to fourth civil degree either by consanguinity or affinity among directors, executive officers, or persons nominated by the Fund to become its directors or executive officers.

5. Material Pending Legal Proceedings

The Fund has no knowledge of any material pending legal proceedings, for the past five (5) years and to date, to which any of the directors and executive officers of the Fund is a party, or of which any of their property is the subject.

There was no bankruptcy petition filed by or against any business of which any of the directors and executive officers of the Fund was a general partner or executive officer either at the time of bankruptcy or within 2 years prior to that time.

No director or executive officer of the Fund was convicted by final judgment in a criminal proceeding, domestic or foreign, and neither is any director or officer subject to any pending criminal proceeding, domestic or foreign, excluding traffic violations and other minor offenses.

No director or executive officer of the Fund is subject to any order, judgment or decree not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities, commodities, or banking activities.

No director or executive officer of the Fund is being found by a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign exchange or other organized trading market or self-regulatory organization, to have violated a securities or commodities law or regulation and the judgment has not been reversed, suspended, or vacated.

Item 10. Executive Compensation

1. Compensation of Executive Officers

The executive officers of the Fund do not receive any form of compensation from their appointment up to the present.

2. Compensation of Directors

The directors do not receive any form of compensation from inception up to the present other than a P20,000.00 per diem for meetings attended. Only the members of the Board who are “external directors”, *i.e.*, those who are not officers and/or employees of SLOCPI, receive remuneration for their attendance in regular or special meetings of the Board at the rate of P20,000.00 to each director for every meeting attended. Their contributed efforts to the Fund are on a voluntary basis only. Also, there are no bonuses, profit sharing or other compensation plan, pension or retirement plan, contract or arrangement in which any director or nominee for election as a director or executive officer of the Fund will participate.

However, starting January 01, 2010, each external director, as defined above, shall also receive a retainer’s fee not to exceed P15,000.00 per quarter. Payment of such retainer’s fee shall be shared by the Fund with the other Sun Life Prosperity Funds which the external director also serves, provided that each external director shall receive only a maximum of P15,000.00 per quarter from all the Sun Life Prosperity Funds.

Total per Diem received by the Fund’s directors for the year 2024 and 2023 are P259,222 and P260,026, respectively.

The Board had four (4) regular quarterly meetings for 2024, including the organizational board meeting after the annual shareholders’ meeting. For the four (4) meetings and with three (4) members of the Board who are external directors entitled to receive a per diem, the Fund forecasts a total directors’ per diem of P240,000 for the year 2025. The external directors are also forecasted to receive a total of P19,222 retainer’s fee for 2025.

Item 11. Security Ownership of Certain Beneficial Owners and Management

1. Security ownership of more than 5% of the Fund’s outstanding capital stock as of December 31, 2024

On 7 March 2013, SEC *en banc* approved the confidential treatment of the list of Top 20 shareholders of the Fund, including its 5% and 10% beneficial owners. This is to protect the investors’ privacy, which is a privilege they enjoy when they invest in other shared investment vehicles, such as unit investment trust funds, and when they invest in bank deposits.

2. Security Ownership of Management as of December 31, 2024:

4. Change in Control

The Fund has no knowledge of any arrangement that may result in a change of control of the Fund.

Item 12. Certain Relationships and Related Transactions

The Fund is not involved in any related transactions.

PART IV - CORPORATE GOVERNANCE

Item 13. Corporate Governance

Compliance with Leading Practice on Corporate Governance

The Fund is committed to performing its obligations following sound standards of business and financial practices and assesses the level of compliance of the Board of Directors and top-level management with its Manual on Corporate Governance through the Corporate Governance Self-Rating Form.

Likewise, the Fund requires the directors to answer a Board Effectiveness Questionnaire to determine their outlook on current practices and further enhance their performance. Internal audit and compliance units of the Fund also actively ensure that the Fund meets its regulatory and moral obligations to the government agencies and the general public, respectively.

There has been no reported incident of any deviation from the Fund's Manual on Corporate Governance. A strong ethical business culture in the performance of duties is continuously upheld and promoted. Nonetheless, the Fund makes an effort to improve corporate governance of the company by holding training sessions for its Board and officers whenever possible.

Compliance with Foreign Account Tax Compliance Act (FATCA)

In accordance with the requirements of the US Internal Revenue Service ("IRS") and the Intergovernmental Agreement ("IGA") between the Government of the United States of America and the Government of the Republic of the Philippines to Improve International Tax Compliance and to Implement FATCA which was signed last July 13, 2015, the Fund has registered with the Internal Revenue Service (IRS) and has obtained its own Global Intermediary Identification Number ("GIIN") as a sponsored entity. Sun Life Asset Management Company, Inc. ("SLAMCI") continues to assume responsibilities for the Fund's FATCA compliance as the Sponsoring Entity and has implemented FATCA onboarding processes and procedures as well as system enhancements to monitor its new and pre-existing account holders who are U.S. Persons and have U.S. Indicia.

The Fund, together with its Sponsoring Entity, SLAMCI, is preparing to comply for FATCA reporting on the date which will be set by the Bureau of Internal Revenue as soon as the IGA has been ratified by the Senate.

Market Review and Outlook

- Philippine government bond yields rose up to 20 basis points across the curve over the month of December, with only yields on the longest tenors (more than 20Y) falling by 5 basis points.
- The move higher was mainly driven by a more hawkish stance from the Bangko Sentral ng Pilipinas (BSP). Despite cutting rates by 25 basis points in December, BSP Governor Remolona mentioned that 100 basis points worth of cuts may be too much for 2025, while emphasizing that policy will continue to be data-driven.
- December headline inflation accelerated to 2.9% year-on-year, higher than consensus estimate but within BSP's inflation target band of 2-4%. Higher prices of electricity and transportation mainly contributed to the increase.
- The Fund currently maintains a duration that is overweight to the benchmark. It will look to increase duration further on corrections.
- On a gross-of-fees basis, the Fund underperformed the benchmark year-to-date due to security selection.

Market Review and Outlook

- Philippine government bond yields rose 10 to 40 basis points across the curve over the month of November, with the shorter end of the curve rising more.
- The move higher was mainly driven by negative sentiment from foreign investors due to the reelection of President Trump, whose fiscal policies may result to increased inflationary pressures and lead the Federal Reserve (Fed) to ease monetary policy more cautiously. This might lead to less rate cuts from the Bangko Sentral ng Pilipinas (BSP). It was partly offset by several factors locally: a lower-than-expected PH 3Q GDP growth, a CPI inflation print that was in line with expectations, and a lower supply of bonds from auctions as planned by the Bureau of Treasury.
- November headline inflation accelerated to 2.5% year-on-year, in line with consensus estimate and within BSP's inflation target band of 2-4%. Higher prices of vegetables due to the number of typhoons hitting the country contributed to the increase.
- BSP Governor Remolona has indicated that another 25-basis point cut in December or January next year is possible.
- The Fund currently maintains a duration that is overweight to the benchmark. It will look to increase duration further on corrections.
- On a gross-of-fees basis, the Fund outperformed the benchmark year-to-date due to its overweight duration positioning.

Market Review and Outlook

- Philippine government bond yields rose 10 to 20 basis points across the curve over the month of October.
- The move higher was mainly driven by global developments: a stronger US jobs market which led market to recalibrate expectations on the pace of the Federal Reserve's (Fed) monetary policy easing, as well as uncertainty on US elections. It was partly offset by several factors locally: a lower-than-expected September inflation print, the Bangko Sentral ng Pilipinas (BSP) 25-basis point rate cut in October, and the 2.50% cut in the reserve ratio requirements (RRR) of universal banks.
- October headline inflation accelerated to 2.3% year-on-year, in line with consensus estimate and within BSP's inflation target band of 2-4%. Higher prices of vegetables due to the number of typhoons hitting the country contributed to the increase.
- BSP Governor Remolona has indicated that another 25-basis point cut in December is possible.
- The Fund currently maintains a duration that is overweight to the benchmark. It will look to increase duration further on corrections.
- On a gross-of-fees basis, the Fund outperformed the benchmark year-to-date due to its overweight duration positioning.

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR FINANCIAL STATEMENTS**

The Management of Sun Life of Canada Prosperity Bond Fund, Inc. (the "Company") is responsible for the preparation and fair presentation of the financial statements, including the schedules attached therein, as at December 31, 2024 and 2023, and for the years ended December 31, 2024, 2023 and 2022, in accordance with the prescribed financial reporting framework indicated therein and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein and submits the same to the Shareholders.

Navarro Amper & Co., the independent auditor appointed by the Shareholders for the years ended December 31, 2024 and 2023, has audited the financial statements of the Company in accordance with Philippine Standards on Auditing, and in its report to the Board of Directors and Shareholders has expressed its opinion on the fairness of presentation upon completion of such audit.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Sun Life of Canada Prosperity Bond Fund, Inc. (the Company), which comprise the statements of financial position as at December 31, 2024 and 2023, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years ended December 31, 2024, 2023 and 2022, and notes to the financial statements, including a summary of material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2024 and 2023, and its financial performance and its cash flows for the years ended December 31, 2024, 2023 and 2022, in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audits of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organization"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Other Information

Management is responsible for the other information. The other information comprises the information included in the Securities and Exchange Commission (SEC) Form 17-A Annual Report submission to the SEC, which is prepared by the Management and submitted after the issuance of the audited financial statements with our auditor's report attached thereon.

The SEC Form 17-A is expected to be made available to us after the date of this auditor's report. Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the other information identified above which have not yet been received, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with PFRS Accounting Standards, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

Report on Other Legal and Regulatory Requirements

Report on the Supplementary Information Required by the Bureau of Internal Revenue

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information in Note 23 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such supplementary information is the responsibility of Management and has been subjected to the auditing procedures applied in our audits of the basic financial statements. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SUN LIFE OF CANADA PROSPERITY BOND FUND, INC.

(An Open-end Investment Company)

NOTES TO FINANCIAL STATEMENTS

AS AT DECEMBER 31, 2024 AND 2023 AND FOR THE YEARS ENDED DECEMBER 31, 2024, 2023 and 2022

1. CORPORATE INFORMATION

Sun Life of Canada Prosperity Bond Fund, Inc. (the "Company") was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on January 19, 2000 and started commercial operations on May 1, 2000. The Company is a registered open-end investment company under the Investment Company Act (Republic Act "R.A." No. 2629) and the Securities Regulation Code (R.A. No. 8799), formerly known as the Revised Securities Act (B.P. No. 178). It is engaged in the sale of redeemable shares and is designed to provide long-term interest income and principal preservation through investments in high-quality fixed-income securities issued by the Philippine government and prime Philippine companies aggregating below average risk. As an open-end investment company, its shares are redeemable anytime based on the Net Asset Value Per Share (NAVPS) at the time of redemption.

