**STATEMENT OF MANAGEMENT'S RESPONSIBILITY  
FOR FINANCIAL STATEMENTS**

The Management of Sun Life of Canada Prosperity Philippine Equity Fund, Inc. (the "Company") is responsible for the preparation and fair presentation of the financial statements, including the schedules attached therein, as at December 31, 2025 and 2024, and for the years ended December 31, 2025, 2024 and 2023, in accordance with the prescribed financial reporting framework indicated therein and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein and submits the same to the Shareholders.

Navarro Amper & Co., the independent auditor appointed by the Shareholders for the years ended December 31, 2025 and 2024, has audited the financial statements of the Company in accordance with Philippine Standards on Auditing, and in its report to the Board of Directors and Shareholders has expressed its opinion on the fairness of presentation upon completion of such audit.

### Report on the Audit of the Financial Statements

#### *Opinion*

We have audited the financial statements of Sun Life of Canada Prosperity Philippine Equity Fund, Inc. (the Company), which comprise the statements of financial position as at December 31, 2025 and 2024, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years ended December 31, 2025, 2024 and 2023, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2025 and 2024, and its financial performance and its cash flows for the years ended December 31, 2025, 2024 and 2023, in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

#### *Basis for Opinion*

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), as applicable to audits of financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in the Philippines. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organization"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see [www.deloitte.com/about](http://www.deloitte.com/about) to learn more.

### *Other Information*

Management is responsible for the other information. The other information comprises the information included in the Securities and Exchange Commission (SEC) Form 17-A Annual Report submission to the SEC, which is prepared by the Management and submitted after the issuance of the audited financial statements with our auditor's report attached thereon.

The SEC Form 17-A is expected to be made available to us after the date of this auditor's report. Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the other information identified above which have not yet been received, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

### *Responsibilities of Management and Those Charged with Governance for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with PFRS Accounting Standards, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

## Report on Other Legal and Regulatory Requirements

### *Report on the Supplementary Information Required by the Bureau of Internal Revenue*

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information in Note 20 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such supplementary information is the responsibility of Management and has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## **SUN LIFE OF CANADA PROSPERITY PHILIPPINE EQUITY FUND, INC.**

(An Open-end Investment Company)

### **NOTES TO FINANCIAL STATEMENTS**

**AS AT DECEMBER 31, 2025 AND 2024 AND FOR THE YEARS ENDED DECEMBER 31, 2025, 2024 and 2023**

#### **1. CORPORATE INFORMATION**

Sun Life of Canada Prosperity Philippine Equity Fund, Inc. (the "Company") was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on January 17, 2000 and started commercial operations on May 1, 2000. The Company is a registered open-end investment company under the Investment Company Act (Republic Act "R.A." No. 2629) and the Securities Regulation Code (R.A. No. 8799), formerly known as the Revised Securities Act (B.P. No. 178). It is engaged in the sale of redeemable shares and is designed to generate long-term capital appreciation through investments in diversified high-quality equity securities across sectors and issue sizes to provide portfolio volatility. As an open-end investment company, its shares are redeemable anytime based on the Net Asset Value Per Share (NAVPS) at the time of redemption.

The Company appointed Sun Life Asset Management Company, Inc. (SLAMCI), an investment management company incorporated in the Philippines and a wholly-owned subsidiary of Sun Life of Canada (Philippines), Inc. (SLOCPI), as its fund manager, adviser, administrator, distributor and transfer agent and provides management, distribution and all required operational services, as disclosed in Note 10.

The Company's registered office address and principal place of business is at the Sun Life Centre, 5<sup>th</sup> Avenue corner Rizal Drive, Bonifacio Global City, 1634 Taguig City.

The Company is considered a public company under Rule 3.1 of the Implementing Rules and Regulations of the Revised Securities Regulation Code (SRC), which, among others, defines a public corporation as any corporation with assets of at least P50,000,000 and having 200 or more shareholders, each of whom holds at least 100 shares of its equity securities.

