What does the Fund invest in?

The **Sun Life Prosperity Money Market Fund** aims to generate income in Philippine Pesos consistent with prudent management of the Fund's Assets.

The Fund is suitable for investors with a **conservative risk profile** and a short-term investment horizon. This is for investors who are looking for alternative investment options which could offer better returns than a bank savings account. These investors may also have an immediate need for their funds (less than one year) and they are looking for relatively safe and stable investments where they can park their money and still earn modest returns.

How has the Fund performed?

*The Philippines 30-day Special Savings Rate General Average (PSAVAVE Index) was last updated in Bloomberg on 27 December 2019. The source of the PSAVAVE Index is the Bangko Sentral ng Pilipinas (BSP). The BSP required universal and commercial banks to submit the amended reporting templates on Interest Rates on Loans and Deposits (IRLD) effective 1 January 2020 in accordance with Circular Nos. 1029 and 1037, series of 2019. Due to COVID-19, per BSP Memorandum No. M-2020-049 dated 9 June 2020, amending BSP Memorandum M-2020-011 dated 19 March 2020, banks' submission of IRLD weekly reports that fall due within the months March-June 2020 is suspended until further notice.

Market Review

- Front-end and money market rates continued to fall, with 3M T-bill rates dropping 15-20 basis points month-on-month.
- The BSP cut policy rates by 25 basis points in a surprise move, causing time deposit rates to realign to lower levels.
- Demand for the front end of the curve continued to be very strong over the month as T-bill auctions continue to be oversubscribed.
- The Prosperity Money Market Fund continues to accrue with a return of 2.33% for the year.