The Company appointed Sun Life Asset Management Company, Inc. (SLAMCI), an investment management company incorporated in the Philippines and a wholly owned subsidiary of Sun Life of Canada (Philippines), Inc. (SLOCPI), as its fund manager, adviser, administrator, distributor and transfer agent and provides management, distribution and all required operational services, as disclosed in Note 12.

The Company's registered office address and principal place of business is at Sun Life Centre, 5th Avenue corner Rizal Drive, Bonifacio Global City, Taguig City.

The Company is considered a public company under Rule 3.1 of the Implementing Rules and Regulations of the Revised Securities Regulation Code (SRC), which, among others, defines a public corporation as any corporation with assets of at least P50,000,000 and having 200 or more shareholders, each of whom holds at least 100 shares of its equity securities.

As at December 31, 2024 and 2023, the Company has 19,226 shareholders and 18,119 shareholders, respectively, each holding at least 100 shares of the Company's common shares.

2. FINANCIAL REPORTING FRAMEWORK AND BASIS OF PREPARATION AND PRESENTATION

Statement of Compliance

The financial statements of the Company have been prepared in accordance with the Philippine Financial Reporting Standards (PFRS) Accounting Standards. PFRS Accounting Standards include all applicable PFRS, Philippine Accounting Standards (PAS) and interpretations of the Philippine Interpretations Committee (PIC), Standing Interpretations Committee (SIC) and International Financial Reporting Interpretations Committee (IFRIC) as approved by the Financial and Sustainability Reporting Standards Council (FSRSC) and the Board of Accountancy and adopted by the SEC.

Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis, except for certain financial assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Functional and Presentation Currency

These financial statements are presented in Philippine Peso, the currency of the primary economic environment in which the Company operates. All amounts are recorded to the nearest Peso, except when otherwise indicated.

3. ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS

Adoption of Amended Accounting Standards Effective in 2024

In the current year, the Company has applied all amendments to PFRS Accounting Standards that are mandatorily effective for accounting periods beginning on or after January 1, 2024. Their adoption had no material impact on the disclosures or the amounts reported in these financial statements.

New and Revised Accounting Standards Effective after the Reporting Period Ended December 31, 2024

At the date of authorization of these financial statements, the company has not applied the following PFRS Accounting Standards pronouncements that have been issued but are not yet effective:

Effective for annual period beginning or after January 1, 2025

- Amendments to PAS 21, *The Effects of Changes in Foreign Exchange Rates — Lack of Exchangeability*

Effective for annual period beginning or after January 1, 2026

- Amendments to PFRS 9, *Financial Instruments* and PFRS 7, *Financial Instruments: Disclosures - Classification and Measurement of Financial Instruments*
- Annual Improvements to PFRS Accounting Standards—Volume 11
- Amendments to PFRS 9, *Financial Instruments* and PFRS 7 *Financial Instruments: Disclosures - Contracts Referencing Nature-dependent Electricity*

Effective for annual period beginning or after January 1, 2027

- PFRS 18, *Presentation and Disclosure in Financial Statements*
- PFRS 19, *Subsidiaries without Public Accountability: Disclosures*
- PFRS 17, *Insurance Contracts*
- Amendments to PFRS 17, *Insurance Contracts*
- Amendment to PFRS 17, *Insurance Contracts - Initial Application* and PFRS 9, *Financial Instruments - Comparative Information*

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements* and PAS 28, *Investments in Associates and Joint Ventures—Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

Management anticipates that the adoption of the new or revised PFRS Accounting Standards in future periods will not have a material impact on the financial statements in the period of their initial adoption.

4. MATERIAL ACCOUNTING POLICIES

Financial assets

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

Classification and Subsequent Measurement

The Company classifies its financial assets in the following measurement categories:

- FVTPL;
- Fair value through other comprehensive income (FVTOCI); and
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fair value.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the group classifies its debt instruments:

- **Amortized cost.** Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **FVTPL.** Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in period in which it arises. Interest income from these financial assets is included in finance income.

Amortized cost and effective interest method

For financial instruments, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

Equity instruments

The Company subsequently measures all equity investments at FVTPL, except where the Company's Management has elected, at initial recognition, to irrevocably designate an equity instrument at FVTOCI. The Company's policy is to designate equity investments as FVTOCI when those investments are held for the purposes other than to generate investment returns. As at December 31, 2024 and 2023, the Company does not have financial assets classified as FVTOCI.

Changes in the fair value of financial assets measured at FVTPL are recognized in the statements of profit or loss. These changes are reported as either net realized gains (losses) or unrealized gains (losses) on investments, as appropriate.

Impairment of financial assets

The Company recognizes a loss allowance for ECL on investments in debt instruments that are measured at amortized cost and financial assets at FVOCI.

The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to

12-month ECL. The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Significant increase in credit risk

The Company monitors all financial assets that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk, the Company will measure the loss allowance based on lifetime rather than 12-month ECL.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognized. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

Forward-looking information considered includes the future prospects of the industries in which the Company's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organizations, as well as consideration of various external sources of actual and forecast economic information that relate to the Company's core operations.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk for a particular financial instrument (e.g. a significant increase in the credit spread, the credit default swap prices for the debtor, or the length of time or the extent to which the fair value of a financial asset has been less than its amortized cost);

- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Company presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Company has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

A financial instrument is determined to have low credit risk if:

- The financial instrument has a low risk of default;
- The debtor has a strong capacity to meet its contractual cash flow obligations in the near term; and
- Adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

The Company considers a financial asset to have low credit risk when the asset has external credit rating of investment grade' in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of 'performing'. Performing means that the counterparty has a strong financial position and there are no past due amounts.

The Company regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Default

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that financial assets that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company, in full (without taking into account any collateral held by the Company).

Irrespective of the above analysis, the Company considers that default has occurred when a financial asset is more than 90 days past due unless the Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default (PD) which affects both the measurement of ECLs and the identification of a significant increase in credit risk.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence of credit-impairment includes observable data about the following events:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganization;
- the disappearance of an active market for a security because of financial difficulties; or
- the purchase of a financial asset at a deep discount that reflects the incurred credit losses.

It may not be possible to identify a single discrete event—instead, the combined effect of several events may have caused financial assets to become credit-impaired. The Company assesses whether debt instruments that are financial assets measured at amortized cost or FVTOCI are credit-impaired at each reporting date. To assess if debt instruments are credit impaired, the Company considers factors such as bond yields, credit ratings and the ability of the borrower to raise funding.

Measurement and recognition of ECL

The measurement of ECL is a function of the PD, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information.

As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate.

If the Company has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Company measures the loss allowance at an amount equal to 12-month ECL at the current reporting date, except for assets for which simplified approach was used.

The Company recognizes an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVOCI, for which the loss allowance is recognized in OCI and accumulated in the investment revaluation reserve, and does not reduce the carrying amount of the financial asset in the statements of financial position.

Presentation of allowance for ECL in the statements of financial position

Loss allowances for ECL are presented in the statements of financial position as a deduction from the gross carrying amount of the assets.

Derecognition

The Company derecognizes a financial asset only when the contractual rights to the asset's cash flows expire or when the financial asset and substantially all the risks and rewards of ownership of the asset are transferred to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and

continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain/loss that had been recognized in OCI and accumulated in equity is recognized in profit or loss, with the exception of equity investment designated as measured at FVTOCI, where the cumulative gain/loss previously recognized in OCI is not subsequently reclassified to profit or loss, but is transferred to retained earnings.

Financial Liabilities and Equity Instruments

Financial liabilities

All financial liabilities are measured subsequently at amortized cost using the effective interest method or at FVTPL. Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities at FVTPL

Financial liabilities at FVTPL are measured at fair value, with any gains/losses arising on remeasurement recognized in profit or loss to the extent that they are not part of a designated hedging relationship. The net gain/loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in profit or loss.

However, for financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognized in OCI, unless the recognition of the effects of changes in the liability's credit risk in OCI would create or enlarge an accounting mismatch in profit or loss. The remaining amount of change in the fair value of liability is recognized in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognized in OCI are not subsequently reclassified to profit or loss; instead, they are transferred to retained earnings upon derecognition of the financial liability.

In making the determination of whether recognizing changes in the liability's credit risk in OCI will create or enlarge an accounting mismatch in profit or loss, the Company assesses whether it expects that the effects of changes in the liability's credit risk will be offset in profit or loss by a change in the fair value of another financial instrument measured at FVTPL. This determination is made at initial recognition.

Since the company does not have financial liabilities classified at FVTPL, all financial liabilities are subsequently measured at amortized cost.

Financial liabilities measured subsequently at amortized cost

Financial liabilities that are not (i) contingent consideration of an acquirer in a business combination, (ii) held-for-trading, or (iii) designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

The Company's financial liabilities classified under this category include accrued expenses and other payables and payable to fund manager.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Equity instruments

Share capital

Share capital consisting of ordinary shares is classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds, net of tax. Any excess of proceeds from issuance of shares over its par value is recognized as additional paid-in capital.

Retained earnings

Retained earnings represent accumulated profit attributable to equity holders of the Company after deducting dividends declared. Retained earnings may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

Repurchase, disposal and reissuance of share capital (treasury shares)

When share capital recognized as equity is repurchased, the amount of the consideration paid, which includes directly attributable cost, net of any tax effects, is recognized as a reduction from equity. Repurchased shares are classified as treasury shares and are presented in the reserve for own share account. When treasury shares are sold or reissued subsequently, the amount received is recognized as increase in equity, and the resulting surplus or deficit on the transaction is presented as additional paid-in capital.

Revenue Recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control of a product or service to a customer.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Realized gains or losses

Gains or losses arising on the disposal of investments are determined as the difference between the sales proceeds and the carrying amount of the investments and is recognized in profit or loss.

Fair value gains or losses

Gains or losses arising from changes in fair values of investments are disclosed under the policy on financial assets.

Expense Recognition

Expenses are recognized in profit or loss when incurred.

Expenses in the statements of comprehensive income are presented using the function of expense method. Investment expenses are transaction costs incurred in the purchase and sale of investments. Operating expenses are costs attributable to administrative and other business expenses of the Company including management fees and custodianship fees.

Fair Value

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis.

In addition, for financial reporting purposes, fair value measurements are categorized into Levels 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Related Party Transactions

Parties are considered related if one party has control, joint control, or significant influence over the other party in making financial and operating decisions. An entity that is a post-employment benefit plan for the employees of the Company and the key management personnel of the Company are also considered to be related parties.

Taxation

Income tax expense represents the sum of the current tax, final tax and deferred tax expense.

Current tax

The current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statements of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's current tax expense is calculated using 25% regular corporate income tax (RCIT) rate or 2% minimum corporate income tax (MCIT), whichever is higher.

Final tax

Final tax expense represents final taxes withheld on interest income from cash in banks, cash equivalents, and fixed-income securities.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and these relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred taxes for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in OCI or directly in equity, in which case, the current and deferred taxes are also recognized in OCI or directly in equity, respectively.