As at December 31, 2025 and 2024, the Company has 67,470 shareholders and 67,360 shareholders, respectively, each holding at least 100 shares of the Company's common shares.

#### **2. FINANCIAL REPORTING FRAMEWORK AND BASIS OF PREPARATION AND PRESENTATION**

##### **Statement of Compliance**

The financial statements of the Company have been prepared in accordance with the Philippine Financial Reporting Standards (PFRS) Accounting Standards. PFRS Accounting Standards includes all applicable PFRS, Philippine Accounting Standards (PAS) and interpretations of the Philippine Interpretations Committee (PIC), Standing Interpretations Committee (SIC) and International Financial Reporting Interpretations Committee (IFRIC) as approved by the Financial and Sustainability Reporting Standards Council (FSRSC) and the Board of Accountancy and adopted by the SEC.

##### **Basis of Preparation and Presentation**

The financial statements of the Company have been prepared on the historical cost basis, except for certain financial assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

### **Functional and Presentation Currency**

These financial statements are presented in Philippine peso, the currency of the primary economic environment in which the Company operates. All amounts are recorded to the nearest peso, except when otherwise indicated.

## **3. ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS**

### **Adoption of Amended Accounting Standards Effective in 2025**

In the current year, the Company has applied all amendments to PFRS Accounting Standards that are mandatorily effective for accounting periods beginning on or after January 1, 2025. Their adoption had no material impact on the disclosures or the amounts reported in these financial statements.

Amendments to PAS 21, *The Effects of Changes in Foreign Exchange Rates — Lack of Exchangeability*

The amendments clarify how an entity determines whether a currency is exchangeable in another currency and how it estimates the spot exchange rate when exchangeability is lacking. The amendments also introduce additional disclosure requirements relating to currencies that are not exchangeable.

The Company applied the amendments prospectively from January 1, 2025. The adoption of the amendments did not have a material impact on the Company's financial statements.

### **New and Revised Accounting Standards Effective after the Reporting Period Ended December 31, 2025**

At the date of authorization of these financial statements, the Company has not applied the following PFRS Accounting Standards pronouncements that have been issued but are not yet effective:

Effective for annual period beginning or after January 1, 2026

- Amendments to PFRS 9, *Financial Instruments* and PFRS 7, *Financial Instruments: Disclosures - Classification and Measurement of Financial Instruments*
- Annual Improvements to PFRS Accounting Standards—Volume 11
- Amendments to PFRS 9, *Financial Instruments* and PFRS 7 *Financial Instruments: Disclosures - Contracts Referencing Nature-dependent Electricity*

Effective for annual period beginning or after January 1, 2027

- PFRS 17, *Insurance Contracts*
- Amendments to PFRS 17, *Insurance Contracts*
- Amendment to PFRS 17, *Insurance Contracts - Initial Application* and PFRS 9, *Financial Instruments - Comparative Information*
- PFRS 18, *Presentation and Disclosure in Financial Statements*
- PFRS 19, *Subsidiaries without Public Accountability: Disclosures*
- Amendments to PAS 21, *The Effects of Changes in Foreign Exchange Rates - Translation to Hyperinflationary Presentation Currency*

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements* and PAS 28, *Investments in Associates and Joint Ventures—Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

Management anticipates that the adoption of the new or revised PFRS Accounting Standards in future periods will not have a material impact on the financial statements in the period of their initial adoption.

### *PFRS 18, Presentation and Disclosures in Financial Statements*

PFRS 18 replaces PAS 1, carrying forward many of the requirements in PAS 1 unchanged and complementing them with new requirements. In addition, some PAS 1 paragraphs have been moved to PAS 8 and PFRS 7. Furthermore, the FSRSC has made minor amendments to PAS 7 and PAS 33 Earnings per Share.

PFRS 18 introduces new requirements to:

- present specified categories and defined subtotals in the statement of profit or loss
- provide disclosures on management-defined performance measures (MPMs) in the notes to the financial statements
- improve aggregation and disaggregation.

An entity is required to apply PFRS 18 for annual reporting periods beginning on or after January 1, 2027, with earlier application permitted. The amendments to PAS 7 and PAS 33, as well as the revised PAS 8 and PFRS 7, become effective when an entity applies PFRS 18. PFRS 18 requires retrospective application with specific transition provisions.

The Company is currently assessing the impact of adopting these standards on its financial statements.

## **4. MATERIAL ACCOUNTING POLICIES**

### **Financial Assets**

#### **Initial recognition and measurement**

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss (FVTPL), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss.

#### **Classification and Subsequent Measurement**

The Company classifies its financial assets in the following measurement categories:

- FVTPL,
- Amortized cost

Classification of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flows of the financial assets.

A financial asset is to be measured at amortized cost if: a) the objective of the business model is to hold the financial asset for the collection of the contractual cash flows, and b) the contractual cash flows under the instrument represent solely payment of principal and interest (SPPI).

All other debt and equity instruments must be recognized at fairvalue.

All fair value movements on financial assets are taken through the statement of comprehensive income, except for equity investments that are not held for trading, which may be recorded in the statement of comprehensive income or in reserves (without subsequent recycling to profit or loss).

## Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the group classifies its debt instruments:

- Amortized cost. Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- FVTPL. Assets that do not meet the criteria for amortized cost are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in finance income.

### *Amortized cost and effective interest method*

The effective interest method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period.

For financial instruments, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses (ECL), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized using the effective interest method for debt instruments measured subsequently at amortized cost. For financial instruments other than POCI financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired.

## Equity instruments

The Company subsequently measures all equity investments at FVTPL, except where the Company's Management has elected, at initial recognition, to irrevocably designate an equity instrument at FVTOCI. The Company's policy is to designate equity investments as FVTOCI when those investments are held for purposes other than to generate investment returns. As at December 31, 2025 and 2024, the Company does not have financial assets classified as FVTOCI.

Changes in the fair value of financial assets measured at FVTPL are recognized in the statements of profit or loss. These changes are reported as either net realized gains (losses) or unrealized gains (losses) on investments, as appropriate.

### *Impairment of financial assets*

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before considering any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

#### Derecognition

The Company derecognizes a financial asset only when the contractual rights to the asset's cash flows expire or when the financial asset and substantially all the risks and rewards of ownership of the asset are transferred to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain/loss that had been recognized in OCI and accumulated in equity is recognized in profit or loss, with the exception of equity investment designated as measured at FVTOCI, where the cumulative gain/loss previously recognized in OCI is not subsequently reclassified to profit or loss, but is transferred to retained earnings.

### **Financial Liabilities and Equity Instruments**

#### Financial liabilities

All financial liabilities are measured subsequently at amortized cost using the effective interest method or at FVTPL. Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

#### *Financial liabilities measured subsequently at amortized cost*

Financial liabilities that are not (i) contingent consideration of an acquirer in a business combination, (ii) held-for-trading, or (iii) designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

The Company's financial liabilities classified under this category include accrued expenses and other payables, due to brokers and payable to fund manager.

#### *Derecognition of financial liabilities*

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

#### Equity instruments

Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

#### *Share capital*

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds, net of tax. Any excess of proceeds from issuance of shares over its par value is recognized as additional paid-in capital.

#### *Retained earnings*

Retained earnings may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

#### *Repurchase, disposal and reissuance of share capital (treasury shares)*

When share capital recognized as equity is repurchased, the amount of the consideration paid, which includes directly attributable cost, net of any tax effects, is recognized as a reduction from equity. Repurchased shares are classified as treasury shares and are presented in the reserve for own share account. When treasury shares are sold or reissued subsequently, the amount received is recognized as increase in equity, and the resulting surplus or deficit on the transaction is presented as additional paid-in capital.

### **Revenue Recognition**

Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control of a product or service to a customer.

#### Dividend income

Dividend income from investments is recognized when the shareholders' rights to receive payments have been established, usually at ex-dividend rate, provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

#### Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

#### Realized gains or losses

Gains or losses arising on the disposal of investments are determined as the difference between the sales proceeds and the carrying amount of the investments and is recognized in profit or loss.