Earnings (Loss) per Share

The Company computes its basic earnings (loss) per share by dividing profit or loss for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period.

For the purpose of calculating diluted earnings (loss) per share, profit or loss for the year attributable to ordinary equity holders of the Company and the weighted average number of shares outstanding are adjusted for the effects of deposits for future stock subscriptions which are dilutive potential ordinary shares.

Net Asset Value per Share (NAVPS)

The Company computes its NAVPS by dividing the total net asset value as at the end of the reporting period by the number of issued and outstanding shares and shares to be issued on deposits for future stock subscriptions.

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments in Applying Accounting Policies

The following are the critical judgments, apart from those involving estimations, that Management has made in the process of applying the Company's accounting policies that have the most significant effect on the amounts recognized in the financial statements.

Business model assessment

Classification and measurement of financial assets depend on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated.

The Company monitors financial assets measured at amortized cost that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

The Company measures its financial assets at amortized cost if the financial asset qualifies for both SPPI and business model test. The Company's business model is to hold the asset and to collect its cashflows which are SPPI. All other financial assets that do not meet the SPPI and business model test are measured at FVTPL.

As at December 31, 2024 and 2023, the Company's financial assets measured at FVTPL amounted to P6,109,712,899 and P5,293,496,522, respectively as disclosed in Note 8 and financial assets measured at amortized cost amounted to P401,635,667 and P636,051,253, respectively, composed of cash and cash equivalents, accrued interest receivable and financial asset at amortized cost as disclosed in Notes 6, 7 and 9.

Significant increase in credit risk

ECL are measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL assets for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. PFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased, the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

The Company considers a financial instrument to have experienced a significant increase in credit risk when one or more of the qualitative and quantitative criteria have been met as disclosed in Note 21.

As at December 31, 2024 and 2023, the Company's estimated allowance for credit losses for financial instruments measured at amortized cost amounted to P212,819 and P330,809, respectively as disclosed in Notes 9 and 21.

Models and assumptions used

The Company uses various models and assumptions in measuring the fair value of financial assets as well as in estimating ECL. Judgment is applied in identifying the most appropriate model for each type of asset, as well as for determining the assumptions used in these models, including assumptions that relate to key drivers of credit risk.

The Company's model and assumptions used in measuring fair value of financial assets and estimating ECL are disclosed in Notes 18 and 21, respectively.

Puttable shares designated as equity instruments

The Company's share capital met the specified criteria to be presented as equity. The Company designated its redeemable share capital as equity instruments since the Company's share capital met the criteria specified in PAS 32, *Financial Instruments: Presentation*, to be presented as equity.

A puttable financial instrument includes a contractual obligation for the issuer to repurchase or redeem that instrument for cash or another financial asset on exercise of the put. As an exception to the definition of a financial liability, an instrument that includes such an obligation is classified as an equity instrument if it has met all the following features:

- a. it entitles the holder to a pro rata share of the entity's net assets in the event of the entity's liquidation. The entity's net assets are those assets that remain after deducting all other claims on its assets;
- b. it is in the class of instruments that is subordinate to all other classes of instruments;
- c. all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- d. apart from the contractual obligation for the issuer to repurchase or redeem the instrument for cash or another financial asset, the instrument does not include any contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the entity, and it is not a contract that will or may be settled in the entity's own equity instruments; and
- e. the total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the entity over the life of the instrument (excluding any effects of the instrument).

As at December 31, 2024 and 2023, the recognized amount of share capital representing puttable shares in the statements of financial position amounted to P37,303,995 as disclosed in Note 13.

Key Sources of Estimation Uncertainty

The following are the Company's key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Probability of default (PD)

PD constitutes a key input in measuring ECL. PD is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.

As at December 31, 2024 and 2023, the Company assessed a probability of default of 0.13% and 0.13%, respectively, for all of its financial assets measured at amortized cost.

The assumptions used by the Company in estimating PD is disclosed in Note 21.

Loss given default (LGD)

LGD is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements.

The Company uses portfolio averages from external estimates sourced out from Standard and Poor's (S&P) as the LGD estimates. The categorization of LGD estimates per financial asset measured at amortized cost is disclosed in Note 21.

Estimating loss allowance for ECL

The measurement of the ECL allowance for financial assets measured at amortized cost and FVTOCI is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behavior. Explanation of the inputs, assumptions and estimation techniques used in measuring ECL is further detailed in Note 21 Credit Risk – ECL measurement, which also sets out the key sensitivities of the ECL to changes in these elements.

A number of significant judgments are also required in applying the accounting requirements for measuring ECL, such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL; and
- Establishing the number and relative weightings of forward-looking scenarios and the associated ECL.

As at December 31, 2024 and 2023, the Company's estimated allowance for credit losses for financial instruments measured at amortized cost amounted to P212,819 and P330,809, as disclosed in Notes 9 and 21.

Deferred tax assets

The Company reviews the carrying amount at the end of each reporting period and reduces deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. However, there is no assurance that the Company will generate sufficient taxable profit that will allow all or part of its deferred tax assets to be utilized.

Based on Management's expectation of the Company's future taxable income, the Company did not recognize the deferred tax asset as at December 31, 2024 and 2023, as disclosed in Note 19.

Determining the fair value of investments in debt securities classified as financial assets at FVTPL

The Company carries its investments in traded debt securities at fair value, which requires the use of accounting estimates and judgment. Since market interest rate is a significant component of fair value measurement, fair value would differ if the Company applied a different set of reference rates in the valuation methodology. Any change in the fair value of these financial assets would affect profit or loss and equity.

As at December 31, 2024 and 2023, the carrying amounts of investments in debt securities classified as financial assets at FVTPL amounted to P5,943,396,882 and P5,113,090,393, respectively, as disclosed in Note 8.

Interest income from fixed-income securities, corporate loans, cash equivalents, and cash in banks are recorded gross of final withholding tax which is shown as part of "Income tax expense" account in the statements of comprehensive income.

Average interest rates of investments in 2024, 2023 and 2022 are as follows:

	2024	2023	2022
Corporate loans	6.07%	6.07%	5.32%
Fixed-income securities	6.41%	5.94%	4.54%
Cash equivalents	4.42%	12.58%	3.33%
Cash in banks	0.15%	0.11%	0.13%

Interest income earned on financial assets, analyzed by category, is as follows:

	Notes	2024	2023	2022
Fixed-income securities	8	P 335,215,652	P239,842,723	P139,518,546
Corporate loans	9	14,072,956	17,184,344	19,238,345
Cash and cash equivalents	6	3,602,313	26,777,710	4,956,157
		P 352,890,921	P283,804,777	P163,713,048

17. EARNINGS (LOSS) PER SHARE

The calculation of the basic and diluted earnings (loss) per share is based on the following data:

	2024	2023	2022
Total comprehensive income (loss) for the year	P190,367,385	P 255,667,922	(P 54,271,502)
Weighted average number of issued and outstanding shares	1,814,202,514	1,614,536,454	1,428,384,118
Basic earnings (loss) per share	P 0.105	P 0.158	(P 0.038)

As at December 31, 2024, 2023 and 2022, the Company has no dilutive potential ordinary shares.

18. FAIR VALUE OF FINANCIAL INSTRUMENTS

Assets and liabilities measured at fair value on a recurring basis

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value classified under level 1 based on the degree to which the inputs to fair value are observable.

	Note	Level 1
December 31, 2024		
Investments in fixed-income securities	8	P5,943,396,882
Investment in UITF	8	166,316,017
		P6,109,712,899
December 31, 2023		
Investments in fixed-income securities	8	P5,113,090,393
Investment in UITF	8	180,406,129
		P5,293,496,522

The fair values of fixed-income securities classified as Level 1 are based on quoted prices of either done deals or bid rates.

Investments in mutual funds and in UITFs are valued at their published Net Assets Values Per Share (NAVPS) and Net Assets Values Per Unit (NAVPU) as at reporting date, respectively.

No transfers in fair value hierarchy were made as at December 31, 2024 and 2023. Total unrealized gain or loss on investments relating to financial assets that are measured at fair value at the end of the reporting period are presented separately in the statements of comprehensive income and disclosed in Note 8.

Financial assets and liabilities not measured at fair value

The following financial assets and financial liabilities are not measured at fair values on recurring basis but the fair value disclosure is required:

	Notes	Carrying amount	Level 3
December 31, 2024			
Financial Assets			
Corporate loans	9	P162,921,181	P162,921,181
December 31, 2023			
Financial Assets			
Corporate loans	9	P 249,802,177	P 239,449,735

Cash and cash equivalents, accrued interest receivable, due from brokers, payable to fund manager and accrued expenses and other payables excluding withholding and documentary stamp taxes have short-term maturities, hence, their carrying amounts are considered their fair values.

The fair value of corporate loans was determined based on the discounted cash flow analysis using the Company's estimated cost of borrowing of 6.07% for 2024 and 2023.

19. INCOME TAXES

Details of income tax expense are as follows:

	2024	2023	2022
Final tax	P65,110,320	P49,552,137	P24,595,617
MCIT	432,176	455,957	330,047
	P65,542,496	P50,008,094	P24,925,664

The reconciliation between tax expense and the product of accounting profit (loss) multiplied by 25% in 2024, 2023 and 2022 is as follows:

	2024	2023	2022
Accounting profit (loss) before tax	P255,909,881	P305,676,016	(P29,345,838)
Tax expense (benefit) at 25% in 2024, 2023 and 2022	P 63,977,470	P76,419,004	(P7,336,460)
Adjustment for income subject to lower tax rate	(16,277,579)	(12,388,034)	(6,148,904)
Tax effects of:			
Net unrealized losses (gains) on investments	4,601,518	(30,155,640)	25,935,669
Net realized losses (gains) on investments	(557,675)	7,164,907	7,795,576
Unrecognized Net Operating Loss Carry-Over (NOLCO)	13,396,084	8,565,918	4,626,896
Unrecognized MCIT	432,176	455,957	330,047
Provision for (Reversal of) expected credit losses	(29,498)	(54,018)	(277,160)
	P 65,542,496	P 50,008,094	P24,925,664

On March 26, 2021, the Republic Act (RA) 11534 also known as "Corporate Recovery and Tax Incentives for Enterprises Act" or "CREATE" Act was passed into law which reduced the corporate income tax rates and rationalized the current fiscal incentives by making it time-bound, targeted and performance-based.