### Other income

Other income is income generated outside the normal course of business and is recognized when it is probable that the economic benefits will flow to the Company, and it can be measured reliably.

### **Expense Recognition**

Expenses are recognized in profit or loss when incurred.

Expenses in the statements of comprehensive income are presented using the function of expense method. Investment expenses are transaction costs incurred in the purchase and sale of investments which include commission and clearing fees. Operating expenses are costs attributable to the administrative and other business expenses of the Company including management fees and custodianship fees.

### **Fair Value**

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis.

In addition, for financial reporting purposes, fair value measurements are categorized into Levels 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

### **Related Party Transactions**

Parties are considered related if one party has control, joint control, or significant influence over the other party in making financial and operating decisions.

An entity that is a post-employment benefit plan for the employees of the Company and the key management personnel of the Company are also considered to be related parties.

### **Taxation**

Income tax expense represents the sum of the current tax, final tax and deferred tax expense.

#### Current tax

The current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statements of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

The Company's current tax expense is calculated using 25% regular corporate income tax (RCIT) rate or 2% minimum corporate income tax (MCIT), whichever is higher.

In 2023, the Company's current tax expense is calculated using 25% RCIT rate or 1% MCIT rate in July 1, 2020 to June 30, 2023 and 25% RCIT rate or 2% MCIT rate, whichever is higher, effective July 1, 2023.

### Final tax

Final tax expense represents final taxes withheld on interest income from cash and cash equivalents and final taxes withheld on proceeds from sale of listed equity securities.

### Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and these relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

### Current and deferred taxes for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in OCI or directly in equity, in which case, the current and deferred taxes are also recognized in OCI or directly in equity, respectively.

### **Earnings (Loss) per Share**

The Company computes its basic earnings (loss) per share by dividing profit or loss for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period.

For the purpose of calculating diluted earnings (loss) per share, profit or loss for the year attributable to ordinary equity holders of the Company and the weighted average number of shares outstanding are adjusted for the effects of deposits for future share subscriptions which are dilutive potential ordinary shares.

### **Net Asset Value per Share (NAVPS)**

The Company computes its NAVPS by dividing the total net asset value as at the end of the reporting period by the number of issued and outstanding shares and shares to be issued on deposits for future stock subscriptions.

## **5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY**

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

## **Critical Judgments in Applying Accounting Policies**

The following are the critical judgments, apart from those involving estimations, that Management has made in the process of applying the Company's accounting policies that have the most significant effect on the amounts recognized in the financial statements.

### Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective.

The Company measures its financial assets at amortized cost if the financial asset qualifies for both SPPI and business model test. The Company's business model is to hold the asset and to collect its cash flows which are SPPI. All other financial assets that do not meet the SPPI and business model test are measured at FVTPL.

As at December 31, 2025 and 2024, the Company's financial assets measured at FVTPL amounted to P4,304,471,120 and P5,630,223,754, respectively as disclosed in Note 7, and financial assets measured at amortized cost amounted to P77,379,236 and P70,752,084, respectively, composed of cash in banks, due from brokers and dividends receivable as disclosed in Notes 6, 7 and 9, respectively.

### Puttable shares designated as equity instruments

The Company's share capital met the specified criteria to be presented as equity. The Company designated its redeemable share capital as equity instruments since the Company's share capital met the criteria specified in PAS 32, Financial Instruments: Presentation, to be presented as equity.

A puttable financial instrument includes a contractual obligation for the issuer to repurchase or redeem that instrument for cash or another financial asset on exercise of the put. As an exception to the definition of a financial liability, an instrument that includes such an obligation is classified as an equity instrument if it has met all the following features:

- a. it entitles the holder to a pro rata share of the entity's net assets in the event of the entity's liquidation. The entity's net assets are those assets that remain after deducting all other claims on its assets;
- b. it is in the class of instruments that is subordinate to all other classes of instruments;
- c. all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- d. the total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the entity over the life of the instrument (excluding any effects of the instrument).