Among others, the Act includes the following significant revisions:

1. Effective July 1, 2020, domestic corporations with total assets not exceeding P100 million and net taxable income of P5 million and below shall be subject to 20% income tax rate while the other domestic corporations and resident foreign corporations will be subject to 25% tax income tax rate; and

Details of the Company's NOLCO from 2024 are as follows:

Year of Incurrence	Year of Expiry	Beginning Balance	Addition	Expired	2024 Balance
2022	2025	P18,507,584	P -	P -	P18,507,584

Details of the Company's NOLCO covered by Revenue Regulation (RR) No. 25-2020 is as follows:

Year of Incurrence	Year of Expiry	Beginning Balance	Addition		Expired		2024 Balance
2020	2025	P2,462,474	P	-	P	-	P2,462,474

		P9,281,871	P	-	P	-	P9,281,871

Pursuant to Section 4 COVID-19 Response and Recovery Interventions paragraph of Republic Act No. 11494 also known as "Bayanihan to Recover As One Act" and to RR No. 25-2020 of Bureau of Internal Revenue, the NOLCO incurred by the Company for taxable years 2020 and 2021 shall be carried over as a deduction from gross income for the next five consecutive taxable years immediately following the year of such loss.

Details of MCIT are as follows:

Year Incurred	Year of Expiry	Amount	Change in tax rate		Applied		Expired	Unapplied
2021	2024	P 445,471	P	-	P	-	P 445,471	-
2022	2025	330,047		-		-	-	330,047
2023	2026	455,957		-		-	-	455,957

		P1,662,265	P	-	P	-	P 445,471	P1,216,794

Deferred tax on NOLCO and MCIT was not recognized since Management believes that future taxable income will not be available against which the deferred tax asset can be utilized.

The Company's interest income from fixed-income securities, cash in banks, and cash equivalents are already subjected to final withholding tax and are therefore excluded from the computation of taxable income subject to RCIT and MCIT. Realized gains on redemption of investments in UITFs and mutual fund are exempted from tax and are therefore excluded from the computation of taxable income subject to RCIT.

20. CONTINGENCIES

The Company has no pending legal cases as at December 31, 2024 and 2023 that may have a material effect on the Company's financial position and results of operations.

21. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks: market risk, which includes interest rate and equity price risks; credit risk and liquidity risk. The Fund Manager exerts best efforts to anticipate events that would negatively affect the value of the Company's assets and takes appropriate actions to counter these risks. However, there is no guarantee that the strategies will work as intended. The policies for managing specific risks are summarized below.

Market risk

The Company's activities expose it primarily to the financial risks of changes in interest rates and movements in NAVPS of investments in mutual fund and NAVPU of UITF. The Company has insignificant exposure to foreign exchange risk since foreign currency denominated transactions are minimal. There has been no change in the manner in which the Company manages and measures the risk.

Interest rate risk

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest.

The primary source of the Company's interest rate risk relates to cash in banks, cash equivalents, corporate loans, and fixed-income securities. Interest rates of the financial assets are disclosed in Notes 6, 9, and 16.

The risk is managed by the Fund Manager by actively monitoring the prevailing interest rate environment. The duration of the portfolio is reduced during periods of rising rates and widening credit spreads to maximize interest income potential. Conversely, the same is increased during periods of falling rates and narrowing credit spreads.

A 50 basis points increase or decrease in the interest rates had been determined for sensitivity analysis based on the exposure to interest rates for financial assets at FVTPL and loan receivable at the end of each reporting period. The same is used for reporting interest rate risk internally to key management personnel and represents Management's assessment of the reasonable effect of the maximum possible movement in interest rates.

The following table details the increase or decrease in net income after tax if interest rates had been 50 basis points higher or lower and all other variables are held constant for the years ended 2024, 2023 and 2022:

Change in Interest rates	Increase (Decrease) in Net Profit/Equity		
	2024	2023	2022
+50 basis	(P127,931,217)	(P88,777,185)	(P50,768,632)
-50 basis	P118,226,059	P92,140,569	P51,875,885

In Management's opinion, the sensitivity analysis is unrepresentative of the inherent interest rate risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Equity price risk

The Company is exposed to equity price risks arising from investments in UITF.

The risk is managed by the Fund Manager by actively monitoring the movements in NAVPU of investments in UITF.

Based on the exposure to equity price risk at the end of each reporting period, if NAVPU of investments in MF and UITF had been 2% higher or lower, profit or loss would have increased or decreased by P3,283,477, P3,561,650, and P109,375 in 2024, 2023, and 2022, respectively.

Other than interest and equity price risks discussed above, there are no other market risks which significantly affect the Company's performance.

In Management's opinion, the sensitivity analysis is unrepresentative of the inherent interest rate risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Credit risk

Credit risk refers to the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of dealing only with creditworthy counterparties, as a means of mitigating the risk of financial loss from defaults and transacts only with entities that are rated with equivalent of investment grade of "High" down to "Low". This information is supplied by independent rating agencies, when available. If the information is not available, the Company uses other publicly available financial information and its own trading records to rate its major counter-parties. The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The carrying amounts of financial assets recorded in the financial statements represent the Company's maximum exposure to credit risk:

	Notes	2024	2023
Cash in banks	6	P 165,797,611	P 165,704,949
Cash equivalents	6	-	151,460,027
Financial assets at FVTPL	8	6,109,712,899	5,293,496,522
Accrued interest receivable	7	73,012,875	69,084,100
Financial assets at amortized cost	9	162,921,181	249,802,177
		P6,511,444,566	P5,929,547,775

ECL measurement

In 2024 and 2023, ECLs are a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

PFRS 9 outlines a 'three-stage' model for impairment based on changes in credit quality since initial recognition. The Company's current credit risk grading framework comprises the following categories:

Category	Description	Basis for recognizing ECL
Stage 1	The counterparty has a low risk of default and does not have any past-due amounts or that the financial instrument is not credit-impaired on initial recognition	12 months ECL
Stage 2	There has been a significant increase in credit risk since initial recognition but not yet deemed to be credit-impaired	Lifetime ECL - not credit-impaired
Stage 3	There is evidence indicating that the debtor is in severe financial difficulty and the Company has no realistic prospect of recovery or that the financial instrument is credit-impaired	Lifetime ECL - credit-impaired

Measuring ECL – Explanation of inputs, assumptions and estimation techniques

The ECL is determined by projecting the PD, LGD and Exposure at Default (EAD) for each future month and for each individual exposure or collective segment. These three components are multiplied together and adjusted for the likelihood of survival (i.e. the exposure has not prepaid or defaulted in an earlier month). This effectively calculates an ECL for each future month, which is then discounted back to the reporting date and summed. The discount rate used in the ECL calculation is the original effective interest rate or an approximation thereof.

The maturity profile is based on historical observed data and is assumed to be the same across all assets within a portfolio and credit grade band. This is supported by historical analysis.

Given that the Company currently has no history of default on their portfolio, a model which incorporates internal default experience is not feasible. For the 12M and Lifetime PD, the Company use external benchmarking of current internal credit ratings to S&P's using one-year transition matrices in S&P's Annual Global Corporate Default Study and Rating Transition reports. From the transition matrices, cumulative PDs are identified. The overall PD for a specific time horizon is calculated from the cumulative PD, by determining the marginal PD and taking the conditional PD given that it has not yet defaulted prior to the said time horizon. The resulting overall PDs are the values that will act as components in ECL calculation. The Lifetime PD is developed by analysis of the transition matrices over the maximum life of active loans, which is 12 years.

The table below summarizes the current internal credit rating equivalence system of the Company.

Summary rating	S&P rating	Internal credit rating
High	AAA	AAA
High	AA	AA- to AA+
High	A	A- to A+
High	BBB	BBB- to BBB+
Satisfactory	BB	BB- to B+
Acceptable	B	B- to B+
Low	CCC/C	CCC- to CCC+

The 12M and lifetime EADs are determined based on the contractual repayments owed by the borrower over the 12month or lifetime basis. This will also be adjusted for any expected overpayments made by the borrower. The Company does not have an undrawn component for any of its debt instruments.

For the 12M and lifetime LGDs, considering the availability of related information, the Company use the external estimates sourced from S&P's. The table below summarizes the LGD value for each category of financial assets at amortized cost.

Category	LGD value
Loans	27%

Forward-looking information incorporated in the ECL models

The assessment of significant increase in credit rating and the calculation of ECL both incorporate forward-looking information. The Company has performed historical analysis and identified the key economic variables impacting credit risk and ECL for each portfolio. The Company assessed that the key economic variables are unemployment rates for 2024 and 2023.

These economic variables and their associated impact on the PD, EAD and LGD vary by financial instrument. Expert judgment has also been applied in this process. Forecasts of these economic variables (the "base economic scenario") are based on the 2economic data from the International Monetary Fund (IMF) from year 2023 until 2028. The impact of these economic variables on the PD, EAD and LGD has been determined by performing statistical regression analysis to understand the impact changes in these variables have had historically on default rates and on the components of EAD and LGD.

In addition to the base economic scenario, the best value economically spanning from the historical years is taken (upside forecasts). A similar approach applies for the downside forecasts. The scenario weightings are determined by a combination of statistical analysis and expert credit judgement, taking account of the range of possible outcomes each chosen scenario is representative of. The per-scenario Forward Looking Adjustments were assigned probability weights of 70% for the base scenario and 15% for each of the upside and downside forecast in 2024 and 2023.

As with any economic forecasts, the projections and likelihoods of occurrence are subject to a high degree of inherent uncertainty and therefore the actual outcomes may be significantly different to those projected. The Company considers these forecasts to represent its best estimate of the possible outcomes and has analyzed the non-linearities and asymmetries within the Company's different portfolios to establish that the chosen scenarios are appropriately representative of the range of possible scenarios.

The following table details the credit quality of the Company's financial assets and other items, as well as the Company's maximum credit exposure to credit risk by credit risk rating grades as at December 31, 2024 and 2023:

	Notes	Internal Credit rating	Category	12m or lifetime ECL?	Gross carrying amount	Loss allowance	Net carrying amount

Liquidity risk

Liquidity risk arises when the Company encounters difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Company aims to maintain an appropriate level of liquidity which means having sufficient liquidity to be able to meet all obligations promptly under foreseeable adverse circumstances, while not having excessive liquidity.

The Company maintains at least ten percent of the fund in liquid/semi-liquid assets in the form of cash in banks, cash equivalents, investment in UITF and mutual fund, accrued interest receivable, and other collective schemes wholly invested in liquid/semi-liquid assets to assure necessary liquidity. This is also in compliance to Section 6.10 of the Implementing Rules and Regulations of the Investment Company Act series of 2018.

The Fund Manager manages liquidity risk by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities. The table had been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

	Less than One Month	One Month to One Year	Total
2024			
Accrued expenses and other payables	P26,193,534	P292,770	P 26,486,304
Payable to fund manager	6,810,282	-	6,810,282
	P33,003,816	P292,770	P 33,296,586
2023

Payable to fund manager	6,196,745	-	6,196,745
	P9,108,222	P451,976	P9,560,198

The difference between the carrying amount of accrued expenses disclosed in the statements of financial position and the amount disclosed in this note pertains to withholding and documentary stamp taxes that are not considered financial liabilities.

The following table details the Company's expected maturity for its financial assets. The table had been drawn up based on the contractual maturities of the financial assets including interest that will be earned on those assets, except when the Company anticipates that the cash flows will occur in a different period.

The Company expects to meet its obligations from operating cash flows and proceeds from maturing financial assets and sale of financial assets at FVTPL.

22. CAPITAL RISK MANAGEMENT

The Fund Manager manages the Company's capital to ensure that the Company will be able to continue as a going concern while maximizing returns to stakeholders through the optimization of the mix of high-quality debt securities from domestic issuers.

The Company is guided by its Investment Policies and Legal Limitations. All the proceeds from the sale of shares, including the original subscription payments at the time of incorporation constituting the paid in capital, is held by the pertinent custodian banks.

The capital structure of the Company consists of issued capital as disclosed in Note 13.

The Fund Manager manages the Company's capital and NAVPS, as disclosed in Notes 13, 14, and 15 to ensure that the Company's net asset value remains competitive and appealing to prospective investors.

The Company is also governed by the following fundamental investment policies:

- It does not issue senior securities;
- It does not intend to incur any debt or borrowing. In the event that borrowing is necessary, it can do so only if at the time of its incurrence or immediately thereafter there is asset coverage of at least 300% for all its borrowings;
- It does not participate in any underwriting or selling group in connection with the public distribution of securities, except for its own share capital;
- It generally maintains a diversified portfolio. Industry concentrations may vary at any time depending on the investment manager's view on the prospects;
- It does not invest more than twenty percent (20%) of its net assets in real estate properties and developments, subject to investment restrictions and/or limitations under applicable law, if any;
- It does not purchase or sell commodity futures contracts;
- The asset mix in each type of security is determined from time to time, as warranted by economic and investment conditions;

- h. Subscribers are required to settle their subscriptions in full upon submission of their application for subscriptions;
- i. It may use various techniques to hedge investment risks; and
- j. It does not change its investment objectives without the prior approval of a majority of its shareholders and prior notice to the SEC.

The Investment Policies refer to the following:

- a. Investment Objective - to provide regular interest income and principal preservation through investments in government and high quality corporate debt securities.
- b. Benchmark - the fund's performance is measured against 98% Bloomberg Sovereign Bond Index 1-5 Year, net of tax (adjusted by Sun Life) + 2% Philippine Peso TD Rate 1 Month to 3 Months, net of tax.
- c. Asset Allocation Range - the Company allocates its funds available for investments among cash and other deposit substitutes and fixed-income securities on certain proportion as approved by Management.

Other matters covered in the investment policy include the fees due to be paid to the Fund Manager with management and distribution fees at an annual rate of 1.15% of the net assets attributable to shareholders on each valuation day.

In compliance with SEC Memorandum Circular No. 21, Series of 2019 signed on September 24, 2019 in relation to independent Net Asset Value (NAV) calculation, SLAMCI (Fund Manager) engaged Citibank, N.A. Philippines to service its fund accounting functions including calculation of its NAV every dealing day. In December 2020, SLAMCI implemented the outsourced fund accounting to all Sun Life Prosperity Funds.

As at December 31, 2024 and 2023, the Company is in compliance with the above requirements and minimum equity requirement of the SEC of P50,000,000.

The equity ratio at the year-end is as follows:

	2024	2023
Equity	P6,506,582,207	P5,944,437,736
Total assets	6,540,562,171	5,954,766,878
Equity ratio	0.9948:1	0.9983:1

Management believes that the above ratios are within the acceptable range.

NOTES TO FINANCIAL STATEMENTS

1. FINANCIAL REPORTING FRAMEWORK AND BASIS OF PREPARATION AND PRESENTATION

Statement of Compliance

These unaudited condensed consolidated interim financial statements of the Company as at and for the three-month period ended March 31, 2025 have been prepared in accordance with PAS 34, Interim Financial Reporting. These unaudited condensed consolidated interim financial statements do not include all the notes normally included in an annual audited financial report. Accordingly, these unaudited condensed consolidated interim financial statements are to be read in conjunction with the annual audited financial statements of the Company for the year ended December 31, 2024, which have been prepared in accordance with the Philippine Financial Reporting Standards (PFRS).

Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis, except for certain financial assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Functional and Presentation Currency

These financial statements are presented in Philippine Peso, the currency of the primary economic environment in which the Company operates. All amounts are recorded to the nearest peso, except when otherwise indicated.

2. ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS

Adoption of Amended Accounting Standards Effective in 2024

In the current year, the Company has applied all amendments to PFRS Accounting Standards that are mandatorily effective for accounting periods beginning on or after January 1, 2024. Their adoption had no material impact on the disclosures or the amounts reported in these financial statements.

New and Revised Accounting Standards Effective after the Reporting Period Ended December 31, 2024

At the date of authorization of these financial statements, the company has not applied the following PFRS Accounting Standards pronouncements that have been issued but are not yet effective:

Effective for annual period beginning or after January 1, 2025

- Amendments to PAS 21, *The Effects of Changes in Foreign Exchange Rates – Lack of Exchangeability*

Effective for annual period beginning or after January 1, 2026

- Amendments to PFRS 9, *Financial Instruments* and PFRS 7, *Financial Instruments: Disclosures - Classification and Measurement of Financial Instruments*
- Annual Improvements to PFRS Accounting Standards—Volume 11
- Amendments to PFRS 9, *Financial Instruments* and PFRS 7 *Financial Instruments: Disclosures - Contracts Referencing Nature-dependent Electricity*

Effective for annual period beginning or after January 1, 2027

- PFRS 18, *Presentation and Disclosure in Financial Statements*
- PFRS 19, *Subsidiaries without Public Accountability: Disclosures*
- PFRS 17, *Insurance Contracts*
- Amendments to PFRS 17, *Insurance Contracts*
- Amendment to PFRS 17, *Insurance Contracts - Initial Application and PFRS 9, Financial Instruments - Comparative Information*

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements* and PAS 28, *Investments in Associates and Joint Ventures—Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

Management anticipates that the adoption of the new or revised PFRS Accounting Standards in future periods will not have a material impact on the financial statements in the period of their initial adoption.

3. MATERIAL ACCOUNTING POLICIES

Financial assets

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

Classification and Subsequent Measurement

The Company classifies its financial assets in the following measurement categories:

- FVTPL;
- Fair value through other comprehensive income (FVTOCI); and
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fair value.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the group classifies its debt instruments:

- Amortized cost. Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- FVTPL. Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in period in which it arises. Interest income from these financial assets is included in finance income.

Amortized cost and effective interest method

For financial instruments, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

Equity instruments

Changes in the fair value of financial assets at FVTPL are recognized in net realized gains (losses) on investments in the statement of profit or loss as applicable. The Company subsequently measures all equity investments at FVTPL, except where the Company's Management has elected, at initial recognition, to irrevocably designate an equity instrument at FVTOCI. The Company's policy is to designate equity investments as FVTOCI when those investments are held for the purposes other than to generate investment returns.

Changes in the fair value of financial assets measured at FVTPL are recognized in the statements of profit or loss. These changes are reported as either net realized gains (losses) or unrealized gains (losses) on investments, as appropriate.

Impairment of financial assets

The Company recognizes a loss allowance for ECL on investments in debt instruments that are measured at amortized cost and financial assets at FVOCI .

The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument .

The Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Significant increase in credit risk

The Company monitors all financial assets that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk the Company will measure the loss allowance based on lifetime rather than 12-month ECL.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognized. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

Forward-looking information considered includes the future prospects of the industries in which the Company's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organizations, as well as consideration of various external sources of actual and forecast economic information that relate to the Company's core operations.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk for a particular financial instrument (e.g., a significant increase in the credit spread, the credit default swap prices for the debtor, or the length of time or the extent to which the fair value of a financial asset has been less than its amortized cost);
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Company presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Company has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

A financial instrument is determined to have low credit risk if:

- The financial instrument has a low risk of default;
- The debtor has a strong capacity to meet its contractual cash flow obligations in the near term ; and
- Adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations .

The Company considers a financial asset to have low credit risk when the asset has external credit rating of 'investment grade' in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of 'performing'. Performing means that the counterparty has a strong financial position and there is no past due amounts.

The Company regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Default

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that financial assets that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company, in full (without taking into account any collateral held by the Company).

Irrespective of the above analysis, the Company considers that default has occurred when a financial asset is more than 90 days past due unless the Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default (PD) which affects both the measurement of ECLs and the identification of a significant increase in credit risk.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence of credit-impairment includes observable data about the following events:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganization;
- the disappearance of an active market for a security because of financial difficulties; or
- the purchase of a financial asset at a deep discount that reflects the incurred credit losses.

It may not be possible to identify a single discrete event—instead, the combined effect of several events may have caused financial assets to become credit-impaired. The Company assesses whether debt instruments that are financial assets measured at amortized cost or FVTOCI are credit-impaired at each reporting date. To assess if debt instruments are credit impaired, the Company considers factors such as bond yields, credit ratings and the ability of the borrower to raise funding.

Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information.

As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate.

If the Company has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Company measures the loss allowance at an amount equal to 12-month ECL at the current reporting date, except for assets for which simplified approach was used.

The Company recognizes an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVTOCI, for which the loss allowance is recognized in other comprehensive income and accumulated in the investment revaluation reserve, and does not reduce the carrying amount of the financial asset in the statements of financial position.

Presentation of allowance for ECL in the statements of financial position

Loss allowances for ECL are presented in the statements of financial position as a deduction from the gross carrying amount of the assets.

Derecognition

The Company derecognizes a financial asset only when the contractual rights to the asset's cash flows expire or when the financial asset and substantially all the risks and rewards of ownership of the asset are transferred to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain/loss that had been recognized in OCI and accumulated in equity is recognized in profit or loss, with the exception of equity investment designated as measured at FVTOCI, where the cumulative gain/loss previously recognized in OCI is not subsequently reclassified to profit or loss, but is transferred to retained earnings.

Financial Liabilities and Equity Instruments

Financial liabilities

All financial liabilities are measured subsequently at amortized cost using the effective interest method or at FVTPL. Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities at FVTPL

Financial liabilities at FVTPL are measured at fair value, with any gains/losses arising on remeasurement recognized in profit or loss to the extent that they are not part of a designated hedging relationship. The net gain/loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in profit or loss.

However, for financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognized in OCI, unless the recognition of the effects of changes in the liability's credit risk in OCI would create or enlarge an accounting mismatch in profit or loss. The remaining amount of change in the fair value of liability is recognized in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognized in OCI are not subsequently reclassified to profit or loss; instead, they are transferred to retained earnings upon derecognition of the financial liability.

In making the determination of whether recognizing changes in the liability's credit risk in OCI will create or enlarge an accounting mismatch in profit or loss, the Company assesses whether it expects that the effects of changes in the liability's credit risk will be offset in profit or loss by a change in the fair value of another financial instrument measured at FVTPL. This determination is made at initial recognition.