As at December 31, 2025 and 2024, the recognized amount of share capital representing puttable shares in the statements of financial position amounted to P42,351,121, as disclosed in Note 11.

## **Key Sources of Estimation Uncertainty**

The following are the Company's key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

### Deferred tax asset

The Company reviews the carrying amount at the end of each reporting period and reduces deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. However, there is no assurance that the Company will generate sufficient taxable profit that will allow all or part of its deferred tax asset to be utilized.

Based on Management's expectation of the Company's future taxable income, the Company did not recognize deferred tax asset as at December 31, 2025 and 2024, as disclosed in Note 17.

## **6. CASH IN BANKS**

As at December 31, 2025 and 2024, cash in banks amounted to P77,379,236 and P66,634,573, respectively.

Total interest earned from cash in banks amounting to P147,217, P161,503 and P167,495 at average rates of 0.20%, 0.20% and 0.11% in 2025, 2024 and 2023, respectively, as disclosed in Note 14.

## **7. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS**

This account consists of:

	<b>2025</b>	2024
Investments in listed equity securities	<b>P 4,304,471,120</b>	P 5,630,223,754

Investments in listed equity shares are composed of ordinary shares.

The Company recognized dividend income from investments in listed equity securities amounting to P161,798,887, P170,922,239 and P159,457,103 in 2025, 2024 and 2023, respectively. Dividends receivable amounted to nil and P1,616,237 as at December 31, 2025 and 2024, respectively, as presented in the statement of financial position.

Net gains (losses) on investments recognized in profit or loss arising from financial assets are as follows:

	<b>2025</b>	2024	2023
Net realized losses on investments in:			
Listed equity securities	<b>(P100,235,619)</b>	(P2,658,583)	(P17,257,900)

Details of the Company's related party transactions are as follows:

### a. Investment Management

The Company appointed SLAMCI as its fund manager, adviser, administrator, distributor and transfer agent that provides management, distribution and all required operational services. Under the Management and Distribution Agreement (MDA), SLAMCI receives aggregate fees for these services at an annual rate of 2% (exclusive of VAT) of the net assets attributable to shareholders on each valuation day. Moreover, under the Transfer Agency Agreement, SLAMCI receives aggregate fees for these services at an annual rate of 0.15% (exclusive of VAT) of the net assets attributable to shareholders on each valuation day.

On January 22, 2024, the Board of Directors of the Company and SLAMCI jointly approved to continue its MDA and Transfer Agency Agreements based on the Implementing Rules and Regulations of the Investment Company Act of 2018 published by the SEC. The agreements shall remain to continue in effect from year to year as approved by the respective Board of Directors of the Company and SLAMCI.

### b. Remuneration of Directors

Remuneration of directors is usually paid based on the meetings held and attended. There were no accrued Directors' fees as at December 31, 2025 and 2024.

Except for the Board of Directors, the Company has no key management personnel and employees. Pursuant to the Company's MDA with SLAMCI, the latter provides all the staff of the Company, including executive officers and other trained personnel.

### *Incorporation*

The Company was incorporated on January 17, 2000 with 200,000,000 authorized shares at an initial par value of P1.00 per share.

### *Approved changes*

On May 13, 2005 and February 17, 2006, the Board of Directors and shareholders, respectively, approved the reduction in the par value per share from P1.00 to P0.01.

On May 19, 2006, the shareholders approved the blanket increase of the Company's authorized share capital up to 100,000,000,000 shares with a par value of P0.01 per share.

On April 24, 2007, the Board of Directors approved the first tranche of share capital increase by 1,000,000,000 (from 200,000,000 shares to 1,200,000,000 shares both with par value of P0.01). The SEC approved the increase including the Company's request to reduce the par value of its shares from P1.00 to P0.01 on October 14, 2008 and the registration statements on November 24, 2008.

On December 18, 2009, the Board of Directors approved the second tranche of share capital increase by 1,800,000,000 shares (from 1,200,000,000 shares to 3,000,000,000 shares both with par value of P0.01). The SEC approved the increase on May 10, 2013 and the registration statements on February 28, 2014.