Since the company does not have financial liabilities classified at FVTPL, all financial liabilities are subsequently measured at amortized cost.

Financial liabilities measured subsequently at amortized cost

Financial liabilities that are not (i) contingent consideration of an acquirer in a business combination, (ii) held-for-trading, or (iii) designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

The Company's financial liabilities classified under this category include accrued expenses and other payables and payable to fund manager.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Equity instruments

Share capital

Share capital consisting of ordinary shares is classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds, net of tax. Any excess of proceeds from issuance of shares over its par value is recognized as additional paid-in capital.

Retained earnings

Retained earnings represent accumulated profit attributable to equity holders of the Company after deducting dividends declared. Retained earnings may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

Repurchase, disposal and reissuance of share capital (treasury shares)

When share capital recognized as equity is repurchased, the amount of the consideration paid, which includes directly attributable cost, net of any tax effects, is recognized as a reduction from equity. Repurchased shares are classified as treasury shares and are presented in the reserve for own share account. When treasury shares are sold or reissued subsequently, the amount received is recognized as increase in equity, and the resulting surplus or deficit on the transaction is presented as additional paid-in capital.

Revenue Recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control of a product or service to a customer.

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Realized gains or losses

Gains or losses arising on the disposal of investments are determined as the difference between the sales proceeds and the carrying amount of the investments and is recognized in profit or loss.

Fair value gains or losses

Gains or losses arising from changes in fair values of investments are disclosed under the policy on financial assets.

Other income

Other income is income generated outside the normal course of business and is recognized when it is probable that the economic benefits will flow to the Company and it can be measured reliably.

Expense Recognition

Expenses are recognized in profit or loss when incurred.

Expenses in the statements of comprehensive income are presented using the function of expense method. Investment expenses are transaction costs incurred in the purchase and sale of investments. Operating expenses are costs attributable to administrative and other business expenses of the Company including management fees and custodianship fees.

Fair Value

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis.

In addition, for financial reporting purposes, fair value measurements are categorized into Levels 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Related Party Transactions

Parties are considered related if one party has control, joint control, or significant influence over the other party in making financial and operating decisions. An entity that is a post-employment benefit plan for the employees of the Company and the key management personnel of the Company are also considered to be related parties.

Taxation

Income tax expense represents the sum of the current tax, final tax and deferred tax expense.

Current tax

The current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statements of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's current tax expense is calculated using 25% regular corporate income tax (RCIT) rate or 2% minimum corporate income tax (MCIT), whichever is higher.

Final tax

Final tax expense represents final taxes withheld on interest income from cash in banks, cash equivalents, and fixed-income securities.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and these relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred taxes for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in OCI or directly in equity, in which case, the current and deferred taxes are also recognized in OCI or directly in equity, respectively.

Earnings (Loss) per Share

The Company computes its basic earnings (loss) per share by dividing profit or loss for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period.

For the purpose of calculating diluted earnings (loss) per share, profit or loss for the year attributable to ordinary equity holders of the Company and the weighted average number of shares outstanding are adjusted for the effects of deposits for future stock subscriptions which are dilutive potential ordinary shares.

Net Asset Value per Share (NAVPS)

The Company computes its NAVPS by dividing the total net asset value as at the end of the reporting period by the number of issued and outstanding shares and shares to be issued on deposits for future stock subscriptions.

Incorporation

The Company was incorporated on January 19, 2000 with 200,000,000 authorized shares at an initial par value of P1.00 per share.

Approved Changes

On December 4, 2000, the Board of Directors and the shareholders held a special meeting where all present unanimously voted to increase the Company's authorized share capital by 300,000,000 (from 200,000,000 shares to 500,000,000 shares both with par value of P1.00), which was approved by the SEC on March 30, 2001.

On May 21, 2001, approval was obtained from the shareholders for the blanket increase of the Company's authorized share capital for up to P2,500,000,000 divided into 2,500,000,000 shares with a par value of P1.00.

Also, on May 21, 2001, the Board of Directors voted to increase the Company's authorized share capital by 200,000,000 shares (from 500,000,000 shares to 700,000,000 shares both with par value of P1.00), which was approved by the SEC on July 27, 2001.

On October 10, 2001, the Board of Directors approved to increase the Company's authorized share capital by 200,000,000 shares (from 700,000,000 shares to 900,000,000 shares both with par value of P1.00), which was approved by the SEC on December 21, 2001.

On May 29, 2002, the Board of Directors voted to increase the Company's authorized share capital by 1,600,000,000 shares (from 900,000,000 shares to 2,500,000,000 shares both with par value of P1.00), which was approved by the SEC on July 05, 2002.

On January 07, 2004, the SEC approved the Company's request to increase its authorized share capital by 1,300,000,000 shares (from 2,500,000,000 shares to 3,800,000,000 shares both with par value of P1.00).

On February 17, 2006 and September 28, 2013, the Board of Directors and shareholders, respectively, approved the reduction of the par value per share from P1.00 to P0.01. The SEC approved the change in the par value on May 27, 2014. On October 24, 2014, the application to amend the Registration Statement to reflect the change in par value per share was filed with the SEC. Said application was approved by the SEC on April 20, 2015.

Current State

As at March 31, 2025, the Company has 1,857,846,064 issued and outstanding shares out of the 3,800,000,000 ACS with a par value of P0.01 per share.

The following table shows the number of institutional and retail investors and the percentage of their investments, and the geographic concentration of investments as of March 31, 2025.

Net Asset Value Calculation

The net asset value shall be calculated by adding:

- The aggregate market value of the portfolio securities and other assets;
- The cash on hand;
- Any dividends on stock trading ex-dividend; and
- Any accrued interest on portfolio securities,

And subtracting:

- Taxes and other charges against the fund not previously deducted;
- Liabilities
- Accrued expenses and fees; and
- Cash held for distribution to investors of the fund on a prior date.

Price Determination Of The Assets Of The Investment Company

The value of the assets of the Investment Company shall be determined based on the following:

- a. If quoted in an organized market, based on official closing price or last known transacted price;
- b. If unquoted or quoted investments where the transacted prices are not represented or not available to the market, based on fair value; Provided further that in determining the fair value of investments, the Fund Manager shall, with due care and good faith:
 - Have reference to the price that the Investment Company would reasonably expect to receive upon the sale of the investment at the time the fair value is determined;
 - Document the basis and approach for determining the fair value.

Below table shows the investment company return information of the Fund in the last five (5) recently completed fiscal years as at March 31, 2025:

As at March 31, 2025 and 2024, the Company has no dilutive potential ordinary shares.

16. FAIR VALUE OF FINANCIAL INSTRUMENTS

Assets and liabilities measured at fair value on a recurring basis

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which the inputs to fair value are observable.

	Note	Level 1
March 31, 2025		
Investments in fixed-income securities	5	P 5,864,465,918
Investment in UITF	5	183,134,813
		P 6,047,600,731
December 31, 2024		
Investments in fixed-income securities	5	P5,943,396,882
Investment in UITF	5	166,316,017
		P6,109,712,899

Investment in UITFs are valued at their published Net Assets Values Per Units (NAVPU) as at reporting date.

The fair values of fixed-income securities classified as Level 1 are based on quoted prices of either done deals or bid rates.

No transfers in fair value hierarchy were made as at March 31, 2025 and December 31, 2024.

Financial assets and liabilities not measured at fair value

The following financial assets and financial liabilities are not measured at fair values on recurring basis but the fair value disclosure is required:

	Notes	Carrying amount	Level 3
March 31, 2025			
Financial Assets			
Corporate loans	6	161,597,162	161,597,162
December 31, 2024			
Financial Assets			
Corporate loans	6	162,921,181	162,921,181

Cash in banks, accrued interest receivable, accrued expenses and other payables excluding withholding and documentary stamp taxes, and payable to fund manager have short-term maturities, hence, their carrying amounts are considered their fair values.

The fair value of corporate loans was determined based on the discounted cash flow analysis using the Company's estimated cost of borrowing of 6.07% for 2025 and 2024.

There were no transfers between Levels 1, 2 and 3 in 2025.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The Performance of the Company could be measured by the following indicators:

- Increase/Decrease in NAVPS.** NAVPS is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued and outstanding and for conversion to shares, if any, as of the end of the reporting day. Any increase or decrease in NAVPS translates to a prospective capital gain or capital loss, respectively, for the Fund's shareholders.
- Net Investment Income.** Represents total earnings of the Fund from its investment securities, less operating expenses and income tax. This gauges how efficiently the Fund has utilized its resources in a given time period.
- Assets Under Management (AUM).** These are the assets under the Fund's disposal. This measures investor confidence (increase/decrease brought about by in 1,416,934,987vestor subscriptions/redemptions) as well as the growth of the Fund (increase/decrease brought about by its operational income and market valuation of its assets and liabilities).
- Cash Flow.** This determines whether the Fund was able to achieve the optimal level of liquidity by being able to meet all its scheduled payments, while maintaining at the same time the maximum investments level and minimum cash level.

There were no known trends, demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in increasing or decreasing the Company's liquidity in any material way.

There was no contingent liability reflected in the accompanying interim unaudited financial statements.

The Company does not anticipate having any cash flow or liquidity problems as it complies with the liquidity requirements per ICA-IRR 6.10. The Company was able to meet all its monetary obligations to its shareholders (for redemption) and creditors for the period covered. It does not foresee any event that could trigger a direct or contingent financial obligation that is material to its operations.

There were no material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the Company with unconsolidated entities/other persons created during the reporting period. Likewise, there are no material commitments for capital expenditures, known trends, events, or uncertainties that have had or that are reasonably expected to have a material impact on net income/revenue from the continuing operations of the Company.

There are no other significant events and transactions from the last annual reporting period that is required for disclosure this quarter.

There were no significant elements of income or loss that did not arise from the Company's continuing operations.

There were no changes in estimates of amount reported in the current financial year or changes in estimates of amounts reported in prior financial years.

PART II – RISK MANAGEMENT

Item 1. Financial Risk Exposures of the Company

1. Financial Risk Management Objectives and Policies

The Company's activities expose it to a variety of financial risks: Interest rate risk; credit risk; and liquidity risk. The Fund Manager exerts best efforts to anticipate events that would negatively affect the value of the Company's assets and takes appropriate actions to counter these risks. However, there is no guarantee that the strategies will work as intended. The policies for managing specific risks are summarized below:

1.1 Market Risk: Interest Rate Risk is a type of Market Risk which is applicable to the Fund's investments in bonds, if any. This refers to the increase/decrease of a bond price due to movement in market factors such as changes in interest rates. A change in interest rates is the period when interest rates rise or fall thus causing the decline or increase in the market price of the bonds held by the Fund, if any. This risk is minimized by closely monitoring the direction of interest rates and aligning it with the appropriate strategy of the Fund.