On March 22, 2013, the Board of Directors approved the third tranche of the share capital increase by 1,500,000,000 (from 3,000,000,000 shares to 4,500,000,000 shares both with par value of P0.01). The SEC approved the increase on January 17, 2014 and the registration statements on June 16, 2014.

### *Current state*

As at December 31, 2025, the Company has 1,357,833,956 issued and outstanding shares out of 4,500,000,000 authorized shares with a par value of P0.01 per share.

The annual summary of the transactions of the Company's outstanding shares is as follows:

2025	P3.2095	-	68,679,063	(334,643,042)	1,357,833,956

The total number of shareholders as at December 31, 2025, 2024 and 2023 are 67,470, 67,360 and 66,920, respectively.

### *Redeemable Shares*

Redeemable shares carry one vote each, and are subject to the following:

a. Distribution of dividends

Each shareholder has a right to any dividends declared by the Company's Board of Directors and approved by 2/3 of its outstanding shareholders.

b. Denial of pre-emptive rights

No shareholder shall, because of his ownership of the shares, have a pre-emptive or other right to purchase, subscribe for, or take any part of shares or of any other securities convertible into or carrying options or warrants to purchase shares of the registrant.

c. Right of redemption

The holder of any share, upon its presentation to the Company or to any of its duly authorized representatives, is entitled to receive, by way of redemption, approximately his proportionate share of the Company's current net assets or the cash equivalent thereof. Shares are redeemable at any time at their net assets value less any applicable sales charges and taxes.

## 12. ADDITIONAL PAID-IN CAPITAL

Additional paid-in capital of P11,302,873,559, P11,354,538,161 and P11,461,954,969 as at December 31, 2025, 2024, and 2023, respectively, pertains to excess payments over par value from investors and from reissuance of treasury shares.

## 13. NET ASSET VALUE PER SHARE (NAVPS)

NAVPS is computed as follows:

	Note	2025	2024
Total equity		<b>P4,357,945,879</b>	P 5,675,203,314
Outstanding shares	11	<b>1,357,833,956</b>	1,623,797,935
NAVPS		<b>P 3.2095</b>	P 3.4950

NAVPS is based on issued, outstanding and fully paid shares minus treasury shares. The expected cash outflow on redemption of these shares is equivalent to computed NAVPS as at reporting period.

## 14. INTEREST INCOME

This account consists of interest income on the following:

	Note	2025	2024	2023
Cash in banks	6	<b>P 147,217</b>	P 161,503	P 167,495
Cash equivalents		-	1,038,322	8,562,530
		<b>P 147,217</b>	P1,199,825	P 8,730,025

The company records interest income at its gross amount, with any applicable final withholding taxes recognized as income tax expense.

Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. The Company classifies an investment as cash equivalent if that investment has a maturity of three months or less from the date of acquisition.

Average interest rates of cash in banks and cash equivalents in 2025, 2024 and 2023 are as follows:

	2025	2024	2023
Cash in banks	<b>0.20%</b>	0.20%	0.11%
Cash equivalents	-	1.65%	7.57%

## 15. EARNINGS (LOSS) PER SHARE

The calculation of the basic and diluted earnings (loss) per share is based on the following data:

	2025	2024	2023
Total comprehensive income (loss) for the year	<b>(P 433,595,575)</b>	P 314,654,911	P (15,227,168)
Weighted average number of shares:			
Issued and outstanding	<b>1,527,587,767</b>	1,767,813,041	2,056,514,677
Basic earnings (loss) per share	<b>(P 0.284)</b>	P 0.178	(P 0.007)

As at December 31, 2025, 2024 and 2023, the Company has no dilutive potential ordinary shares.

## 16. FAIR VALUE OF FINANCIAL INSTRUMENTS

*Assets and liabilities measured at fair value on a recurring basis*

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value classified under level 1 based on the degree to which the inputs to fair value are observable.

	Note	Level 1
<b>December 31, 2025</b>		
<b>Financial Asset</b>		
Investments in listed equity securities	7	<b>P4,304,471,120</b>
December 31, 2024		
Financial Asset		
Investments in listed equity securities	7	P5,630,223,754

Listed equity securities are valued at quoted prices as at reporting date.

There are no transfers from Level 1 to Level 2 as at December 31, 2025 and 2024.

*Financial assets and liabilities not measured at fair value*

Cash in banks, due from brokers, dividends receivable, due to brokers, accrued expenses and other payables excluding withholding and documentary stamp taxes, and payable to fund manager have short-term maturities, hence, their carrying amounts are considered their fair values.

## 17. INCOME TAXES

Details of income tax expense are as follows:

Unrecognized MCIT	<b>55</b>	17	1
	<b>P 9,458,273</b>	P 17,116,887	P28,013,583

On March 26, 2022, the Republic Act (RA) 11534 also known as "Corporate Recovery and Tax Incentives for Enterprises Act" or "CREATE" Act was passed into law which reduced the corporate income tax rates and rationalized the current fiscal incentives by making it time-bound, targeted and performance-based.

Among others, the Act includes the following significant revisions:

1. Effective July 1, 2020, domestic corporations with total assets not exceeding P100 million and net taxable income of P5 million and below shall be subject to 20% income tax rate while the other domestic corporations and resident foreign corporations will be subject to 25% tax income tax rate;
2. MCIT rate is reduced to from 2% to 1% from July 1, 2020 to June 30, 2023.

The tax rate used in the reconciliations above is the corporate tax rate of 25% in 2025, 2024 and 2023 payable by the Company.

Details of the Company's NOLCO from previous years are as follows:

Year of Incurrence	Year of Expiry	Beginning Balance	Addition	Expired	2025 Balance
2022	2025	P 206,422,709	P -	P206,422,709	<b>P -</b>
2023	2026	187,239,858	-	-	<b>187,239,858</b>
2024	2027	166,053,330	-	-	<b>166,053,330</b>

Details of the Company's NOLCO covered by Revenue Regulation (RR) No. 25-2020 is as follows:

Year of Incurrence	Year of Expiry	Beginning Balance	Addition	Expired	2025 Balance
2020	2025	P192,437,988	P -	P 192,437,988	<b>P -</b>
2021	2026	214,465,478	-	-	<b>214,465,478</b>
		<b>P406,903,466</b>	<b>P -</b>	<b>P 192,437,988</b>	<b>P214,465,478</b>

Pursuant to Section 4 COVID-19 Response and recovery Interventions paragraph (bbbb) of Republic Act No. 11494 also known as "Bayanihan to Recover As One Act" and to RR No. 25-2020 of Bureau of Internal Revenue, the NOLCO incurred by the Company for taxable years 2021 and 2022 shall be carried over as a deduction from gross income for the next five consecutive taxable years immediately following the year of such loss.

Details of MCIT are as follows:

Year Incurred	Year of Expiry	Amount	Applied Previous Year	Applied Current Year	Expired	Unapplied
2022	2025	P1,728	P -	P -	P1,728	P -
2023	2026	1	-	-	-	1
2024	2027	17	-	-	-	17
2025	2028	55	-	-	-	55
		P1,801	P -	P -	P1,728	P73

Deferred tax asset on NOLCO and MCIT was not recognized since Management believes that future taxable income will not be available against which the deferred tax can be utilized.

The Company's interest income arising from cash and cash equivalents and realized gains on sale of listed equity securities are already subjected to final tax and are therefore excluded from the computation of taxable income subject to RCIT or MCIT.

## 18. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks: market risk, which includes interest rate and equity price risks, credit risk and liquidity risk. The Fund Manager exerts best efforts to anticipate events that would negatively affect the value of the Company's assets and takes appropriate actions to counter these risks. However, there is no guarantee that the strategies will work as intended. The policies for managing specific risks are summarized below.

### Market risk

The Company's activities expose it primarily to the financial risks of changes in interest rates, prices of equity securities in the stock market and movements in the NAVPU of investments in mutual funds. There has been no change on the manner in which the Company manages and measures the risk.