1.2 Credit Risk: Investments in bonds carry the risk that the issuer of the bonds might default on its interest and principal payments. In the event of default, the Fund's value will be adversely affected and may result in a write-off of the concerned asset held by the Fund. To mitigate the risk, each Issuer/Borrower/Counterparty passes through a stringent credit process to determine whether its credit quality complies with the prescribed standards of the Fund. Further, the credit quality of the Issuer/Borrower/Counterparty is reviewed periodically to ensure that excellent credit standing is maintained. Moreover, a 10% exposure limit to a single entity is likewise observed.

1.3 Liquidity Risk: The Fund is usually able to service redemptions of investors within seven (7) banking days after receipt of the notice of redemption by paying out redemptions from available cash or near cash assets in its portfolio. However, when redemptions exceed the Funds available cash or near cash assets in its portfolio, the Fund will have to sell its other security holdings; and during periods of extreme market volatility, the Fund may not be able to find a buyer for such assets. Consequently, the Fund may not be able to generate sufficient cash from its sale of assets to meet the redemptions within the normal seven (7) banking day period. To mitigate this, the Fund maintains adequate highly liquid assets in the form of cash, cash equivalents and near cash assets in its portfolio. As the Fund's portfolio is composed of liquid assets, liquidity risk is deemed low.

1.4 Regulatory Risk: The Fund's investments and operations are subject to various regulations affecting among others, accounting of assets and taxation. These regulations occasionally change, and may result in lower returns or even losses borne by the investors. For example, a higher tax imposed on the sale or purchase of underlying assets of the Fund may result in lower net asset value of the Fund. To mitigate this risk, SLAMCI adopts global best practices. Further, it maintains regular communications with the relevant government agencies to keep itself abreast of the issues giving them concern, and to have the opportunity to help them set standards for good governance. SLAMCI also takes an active participation in the Philippine Investment Funds Association, Inc. ("PIFA"), an association of mutual fund companies in the Philippines.

1.5 Non-guarantee Risk: Unlike deposits made with banks, an investment in the Fund is neither insured nor guaranteed by the Philippine Deposit Insurance Corporation ("PDIC"). Hence, investors carry the risk of losing the value of their investment, without any guaranty in the form of insurance. Moreover, as with any investment, it is important to note that past performance of the Fund does not guarantee its future success.

1.6 Dilution Risk: Being an open-end mutual fund, various investors may effectively subscribe to any amount of shares of the Fund. As such, investors face the risk of their investments being diluted as more investors subscribe to shares of the Fund. The influence that the investors can exert over the control and management of the Fund decreases proportionately.

1.7 Large Transaction Risk: If an investor in a Fund makes a large transaction, the Fund's cash flow may be affected. For example, if an investor redeems a large number of shares of a fund, that fund may be forced to sell securities at unfavorable prices to pay for the proceeds of redemption. This unexpected sale may have a negative impact on the net asset value of the Fund.

1.8 Fund Manager Risk: The performance of the Fund is also dependent on the Fund Manager's skills. Hence, the Fund may underperform in the market and/or in comparison with similar funds due to investment decisions made by the Fund Manager, and may also fail to meet the Fund's investment objectives. The Board of Directors of the Issuer, however, shall ensure that all investment policies and restrictions enumerated in this Prospectus are strictly followed.

2. Capital Risk Management

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximizing returns to stakeholders through the optimization of the mix of high-quality debt securities from domestic issuers.

The Company is guided by its Investment Policies and Legal Limitations. All the proceeds from the sale of shares, including the original subscription payments at the time of incorporation constituting the paid in capital, is held by the pertinent custodian banks.

The Company manages capital and NAVPS, to ensure that the Company's net asset value remains competitive and appealing to prospective investors.

The Company is also governed by the following fundamental investment policies:

- It does not issue senior securities;
- It does not intend to incur any debt or borrowing. In the event that borrowing is necessary, it can do so only if at the time of its incurrence or immediately thereafter there is asset coverage of at least 300% for all its borrowings;
- It does not participate in any underwriting or selling group in connection with the public distribution of securities, except for its own share capital;
- It generally maintains a diversified portfolio. Industry concentrations may vary at any time depending on the investment manager's view on the prospects;
- It does not invest more than twenty percent (20%) of its net assets in real estate properties and developments, subject to investment restrictions and/or limitations under applicable law, if any;
- It does not purchase or sell commodity futures contracts;
- The asset mix in each type of security is determined from time to time, as warranted by economic and investment conditions;
- Subscribers are required to settle their subscriptions in full upon submission of their application for subscriptions;
- It may use various techniques to hedge investment risks; and
- It does not change its investment objectives without the prior approval of a majority of its shareholders and prior notice to the SEC.

The Investment Policies refer to the following:

- Investment Objective - to provide regular interest income and principal preservation through investments in government and high quality corporate debt securities.
- Benchmark - the fund's performance is measured against 98% Bloomberg Sovereign Bond Index 1-5 Year, net of tax (adjusted by Sun Life) + 2% Philippine Peso TD Rate 1 Month to 3 Months, net of tax.

- Asset Allocation Range - the Company allocates its funds available for investments among cash and other deposit substitutes and fixed-income securities on certain proportion as approved by Management.

Other matters covered in the investment policy include the fees due to be paid to the Fund Manager with management and distribution fees at an annual rate of 1.00% of the net assets attributable to shareholders on each valuation day.

In compliance to SEC Memorandum Circular No. 21, Series of 2019 signed on September 24, 2019 in relation to independent Net Asset Value (NAV) calculation, SLAMCI (Fund Manager) engaged Citibank, N.A. Philippines to service its fund accounting functions including calculation of its NAV every dealing day. In December 2020, SLAMCI implemented the outsourced fund accounting to all Sun Life Prosperity Funds.

As of March 31, 2025 and December 31, 2024, the Company is consistently in compliance with the minimum paid-in capital requirement of the SEC of PHP 50,000,000.

3. The amount and description of the company's investment in foreign securities:

The Company does not have any investment in foreign securities.

4. The significant judgments made in classifying a particular financial instrument in the fair value hierarchy.

CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments in Applying Accounting Policies

The following are the critical judgments, apart from those involving estimations, that Management has made in the process of applying the Company's accounting policies that have the most significant effect on the amounts recognized in the financial statements.

Business model assessment

Classification and measurement of financial assets depend on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortized cost that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

The Company measures its financial assets at amortized cost if the financial asset qualifies for both SPPI and business model test. The Company's business model is to hold the asset and to collect its cashflows which are SPPI. All other financial assets that do not meet the SPPI and business model test are measured at FVTPL.

Significant increase of credit risk

ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL assets for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. PFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

The Company considers a financial instrument to have experienced a significant increase in credit risk when one or more of the qualitative and quantitative criteria have been met.

As at March 31, 2025 and December 31, 2024, the Company's financial instrument measured at amortized cost has not experienced a significant increase in its credit risk.

Models and assumptions used

The Company uses various models and assumptions in measuring the fair value of financial assets as well as in estimating ECL. Judgment is applied in identifying the most appropriate model for each type of asset, as well as for determining the assumptions used in these models, including assumptions that relate to key drivers of credit risk.

Puttable shares designated as equity instruments

The Company designated its redeemable share capital as equity instruments when the Company adopted the amendments in PAS 32, *Financial Instruments: Presentation*, and PAS 1, *Presentation of Financial Statements: Financial Instruments Puttable at Fair Value and Obligations Arising on Liquidation*, effective for annual reporting periods beginning on or after January 1, 2009. The Company's share capital met the specified criteria to be presented as equity.

A puttable financial instrument includes a contractual obligation for the issuer to repurchase or redeem that instrument for cash or another financial asset on exercise of the put. As an exception to the definition of a financial liability, an instrument that includes such an obligation is classified as an equity instrument if it has met all the following features:

- a. it entitles the holder to a pro rata share of the entity's net assets in the event of the entity's liquidation. The entity's net assets are those assets that remain after deducting all other claims on its assets;
- b. it is in the class of instruments that is subordinate to all other classes of instruments;
- c. all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- d. apart from the contractual obligation for the issuer to repurchase or redeem the instrument for cash or another financial asset, the instrument does not include any contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the entity, and it is not a contract that will or may be settled in the entity's own equity instruments; and
- e. the total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the entity over the life of the instrument (excluding any effects of the instrument).

As at March 31, 2025 and December 31, 2024, the recognized amount of share capital representing puttable shares in the statements of financial position amounted to P37,303,995.

Key Sources of Estimation Uncertainty

The following are the Company's key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Probability of default (PD)

PD constitutes a key input in measuring ECL. PD is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.

As at March 31, 2025 and December 31, 2024, the Company assessed a probability of default of 0.09% and 0.13%, respectively for all of its financial assets measured at amortized cost.

Loss Given Default (LGD)

LGD is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements.

The Company uses portfolio averages from external estimates sourced out from Standard and Poor's (S&P) as the LGD estimates.

Estimating loss allowance for ECL

The measurement of the expected credit loss allowance for financial assets measured at amortized cost and FVTOCI is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behavior.

A number of significant judgments are also required in applying the accounting requirements for measuring ECL, such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL; and
- Establishing the number and relative weightings of forward-looking scenarios and the associated ECL.

As at March 31, 2025 and December 31, 2024, the Company's estimated credit losses for financial instruments measured at amortized cost amounted to P1,482,838 and P212,819, respectively.

Deferred tax assets

The Company reviews the carrying amount at the end of each reporting period and reduces deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. However, there is no assurance that the Company will generate sufficient taxable profit that will allow all or part of its deferred tax assets to be utilized.

Based on Management's expectation of the Company's future taxable income, the Company did not recognize the deferred tax assets as at March 31, 2025 and December 31, 2024.

Determining the fair value of investments in debt securities as financial assets at FVTPL

The Company carries its investments in traded debt securities at fair value, which requires the use of accounting estimates and judgment. Since market interest rate is a significant component of fair value measurement, fair value would differ if the Company applied a different set of reference rates in the valuation methodology. Any change in the fair value of these financial assets would affect profit or loss and equity.

Compliance with Foreign Account Tax Compliance Act (FATCA)

In accordance with the requirements of the US Internal Revenue Service ("IRS") and the Intergovernmental Agreement ("IGA") between the Government of the United States of America and the Government of the Republic of the Philippines to Improve International Tax Compliance and to Implement FATCA which was signed last July 13, 2015, the Fund has registered with the Internal Revenue Service (IRS) and has obtained its own Global Intermediary Identification Number ("GIIN") as a sponsored entity. Sun Life Asset Management Company, Inc. ("SLAMCI") continues to assume responsibilities for the Fund's FATCA compliance as the Sponsoring Entity and has implemented FATCA onboarding processes and procedures as well as system enhancements to monitor its new and pre-existing account holders who are U.S. Persons and have U.S. Indicia.