### *Interest rate risk*

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest.

The primary source of the Company's interest rate risk relates to cash and cash equivalents. Interest rates of these financial assets are disclosed in Notes 6 and 14.

The risk is managed by the Fund Manager by actively monitoring the prevailing interest rate environment. The duration of the portfolio is reduced during periods of rising rates and widening credit spreads to maximize interest income potential. Conversely, the same is increased during periods of falling rates and narrowing credit spreads.

A 50 basis points increase or decrease in the interest rates had been determined for sensitivity analysis based on the exposure to interest rates for financial assets at FVTPL and loans and receivables at the end of each reporting period. The same is used for reporting interest rate risk internally to key management personnel and represents Management's assessment of the reasonable effect of the maximum possible movement in interest rates.

The following table details the increase or decrease in net profit if interest rate had been 50 basis points higher or lower and all other variables are held constant, the Company's profit or loss for the years ended 2025, 2024 and 2023 would have increased or decreased by:

Change in Interest rates	Increase (Decrease) in Net Profit (Loss)		
	2025	2024	2023
+50 basis	<b>P306,050</b>	P850,058	P652,818
-50 basis	<b>(306,050)</b>	(850,058)	(652,818)

In Management's opinion, the sensitivity analysis is unrepresentative of the inherent interest rate risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

#### *Equity price risk*

The Company is exposed to equity price risks arising from investments in listed equity securities and investments in mutual funds. Investments in listed equity securities could either be held for strategic or trading purposes.

The risk is managed by the Fund Manager by actively monitoring the domestic equity market and movements in NAVPS of investments in mutual funds. Portfolios are traded based on a combination of regularly-carried out fundamental and technical analyses of stock prices.

Based on the exposure to equity price risks at the end of each reporting period, if equity prices and NAVPU of investments in mutual funds had been 2% higher or lower, profit or loss for the years ended December 31, 2025, 2024 and 2023 would have increased or decreased by P85,125,221, P109,892,959 and P124,484,384, respectively.

Other than interest and equity price risks discussed above, there are no other market risks which significantly affect the Company's performance.

In Management's opinion, the sensitivity analysis is unrepresentative of the inherent equity price risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

#### Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of dealing only with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults and transacts only with entities that are rated with the equivalent of investment grade of "High" down to "Low". This information is supplied by independent rating agencies, when available. If the information is not available, the Company uses other publicly available financial information and its own trading records to rate its major counterparties.

The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread among approved counterparties.

The table below summarizes the current internal credit rating equivalence system of the Company.

<b>Summary rating</b>	<b>S&amp;P rating</b>	<b>Internal credit rating</b>
High	AAA	AAA
High	AA	AA- to AA+
High	A	A- to A+
High	BBB	BBB- to BBB+
Satisfactory	BB	BB- to BB+
Acceptable	B	B- to B+
Low	CCC/C	CCC- to CCC+

The carrying amount of cash in banks and due from related party recorded in the financial statements represents the Company's maximum exposure to credit risk. The Company determined that the credit quality of cash in bank and due from related party as high grade and low credit risk investments based on the financial institutions being licensed, regulated banks with strong market reputations, and the related party's solid financial position and historical payment performance. Therefore, no ECL is recognized for these financial assets.

#### Liquidity risk

Liquidity risk arises when the Company encounters difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Company aims to maintain an appropriate level of liquidity which means having sufficient liquidity to be able to meet all obligations promptly under foreseeable adverse circumstances, while not having excessive liquidity.

The Company maintains at least ten percent of the fund in liquid/semi-liquid assets in the form of cash and cash equivalents, special savings deposits, listed equity securities, accrual of interest receivable and dividend receivable to assure necessary liquidity. This is also in compliance to Section 6.10 of the Implementing Rules and Regulations of the Investment Company Act series of 2018.

The Fund Manager manages liquidity risk by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities. The table had been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

	Note	Less than One Month	One Month to One Year	Total