The Company, together with its Sponsoring Entity, SLAMCI, is preparing to comply for FATCA reporting on the date which will be set by the Bureau of Internal Revenue as soon as the IGA has been ratified by the Senate.

HSBC Local Currency Bond Philippines Liquid Total Return: May 25, 2009 to April 30, 2016
 Bloomberg Sovereign Bond Index, net of tax (adjusted by Sun Life): May 1, 2016 to February 28, 2017
 Bloomberg Sovereign Bond Index 1 to 5 Year, net of tax (adjusted by Sun Life): March 1, 2017 to present

Market Review and Outlook

- Bond yields for most tenors fell up to 8 basis points (bps) though those of 7-15Y bonds rose up to 8 bps in March. This led to overall positive total returns for investors. Market participants remained cautious on adding duration given supply concerns, particularly on the longer tenors.
- The lower reserve requirements from the Bangko Sentral ng Pilipinas (BSP) for banks took effect last March 28. BSP Governor Remolona indicated that the current requirement of 5% is still quite high.
- BSP cut rates by 25 bps to 5.50% given better inflation outlook.
- March headline inflation slowed to 1.8% year-on-year, lower than consensus estimate of 2.1%. Lower food and energy prices contributed to the decrease.
- The Fund currently maintains a duration that is overweight to the benchmark given the view that the macro backdrop will allow the BSP to deliver 2 to 3 rate cuts this year – a scenario which is yet to be fully priced in by the local bond market.
- On a gross-of-fees basis, the Fund slightly underperformed the benchmark year-to-date due to security selection.

Market Review and Outlook

- Yields on short-term Philippine government bonds fell up to 70 basis points (bps) though those of longer-term bonds rose up to 30 bps in January, leading to overall positive total returns for investors.
- Contrary to expectations, the Bangko Sentral ng Pilipinas (BSP) maintained its key interest rate at 5.75% in its recent policy meeting. The BSP cited global trade uncertainties as a reason for its cautious stance. However, the central bank did announce a decrease in the reserve requirement ratio (RRR) to 5%, set to take effect on March 28. This marks the second RRR reduction in recent months.
- February headline inflation was lower at 2.1% year-on-year, lower than consensus estimate of 2.8% but within BSP's inflation target band of 2-4%. Lower prices of food mainly contributed to the decrease.
- The Fund currently maintains a duration that is overweight to the benchmark as we expect rate cuts to continue.
- On a gross-of-fees basis, the Fund ended at par with the benchmark year-to-date.

Market Review and Outlook

- Yields on short-term Philippine government bonds fell up to 70 basis points (bps) though those of longer-term bonds rose up to 30 bps in January, leading to overall positive total returns for investors.
- The move in the short-term was mainly driven by a more dovish stance from the Bangko Sentral ng Pilipinas (BSP), as 4Q GDP growth was only 5.2% (missing market estimate of 5.5%). BSP Governor Remolona indicated that policymakers are ready to support economic growth while keeping a close watch on inflation. The BSP still expects inflation to remain within the 2-4% target for 2025. Yields for long-term rose mainly due to similar moves in global bonds as policy changes in the new US administration may cause central banks to defer easing.
- January headline inflation was unchanged at 2.9% year-on-year, higher than consensus estimate but within BSP's inflation target band of 2-4%. Higher prices of food mainly contributed to the increase.
- The Fund currently maintains a duration that is overweight to the benchmark as we expect rate cuts to continue.
- On a gross-of-fees basis, the Fund underperformed the benchmark year-to-date due to overweight duration positioning.

MANAGEMENT REPORT

a. Management's Discussion and Analysis (MD&A) or Plan of Operation.

CORPORATE INFORMATION

Sun Life of Canada Prosperity Bond Fund, Inc. (the "Company") was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on January 19, 2000 and started commercial operations on May 1, 2000. The Company is a registered open-end investment company under the Investment Company Act (Republic Act "R.A." No. 2629) and the Securities Regulation Code (R.A. No. 8799), formerly known as the Revised Securities Act (B.P. No. 178). It is engaged in the sale of redeemable shares and is designed to provide long-term interest income and principal preservation through investments in high-quality fixed-income securities issued by the Philippine government and prime Philippine companies aggregating below average risk. As an open-end investment company, its shares are redeemable anytime based on the Net Asset Value Per Share (NAVPS) at the time of redemption.

1. **Plan of Operation.** For the next twelve (12) months, management will continue its current plan of operation, with a focus on improving cost efficiency.

2. **Management's Discussion and Analysis.** The Performance of the Company could be measured by the following indicators:

2.1 **Increase/Decrease in NAVPS.** NAVPS is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued and outstanding and for conversion to shares, if any, as of the end of the reporting day. Any increase or decrease in NAVPS translates to a prospective capital gain or capital loss, respectively, for the Company's shareholders.

2.2 **Net Investment Income.** Represents the total earnings of the Company from its investment securities, less operating expenses and income tax. This gauges how efficiently the Company has utilized its resources in a given time period.

2.3 **Assets Under Management (AUM).** The assets under the Company's disposal. This measures the profitability of the Company (increase/decrease brought about by its operational income) as well as investor confidence (increase/decrease brought about by investor subscriptions/redemptions).

2.4 **Cash Flow.** Determines whether the Company was able to achieve the optimal level of liquidity by being able to meet all its scheduled payments, while at the same time maintaining the maximum level of investments and minimum level of cash.

Top 5 Key Performance Indicators

The performance of a fund is important to its investors. Oftentimes, it is used when making investment decisions. That is why Key Performance Indicators (KPI), a set of quantifiable measures, is necessary to gauge its performance in terms of meeting the Company's investment objective while consistently following its investment policy. The following are the top 5 KPIs related to the Company:

1. **Total Return.** The performance of a mutual fund is always expressed in terms of its total return, which is the sum of the change in a fund's net asset value (NAV), its dividends and its capital gains distributions over a given period of time, net of its expenses.
2. **Market Conditions.** A fund's true performance potential needs to be evaluated within the context of the market environment prevailing during the different periods used.

It is most relevant to investors to measure the performance of a fund within a 5-year time frame as it will most likely cover a mix of market conditions that may be translated into a more reliable long-term indicator of the fund manager's investment management abilities.

3. **Benchmarks.** Benchmarking is one of the most important aspects of a mutual fund's total return performance. A fund's performance metrics only have meaning if they are compared to appropriate "guideposts," or benchmarks.

As for the Company, considering that it is invested in high-quality debt instruments issued by the Republic of the Philippines and prime Philippine companies, its performance is measured against 98% Bloomberg Sovereign Bond Index 1-5 Year, net of tax (adjusted by Sun Life) + 2% Philippine Peso TD Rate 1 Month to 3 Months, net of tax.

The BPHIL 15 Index was identified as a replicable benchmark that appropriately reflects the investor risk profile of the Sun Life of Canada Prosperity Bond Fund.

The following table shows how the Company performed vis-a-vis the PSEi and the BPHIL 15 Index:

Total Return vs Benchmark		
	Benchmark: 98% Bloomberg Sovereign Bond Index 1-5 Year, net of tax (adjusted by Sun Life) + 2% Philippine Peso TD Rate 1 Month to 3 Months, net of tax	Sun Life Prosperity Bond Fund, Inc.
5-Year Return	18.95%	13.43%
3-Year Return	11.60%	9.57%
1-Year Return	5.65%	4.30%
YTD Return	1.79%	1.25%

*As of March 31, 2025

The benchmark may be changed by the Company's Board of Directors from time to time.

4. **Peer Comparisons.** Mutual funds are also compared to their peers, or peer groups, and relevant fund categories. For example, it is common for investment research materials to compare a bond fund, like the Company, to funds similar in nature (peers or peer group). While this information is made available to the Company's investors, the same may be found in the website of the PIFA - at www.pifa.com.ph.

Comparative Returns

	% of MF Industry	YTD	1-Year	3-Year	5-Year
ALFM Peso Bond Fund, Inc.	16.51%	0.99%	3.48%	8.83%	12.86%
Philam Bond Fund, Inc.	0.65%	0.70%	3.37%	3.78%	2.68%
Sun Life Prosperity Bond Fund, Inc.	3.06%	1.25%	4.30%	9.57%	13.43%
Sun Life Prosperity GS Fund, Inc.	0.07%	1.16%	3.81%	7.38%	8.55%

*As of March 31, 2025

5. **Asset Size.** Open-ended mutual funds grow their asset size in two ways:
- i. Increase in the value of the underlying assets as a result of the strong performance of equity securities and/or bonds in the fund's portfolio. When the underlying assets in a portfolio increase in value, the fund's asset size increases.
 - ii. The inflow of investors' money. This is why a fund's asset size will continue to grow even if it has a negative return.

The increase in a fund's asset size signifies solid fund management skills which, combined with favorable market conditions backed by a strong economic outlook, illustrates how effectively a fund manager has performed and the extent to which value has been added through active management.

The second indicates investor confidence in the fund manager, the Company, or both.

Most analysts check whether the performance of a mutual fund is attributable to personnel who have since left the fund. While there is no magic number when it comes to fund manager tenure, it should provide some investor comfort to know that with respect to the Company, the Fund Manager and the Company's top management have been with the Company for at least five (5) years. Furthermore, SLOCPI having been in the business for decades combined with a record of consistent strong performance indicates a stability and resilience capable of withstanding the different stages of the business cycle.

3. **Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.** There have been no changes in and/or any disagreement with accountants on any accounting and financial disclosures and/or on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure.

b. **Registrant's Common Equity and Related Stockholder Matters**

1. **Market Information.** Being an investment company that is not listed with the PSE and required to follow rules specific to mutual funds, shares are distributed through its principal distributor, SLAMCI.

The Company is not listed in the PSE. It is registered as an open-end investment company and follows rules specific to mutual funds. The NAVPS, or the price at which investors may purchase or sell shares of this Fund is available daily, on any business day.

The following table shows the ranges of high and low prices (NAVPS) of the Company's common shares for 2025, 2024, and 2023:

2. **Holders.** There are approximately 19,389 stockholders as of 31 March 2025.

c. **Dividends.** Each shareholder has a right to any dividends declared by the Board of Directors. Dividends must be declared out of surplus. Except for the condition prescribed for the declaration of stock dividends, there are no restrictions that limit the ability to pay dividends on common equity or that are likely to do so in the future. The Company has not declared cash dividends to date.

Each shareholder is entitled to vote on matters taken up in the annual shareholders' meeting. Shares held by a shareholder can be redeemed anytime at the shareholder's discretion. However, the shareholders do not enjoy pre-emptive rights.

There are no provisions in the charter or by-laws that would delay, defer or prevent a change in control of the registrant.

d. **Sale of Unregistered or Exempt Securities.** There has been no sale of unregistered or exempt securities nor has there been a recent issuance of securities constituting an exempt transaction.

e. **Top 20 Shareholders.** Please refer to Item 4 (d) (1).
